Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 2054

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. Project/Program Description

The Shenandoah community is located in the western portion of the Town, a low-lying area that consistently experiences recurring flooding. The Town's Shenandoah Drainage Study conducted in 2019 evaluated various alternatives to alleviate the issues in this vast neighborhood. The proposed project will fund the construction of a pump station to reduce future flooding in the community. The project will improve drainage capacity, enhance water treatment, reduce water levels pre- and post-storm, and alleviate flooding issues that prohibit residents from entering and leaving the community during a heavy rainstorm.

5. **State Agency to receive requested funds**
- State Agency contacted?**

6. Amount of the Nonrecurring Request for Fiscal Year 2024-2025

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	200,000
Total State Funds Requested	200,000

7. Total Project Cost for Fiscal Year 2024-2025 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	200,000	50%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	200,000	50%
Other	0	0%
Total Project Costs for Fiscal Year 2024-2025	400,000	100%

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**
- a. **If yes, indicate nonrecurring amount per year.**
- b. **Describe the source of funding that can be used in lieu of state funding.**
-

10. **Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?**

Fiscal Year 2024-2025

LFIR # 2054

If yes, indicate the amount of funds received and what the funds were used for.

The Town received approximately \$2,076,400. The money was used for a combination of expenses such as mortgage foreclosure and rental eviction programs, Emergency Order compliance enforcement, PPE Expenses, Cleaning/Disinfection, Public Information, Public Safety Payroll, Facilitate Compliance, Residential Assistance, Small Business Assistance, and Community Programming. The Town also received \$17 million in American Rescue Plan Act funds.

Complete questions 11 and 12 for Fixed Capital Outlay Projects

11. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)?

Yes

c. What is the estimated start date of construction?

7/1/2024

d. What is the estimated completion date of construction?

8/1/2025

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The Town of Davie

13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	The Shenandoah and Vista Filare neighborhoods experienced significant flooding during heavy rain events. The Town of Davie and CBWCD jointly completed a drainage study of these neighborhoods. Based on the study, it was determined that constructing a stormwater master pump at the existing outfall discharging to the north into the new river canal will provide the most benefit to reduce the risk of flooding. The funding will be used to assist in constructing the pump station.	200,000
Total State Funds Requested (must equal total from question #6)		200,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Construct a stormwater master pump at the existing outfall discharging to the north into the new river canal will provide the most benefit to reduce the risk of flooding.

b. What activities and services will be provided to meet the intended purpose of these funds?

The project will improve drainage capacity, enhance water treatment, reduce water levels pre- and post-storm, and alleviate flooding issues that prohibit residents from entering and leaving the community during a heavy rainstorm. This poses a public safety concern for those who require assistance.

c. What direct services will be provided to citizens by the appropriation project?

This project will help to improve the drainage infrastructure, provide for easy access to the communities, during and after a rain event, public safety access and service, and improving the quality of life for our residents.

d. Who is the target population served by this project? How many individuals are expected to be served?

107,000 residents

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

We anticipate the project will improve drainage capacity, enhance water treatment, reduce water levels pre- and post-storm, and alleviate flooding issues that prohibit residents from entering and leaving the community during a heavy rainstorm.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The Town would consider requiring liquidated damages if the improvements are not completed in a timely manner.

15. Requester Contact Information

a. First Name **Last Name**

b. Organization

c. E-mail Address

d. Phone Number **Ext.**
