14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 2575

Goal is to protect and save lives/property. Funds to be used for contractual architectural/engineering design, administration, project management and construction services to address hardening of City-owned Public Safety Building, which will serve as additional Emergency Operations Center for police, public works and the general services department and will address over flow needs for County 1st Responders in this financially disadvantage municipality located in a Rural Area of Opportunity.

b. What activities and services will be provided to meet the intended purpose of these funds?

Seek contractual architectural/engineering design, administration, project management and construction services through the City's procurement process.

c. What direct services will be provided to citizens by the appropriation project?

Direct services to citizens is a local Emergency Operations Center for police, public works and the general services department that will address over flow needs for County 1st Responders from which to provide efficient public safety services in order to protect life, health, safety and property of citizenry, residents, visitors and the business community; reduced insurance costs and less damage to property in this financially disadvantage municipality located in a Rural Area of Opportunity.

d. Who is the target population served by this project? How many individuals are expected to be served?

Target population is the community of Okeechobee, which is a Financial Disadvantaged Municipality (ch. 62-552, F.A.C.) located in a Rural Area of Critical Economic Concern/Rural Area of Opportunity (s. 288.0656, Florida Statutes); Greater than 5,000 to be served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Expected benefit is to protect general public from harm with substantially hardened public services facility that will serve as an additional Emergency Operations Center for police, public works and the general services department and will address over flow needs for County 1st Responders. Completion of the resiliency hardening improvements and certification of the project.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Contractual milestones established throughout project, implementation of corrective action plan, non-payment of invoices until milestones completed.
