All such candidates, or their representatives, shall be allowed to be present during the inspection or examination.

(2) A candidate, a political party official, or a political committee official, or an authorized designee thereof, shall be granted reasonable access upon request to review or inspect ballot materials before canvassing or tabulation, including voter certificates on vote-by-mail envelopes, cure affidavits, corresponding comparison signatures, duplicate ballots, and corresponding originals. Before the supervisor begins comparing signatures on vote-by-mail voter certificates, the supervisor must publish notice of the access to be provided under this section, which may be access to the documents or images thereof, and the method of requesting such access. During such review, no person granted access for review may make any copy of a signature.

(3) The Department of State shall submit the report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by ~~February 15~~ ~~January 31~~ of each year following a general election.

Section 20. Paragraphs (a) and (b) of subsection (1), subsection (3), and paragraph (c) of subsection (4) of section 101.62, Florida Statutes, are amended, and subsection (7) is added to that section, to read:

101.62 Request for vote-by-mail ballots.—

(1)(a) The supervisor shall accept a request for a vote-by-mail ballot from an elector in person or in writing. One request ~~is shall be~~ deemed sufficient to receive a vote-by-mail ballot for all elections through the end of the calendar year of the ~~next second-ensuing~~ regularly scheduled general election *provided that a request received after November 6, 2018, and before July 1, 2021, is deemed sufficient through the end of the calendar year of the second ensuing regularly scheduled general election,* unless the elector or the elector’s designee indicates at the time the request is made the elections *within such period* for which the elector desires to receive a vote-by-mail ballot. Such request may be considered canceled when any first-class mail sent by the supervisor to the elector is returned as undeliverable.

(b) The supervisor may accept a written, *an in person,* or a telephonic request for a vote-by-mail ballot to be mailed to an elector’s address on file in the Florida Voter Registration System from the

For purposes of this section, the term “immediate family” has the same meaning as specified in paragraph (4)(c). The person making the request must disclose:

1. The name of the elector for whom the ballot is requested.
2. The elector’s address.
3. The elector’s date of birth.
4. *The elector’s Florida driver license number, the elector’s Florida identification card number, or the last four digits of the elector’s social security number, whichever may be verified in the supervisor’s records.*
5. The requester’s name.
6. ~~6.5.~~ The requester’s address.

8. ~~8.7.~~ The requester’s relationship to the elector.
9. ~~9.8.~~ The requester’s signature (written requests only).

(3) For each request for a vote-by-mail ballot received, the supervisor shall record: the date the request was made; *the identity of the voter’s designee making the request, if any; the Florida driver license number, Florida identification card number, or last four digits of the social security number of the elector provided with a written request;* the date the vote-by-mail ballot was delivered to the voter or the voter’s designee or the date the vote-by-mail ballot was delivered to the post office or other carrier; *the address to which the ballot was mailed or the identity of the voter’s designee to whom the ballot was delivered;* the date the ballot was received by the supervisor; the absence of the voter’s signature on the voter’s certificate, if applicable; *whether the voter’s certificate contains a signature that does not match the elector’s signature in the registration books or precinct register;* and such other information he or she may deem necessary. This information shall be provided in electronic format as provided by ~~division rule~~ ~~adopted by the division~~. The information shall be updated and made available no later than 8 a.m. of each day, including weekends, beginning 60 days before the primary until 15 days after the general election and shall be contemporaneously provided to the division. This information shall be confidential and exempt from s. 119.07(1) and shall be made available to or reproduced only for the voter requesting the ballot, a canvassing board, an election official, a political party or official thereof, a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees for political purposes only.

- (4)
 - (c) The supervisor shall provide a vote-by-mail ballot to each elector by whom a request for that ballot has been made by one of the following means:
 1. By nonforwardable, return-if-undeliverable mail to the elector’s current mailing address on file with the supervisor or any other address the elector specifies in the request.
 2. By forwardable mail, e-mail, or facsimile machine transmission to absent uniformed services voters and overseas voters. The absent uniformed services voter or overseas voter may designate in the vote-by-

mail ballot request the preferred method of transmission. If the voter does not designate the method of transmission, the vote-by-mail ballot shall be mailed.

3. By personal delivery before 7 p.m. on election day to the elector, upon presentation of the identification required in s. 101.043.

4. By delivery to a designee on election day or up to 9 days before the day of an election. Any elector may designate in writing a person to pick up the ballot for the elector; however, the person designated may not pick up more than two vote-by-mail ballots per election, other than the designee's own ballot, except that additional ballots may be picked up for members of the designee's immediate family. For purposes of this section, "immediate family" means the designee's spouse or the parent, child, grandparent, grandchild, or sibling of the designee or of the designee's spouse. The designee shall provide to the supervisor the written authorization by the elector and a picture identification of the designee and must complete an affidavit. The designee shall state in the affidavit that the designee is authorized by the elector to pick up that ballot and shall indicate if the elector is a member of the designee's immediate family and, if so, the relationship. The department shall prescribe the form of the affidavit. If the supervisor is satisfied that the designee is authorized to pick up the ballot and that the signature of the elector on the written authorization matches the signature of the elector on file, the supervisor shall give the ballot to that designee for delivery to the elector.

5. Except as provided in s. 101.655, The supervisor may not deliver a vote-by-mail ballot to an elector or an elector's immediate family member on the day of the election unless there is an emergency, to the extent that the elector will be unable to go to his or her assigned polling place. If a vote-by-mail ballot is delivered, the elector or his or her designee shall execute an affidavit affirming to the facts which allow for delivery of the vote-by-mail ballot. The department shall adopt a rule providing for the form of the affidavit.

(7) Except as expressly authorized for voters having a disability under s. 101.662, for overseas voters under s. 101.697, or for local referenda under ss. 101.6102 and 101.6103, a county, municipality, or state agency may not send a vote-by-mail ballot to a voter unless the voter has requested a vote-by-mail ballot in the manner authorized under this section.

Section 21. Subsection (1) of section 101.64, Florida Statutes, is amended to read:

101.64 Delivery of vote-by-mail ballots; envelopes; form.—

(1)(a) The supervisor shall enclose with each vote-by-mail ballot two envelopes: a secrecy envelope, into which the absent elector shall enclose his or her marked ballot; and a mailing envelope, into which the absent elector shall then place the secrecy envelope, which shall be addressed to the supervisor and also bear on the back side a certificate in substantially the following form:

Note: Please Read Instructions Carefully Before Marking Ballot and Completing Voter's Certificate.

VOTER'S CERTIFICATE

I, ..., do solemnly swear or affirm that I am a qualified and registered voter of County, Florida, and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt to commit any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I can be convicted of a felony of the third degree and fined up to \$5,000 and/or imprisoned for up to 5 years. I also understand that failure to sign this certificate will invalidate my ballot.

(Date) _____ (Voter's Signature) _____
(E-Mail Address) _____ (Home Telephone Number) _____
(Mobile Telephone Number) _____

(b) Each return mailing envelope must bear the absent elector's name and any encoded mark used by the supervisor's office.

(c) A mailing envelope or secrecy envelope may not bear any indication of the political affiliation of an absent elector.

Section 22. Subsections (1) and (2) of section 101.68, Florida Statutes, are amended to read:

101.68 Canvassing of vote-by-mail ballot.—

(1) The supervisor of the county in which where the absent elector resides shall receive the voted ballot, at which time the supervisor shall compare the signature of the elector on the voter's certificate with the signature of the elector in the registration books or the precinct register to determine whether the elector is duly registered in the county and must may record on the elector's registration record certificate that the elector has voted. During the signature comparison process, the supervisor may not use any knowledge of the political affiliation of the voter whose signature is subject to verification. An elector who dies after casting a vote-by-mail ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. Except as provided in subsection (4), after a vote-by-mail ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter's certificate.

(2)(a) The county canvassing board may begin the canvassing of vote-by-mail ballots upon the completion of the public testing of automatic tabulating equipment pursuant to s. 101.5612(2) at 7 a.m. on the 22nd day before the election, but must begin such canvassing by not later than noon on the day following the election. In addition, for any county using electronic tabulating equipment, the processing of vote-by-mail ballots through such tabulating equipment may begin at 7 a.m. on the 22nd day before the election. However, notwithstanding any such authorization to begin canvassing or otherwise processing vote-by-mail ballots early, no result shall be released until after the closing of the polls in that county on election day. Any supervisor, deputy supervisor, canvassing board member, election board member, or election employee who releases the results of a canvassing or processing of vote-by-mail ballots prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) To ensure that all vote-by-mail ballots to be counted by the canvassing board are accounted for, the canvassing board shall compare the number of ballots in its possession with the number of requests for ballots received to be counted according to the supervisor's file or list.

(c)1. The canvassing board must, if the supervisor has not already done so, compare the signature of the elector on the voter's certificate or on the vote-by-mail ballot cure affidavit as provided in subsection (4) with the signature of the elector in the registration books or the precinct register to see that the elector is duly registered in the county and to determine the legality of that vote-by-mail ballot. A vote-by-mail ballot may only be counted if:

a. The signature on the voter's certificate or the cure affidavit matches the elector's signature in the registration books or precinct register; however, in the case of a cure affidavit, the supporting identification listed in subsection (4) must also confirm the identity of the elector; or

b. The cure affidavit contains a signature that does not match the elector's signature in the registration books or precinct register, but the elector has submitted a current and valid Tier 1 identification pursuant to subsection (4) which confirms the identity of the elector.

For purposes of this subparagraph, any canvassing board finding that an elector's signatures do not match must be by majority vote and beyond a reasonable doubt.

2. The ballot of an elector who casts a vote-by-mail ballot shall be counted even if the elector dies on or before election day, as long as, before the death of the voter, the ballot was postmarked by the United States Postal Service, date-stamped with a verifiable tracking number by a common carrier, or already in the possession of the supervisor.

3. A vote-by-mail ballot is not considered illegal if the signature of the elector does not cross the seal of the mailing envelope.

4. If any elector or candidate present believes that a vote-by-mail ballot is illegal due to a defect apparent on the voter's certificate or the cure affidavit, he or she may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of that ballot, specifying the precinct, ~~the voter's certificate or the cure affidavit~~ ~~the ballot~~, and the reason he or she believes the ballot to be illegal. A challenge based upon a defect in the voter's certificate or cure affidavit may not be accepted after the ballot has been removed from the mailing envelope.

5. If the canvassing board determines that a ballot is illegal, a member of the board must, without opening the envelope, mark across the face of the envelope: "rejected as illegal." The cure affidavit, if applicable, the envelope, and the ballot therein shall be preserved in the manner that official ballots are preserved.

(d) The canvassing board shall record the ballot upon the proper record, unless the ballot has been previously recorded by the supervisor. The mailing envelopes shall be opened and the secrecy envelopes shall be mixed so as to make it impossible to determine which secrecy envelope came out of which signed mailing envelope; however, in any county in which an electronic or electromechanical voting system is used, the ballots may be sorted by ballot styles and the mailing envelopes may be opened and the secrecy envelopes mixed separately for each ballot style. The votes on vote-by-mail ballots shall be included in the total vote of the county.

Section 23. Subsection (2) of section 101.69, Florida Statutes, is amended and subsection (3) is added to that section to read:

101.69 Voting in person; return of vote-by-mail ballot.—

(2)(a) The supervisor shall allow an elector who has received a vote-by-mail ballot to physically return a voted vote-by-mail ballot to the supervisor by placing the *return mail* envelope containing his or her marked ballot in a secure drop box. Secure drop boxes shall be placed at the main office of the supervisor, at each *permanent* branch office of the supervisor, and at each early voting site. Secure drop boxes may also be placed at any other site that would otherwise qualify as an early voting site under s. 101.657(1). *Drop boxes must be geographically located so as to provide all voters in the county with an equal opportunity to cast a ballot, insofar as is practicable. Except for secure drop boxes at an office of the supervisor, a secure drop box may only be used; provided, however, that any such site must be staffed* during the county's early voting hours of operation *and must be monitored in person* by an employee of the supervisor's office. *A secure drop box at an office of the supervisor must be continuously monitored in person by an employee of the supervisor's office when the drop box is accessible for deposit of ballots or a sworn law enforcement officer.*

(b) A supervisor shall designate each drop box site at least 30 days before an election. The supervisor shall provide the address of each drop box location to the division at least 30 days before an election. After a drop box location has been designated, it may not be moved or changed except as approved by the division to correct a violation of this subsection.

(c) An elector's designee designated under s. 104.0616 may also return the elector's ballot to a drop box if he or she has on his or her person the declaration described in s. 104.0616(4) or is otherwise expressly designated as required by s. 104.0616(3).

(d) A person returning a ballot by use of a drop box monitored by an employee of the supervisor's office must present one of the current and valid picture identifications authorized in s. 101.043(1)(a) for in person voting. The employee of the supervisor's office must ensure that the name on the identification provided matches the printed name on the mailing envelope or the name of the designee on the declaration described in s. 104.0616(4). If an elector returning the elector's own ballot is not in possession of the required identification, the elector must complete a signed attestation listing the elector's name and stating that the elector did not have identification on his or her person when returning his or her own ballot. If the name on the identification provided does not match the name printed on the mailing envelope, the person depositing the ballot must provide a declaration described in s. 104.0616(4) which names the person as designee if in their possession. If the person other than the elector whose ballot is being deposited does not have a declaration or required identification, the person may not deposit any ballot unless the

person signs a designee's attestation under penalty of perjury listing the person's name, stating that the person is expressly designated to return each ballot deposited that is not his or her own, listing the person's driver license number, the person's Florida identification card number, or the last four digits of the person's social security number or stating that the person does not have or know any such number, and listing the names of each elector whose ballot is being deposited and the relationship of such elector to the person signing the attestation. The declaration and any attestation required in this subsection must be deposited into the drop box with the return mailing envelope. A copy of the declaration or attestation must be maintained with other election records. Any designee's attestation that does not list the driver license number or Florida identification card number of the designee must be segregated and available for inspection pursuant to s. 119.01(1) by the time the election is certified. On each day a drop box is in use, the drop box must be emptied at the end of the day's usage, and more frequently if usage requires, and all the ballots retrieved from each drop box must be promptly delivered to the supervisor's office.

(e) The Division of Elections may prescribe by rule forms of the attestations described in paragraph (d) which shall include notice that making false attestation is a felony of the third degree under s. 104.032. The division and each supervisor shall ensure that copies of the attestation forms described in paragraph (d) and the declaration form described in s. 104.0616(4) are available online and at each supervisor's office for the convenience of voters. Each supervisor shall ensure that copies of the attestation forms described in paragraph (d) are available at each drop box location.

(3) If any drop box is left accessible for ballot receipt other than as authorized by this section, the supervisor is subject to a civil penalty of \$25,000. The Division of Elections is authorized to enforce this provision.

Section 24. Paragraphs (a), (b), and (e) of subsection (4) of section 102.031, Florida Statutes, are amended to read:

102.031 Maintenance of good order at polls; authorities; persons allowed in polling rooms and early voting areas; unlawful solicitation of voters.—

(4)(a) No person, political committee, or other group or organization may solicit voters inside the polling place or within 150 feet of a drop box or the entrance to any polling place, a polling room where the polling place is also a polling room, an early voting site, or an office of the supervisor where vote-by-mail ballots are requested and printed on demand for the convenience of electors who appear in person to request them. Before the opening of the polling place or early voting site, the clerk or supervisor shall designate the no-solicitation zone and mark the boundaries.

(b) For the purpose of this subsection, the terms "solicit" or "solicitation" shall include, but not be limited to, seeking or attempting to seek any vote, fact, opinion, or contribution; distributing or attempting to distribute any political or campaign material, leaflet, or handout; conducting a poll except as specified in this paragraph; seeking or attempting to seek a signature on any petition; ~~and~~ selling or attempting to sell any item; and engaging in any activity with the intent to influence or effect of influencing a voter. The terms "solicit" or "solicitation" may not be construed to prohibit an employee of, or a volunteer with, the supervisor from providing nonpartisan assistance to voters within the no-solicitation zone, including, but not limited to, giving items to voters, or to prohibit exit polling.

(e) The owner, operator, or lessee of the property on which a polling place or an early voting site is located, or an agent or employee thereof, may not prohibit the solicitation of voters by a candidate or a candidate's designee outside of the no-solicitation zone during polling hours.

Section 25. Section 102.07, Florida Statutes, is created to read:

102.07 Vote-by-mail count reporting.—Beginning at 7:00 p.m. election day, the supervisor must, at least once every hour while actively counting, post on his or her website the number of vote-by-mail ballots that have been received and the number of vote-by-mail ballots that remain uncounted.

Section 26. Subsection (1) and paragraphs (a) and (b) of subsection (2) of section 102.141, Florida Statutes, are amended to read:

102.141 County canvassing board; duties.—

(1) The county canvassing board shall be composed of the supervisor of elections; a county court judge, who shall act as chair; and the chair of the board of county commissioners. *The names of the canvassing board members must be published on the supervisor’s website upon completion of the logic and accuracy test.* Alternate canvassing board members must be appointed pursuant to paragraph (e). In the event any member of the county canvassing board is unable to serve, is a candidate who has opposition in the election being canvassed, or is an active participant in the campaign or candidacy of any candidate who has opposition in the election being canvassed, such member shall be replaced as follows:

(a) If no county court judge is able to serve or if all are disqualified, the chief judge of the judicial circuit in which the county is located shall appoint as a substitute member a qualified elector of the county who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed. In such event, the members of the county canvassing board shall meet and elect a chair.

(b) If the supervisor of elections is unable to serve or is disqualified, the chair of the board of county commissioners shall appoint as a substitute member a member of the board of county commissioners who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed. The supervisor, however, shall act in an advisory capacity to the canvassing board.

(c) If the chair of the board of county commissioners is unable to serve or is disqualified, the board of county commissioners shall appoint as a substitute member one of its members who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed.

(d) If a substitute member or alternate member cannot be appointed as provided elsewhere in this subsection, or in the event of a vacancy in such office, the chief judge of the judicial circuit in which the county is located shall appoint as a substitute member or alternate member a qualified elector of the county who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed.

(e)1. The chief judge of the judicial circuit in which the county is located shall appoint a county court judge as an alternate member of the county canvassing board or, if each county court judge is unable to serve or is disqualified, shall appoint an alternate member who is qualified to serve as a substitute member under paragraph (a).

2. The chair of the board of county commissioners shall appoint a member of the board of county commissioners as an alternate member of the county canvassing board or, if each member of the board of county commissioners is unable to serve or is disqualified, shall appoint an alternate member who is qualified to serve as a substitute member under paragraph (d).

3. If a member of the county canvassing board is unable to participate in a meeting of the board, the chair of the county canvassing board or his or her designee shall designate which alternate member will serve as a member of the board in the place of the member who is unable to participate at that meeting.

4. If not serving as one of the three members of the county canvassing board, an alternate member may be present, observe, and communicate with the three members constituting the county canvassing board, but may not vote in the board’s decisions or determinations.

(2)(a) The county canvassing board shall meet in a building accessible to the public in the county where the election occurred at a time and place to be designated by the supervisor to publicly canvass the absent electors’ ballots as provided for in s. 101.68 and provisional ballots as provided by ss. 101.048, 101.049, and 101.6925. *During each meeting of the county canvassing board, each political party and each candidate may have one watcher able to view directly or on a display*

screen ballots being examined for signature matching and other processes. Provisional ballots cast pursuant to s. 101.049 shall be canvassed in a manner that votes for candidates and issues on those ballots can be segregated from other votes. As soon as the absent electors’ ballots and the provisional ballots are canvassed, the board shall proceed to publicly canvass the vote given each candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, as shown by the returns then on file in the office of the supervisor.

(b) Public notice of the *canvassing board members, alternates*, time, and place at which the county canvassing board shall meet to canvass the absent electors’ ballots and provisional ballots must be given at least 48 hours prior thereto by publication on the supervisor’s website and published in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The time given in the notice as to the convening of the meeting of the county canvassing board must be specific and may not be a time period during which the board may meet.

3. The applicant’s date of birth.

4. A mark in the checkbox affirming that the applicant is a citizen of the United States.

5.a. The applicant’s current and valid Florida driver license number or the identification number from a Florida identification card issued under s. 322.051, or

If a completed voter registration application has been received by the book-closing deadline but the driver license number, the Florida identification card number, or the last four digits of the social security number provided by the applicant cannot be verified, the applicant shall be notified that the number cannot be verified and that the applicant must provide evidence to the supervisor sufficient to verify the authenticity of the applicant’s driver license number, Florida identification card number, or last four digits of the social security number. If the applicant provides the necessary evidence, the supervisor shall place the applicant’s name on the registration rolls as an active voter. If the applicant has not provided the necessary evidence or the number has not otherwise been verified prior to the applicant presenting himself or herself to vote, the applicant shall be provided a provisional ballot. The

provisional ballot shall be counted only if the number is verified by the end of the canvassing period or if the applicant presents evidence to the supervisor of elections sufficient to verify the authenticity of the applicant's driver license number, Florida identification card number, or last four digits of the social security number no later than 5 p.m. of the second day following the election.

(3) The Department of State shall submit the report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by ~~February 15~~ *January 31* of each year following a general election.

Section 24. Paragraphs (a) and (b) of subsection (1), subsection (3), and paragraph (c) of subsection (4) of section 101.62, Florida Statutes, are amended, and subsection (7) is added to that section, to read:

One request ~~is shall be~~ deemed sufficient to receive a vote-by-mail ballot for all elections through the end of the calendar year of the ~~next second ensuing~~ regularly scheduled general election, unless the elector or the elector's designee indicates at the time the request is made the elections *within such period* for which the elector desires to receive a vote-by-mail ballot. Such request may be considered canceled when any first-class mail sent by the supervisor to the elector is returned as undeliverable.

(b) The supervisor may accept a written, *an in-person,* or a telephonic request for a vote-by-mail ballot to be mailed to an elector's address on file in the Florida Voter Registration System from the elector, or, if directly instructed by the elector, a member of the elector's immediate family, or the elector's legal guardian. *If an in-person or a telephonic request is made, the elector must provide the elector's Florida driver license number, the elector's Florida identification card number, or the last four digits of the elector's social security number, whichever may be verified in the supervisor's records.* If the ballot is requested to be mailed to an address other than the elector's address on file in the Florida Voter Registration System, the request must be made in writing. *A written request must be and* signed by the elector *and include the elector's Florida driver license number, the elector's Florida identification card number, or the last four digits of the elector's social security number.* However, an absent uniformed service voter or an overseas voter seeking a vote-by-mail ballot is not required to submit a signed, written request for a vote-by-mail ballot that is being mailed to an address other than the elector's address on file in the Florida Voter Registration System. For purposes of this section, the term “immediate family” has the same meaning as specified in paragraph (4)(c). The person making the request must disclose:

1. The name of the elector for whom the ballot is requested.
2. The elector's address.
3. The elector's date of birth.

certificate contains a signature that does not match the elector's signature in the registration books or precinct register; and such other information he or she may deem necessary. This information shall be provided in electronic format as provided by division rule adopted by the division. The information shall be updated and made available no later than 8 a.m. of each day, including weekends, beginning 60 days before the primary until 15 days after the general election and shall be contemporaneously provided to the division. This information shall be confidential and exempt from s. 119.07(1) and shall be made available to or reproduced only for the voter requesting the ballot, a canvassing board, an election official, a political party or official thereof, a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees for political purposes only.

(4)

(c) The supervisor shall provide a vote-by-mail ballot to each elector by whom a request for that ballot has been made by one of the following means:

2. By forwardable mail, e-mail, or facsimile machine transmission to absent uniformed services voters and overseas voters. The absent uniformed services voter or overseas voter may designate in the vote-by-mail ballot request the preferred method of transmission. If the voter does not designate the method of transmission, the vote-by-mail ballot shall be mailed.

3. By personal delivery before 7 p.m. on election day to the elector, upon presentation of the identification required in s. 101.043.

4. By delivery to a designee on election day or up to 9 days before prior to the day of an election. Any elector may designate in writing a person to pick up the ballot for the elector; however, the person designated may not pick up more than two vote-by-mail ballots per election, other than the designee's own ballot, except that additional ballots may be picked up for members of the designee's immediate family. For purposes of this section, "immediate family" means the designee's spouse or the parent, child, grandparent, *grandchild*, or sibling of the designee or of the designee's spouse. The designee shall provide to the supervisor the written authorization by the elector and a picture identification of the designee and must complete an affidavit. The designee shall state in the affidavit that the designee is authorized by the elector to pick up that ballot and shall indicate if the elector is a member of the designee's immediate family and, if so, the relationship. The department shall prescribe the form of the affidavit. If the supervisor is satisfied that the designee is authorized to pick up the ballot and that the signature of the elector on the written authorization matches the signature of the elector on file, the supervisor shall give the ballot to that designee for delivery to the elector.

5. ~~Except as provided in s. 101.655,~~ The supervisor may not deliver a vote-by-mail ballot to an elector or an elector's immediate family member on the day of the election unless there is an emergency, to the extent that the elector will be unable to go to his or her assigned polling place. If a vote-by-mail ballot is delivered, the elector or his or her designee shall execute an affidavit affirming to the facts which allow for delivery of the vote-by-mail ballot. The department shall adopt a rule providing for the form of the affidavit.

(7) *Except as expressly authorized for voters having a disability under s. 101.662, for overseas voters under s. 101.697, or for local referenda under ss. 101.6102 and 101.6103, a county, municipality, or state agency may not send a vote-by-mail ballot to a voter unless the voter has requested a vote-by-mail ballot in the manner authorized under this section.*

Section 25. *Notwithstanding the amendments made to s. 101.62(1)(a), Florida Statutes, by this act, an existing vote-by-mail ballot request submitted before the effective date of this act is deemed sufficient for elections held through the end of the 2022 calendar year.*

Section 26. Subsection (1) of section 101.64, Florida Statutes, is amended to read:

101.64 Delivery of vote-by-mail ballots; envelopes; form.—

(1)(a) The supervisor shall enclose with each vote-by-mail ballot two envelopes: a secrecy envelope, into which the absent elector shall enclose his or her marked ballot; and a mailing envelope, into which the absent elector shall then place the secrecy envelope, which shall be addressed to the supervisor and also bear on the back side a certificate in substantially the following form:

Note: Please Read Instructions Carefully Before Marking Ballot and Completing Voter's Certificate.

VOTER'S CERTIFICATE

I, ..., do solemnly swear or affirm that I am a qualified and registered voter of ... County, Florida, and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt to commit any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I can be convicted of a felony of the third degree and fined up to \$5,000 and/or imprisoned for up to 5 years. I also understand that failure to sign this certificate will invalidate my ballot.

(Date)	(Voter's Signature)
(E-Mail Address)	(Home Telephone Number)
	(Mobile Telephone Number)

(b) *Each return mailing envelope must bear the absent elector's name and any encoded mark used by the supervisor's office.*

(c) *A mailing envelope or secrecy envelope may not bear any indication of the political affiliation of an absent elector.*

Section 27. Subsections (1) and (2) of section 101.68, Florida Statutes, are amended to read:

101.68 Canvassing of vote-by-mail ballot.—

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot, at which time the supervisor shall compare the signature of the elector on the voter's certificate with the signature of the elector in the registration books or the precinct register to determine whether the elector is duly registered in the county and ~~may~~ record on the elector's registration record ~~certificate~~ that the elector has voted. *During the signature comparison process, the supervisor may not use any knowledge of the political affiliation of the voter whose signature is subject to verification.* An elector who dies after casting a vote-by-mail ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. Except as provided in subsection (4), after a vote-by-mail ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter's certificate.

(2)(a) The county canvassing board may begin the canvassing of vote-by-mail ballots upon the completion of the public testing of automatic tabulating equipment pursuant to s. 101.5612(2) ~~at 7 a.m. on the 22nd day before the election, but must begin such canvassing by no not later than noon on the day following the election. In addition, for any county using electronic tabulating equipment, the processing of vote-by-mail ballots through such tabulating equipment may begin at 7 a.m. on the 22nd day before the election.~~ However, notwithstanding any such authorization to begin canvassing or otherwise processing vote-by-mail ballots early, no result shall be released until after the closing of the polls in that county on election day. Any supervisor, deputy supervisor, canvassing board member, election board member, or election employee who releases the results of a canvassing or processing of vote-by-mail ballots prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) To ensure that all vote-by-mail ballots to be counted by the canvassing board are accounted for, the canvassing board shall compare the number of ballots in its possession with the number of requests for ballots received to be counted according to the supervisor's file or list.

(c)1. The canvassing board must, if the supervisor has not already done so, compare the signature of the elector on the voter's certificate or on the vote-by-mail ballot cure affidavit as provided in subsection (4) with the signature of the elector in the registration books or the precinct register to see that the elector is duly registered in the county and to determine the legality of that vote-by-mail ballot. A vote-by-mail ballot may only be counted if:

a. The signature on the voter's certificate or the cure affidavit matches the elector's signature in the registration books or precinct register; however, in the case of a cure affidavit, the supporting identification listed in subsection (4) must also confirm the identity of the elector; or

b. The cure affidavit contains a signature that does not match the elector's signature in the registration books or precinct register, but the elector has submitted a current and valid Tier 1 identification pursuant to subsection (4) which confirms the identity of the elector.

For purposes of this subparagraph, any canvassing board finding that an elector's signatures do not match must be by majority vote and beyond a reasonable doubt.

2. The ballot of an elector who casts a vote-by-mail ballot shall be counted even if the elector dies on or before election day, as long as, before the death of the voter, the ballot was postmarked by the United States Postal Service, date-stamped with a verifiable tracking number by a common carrier, or already in the possession of the supervisor.

3. A vote-by-mail ballot is not considered illegal if the signature of the elector does not cross the seal of the mailing envelope.

4. If any elector or candidate present believes that a vote-by-mail ballot is illegal due to a defect apparent on the voter's certificate or the cure affidavit, he or she may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of that ballot, specifying the precinct, *the voter's certificate or the cure affidavit* ~~the ballot~~, and the reason he or she believes the ballot to be illegal. A challenge based upon a defect in the voter's certificate or cure affidavit may not be accepted after the ballot has been removed from the mailing envelope.

5. If the canvassing board determines that a ballot is illegal, a member of the board must, without opening the envelope, mark across the face of the envelope: "rejected as illegal." The cure affidavit, if applicable, the envelope, and the ballot therein shall be preserved in the manner that official ballots are preserved.

(d) The canvassing board shall record the ballot upon the proper record, unless the ballot has been previously recorded by the supervisor. The mailing envelopes shall be opened and the secrecy envelopes shall be mixed so as to make it impossible to determine which secrecy envelope came out of which signed mailing envelope; however, in any county in which an electronic or electromechanical voting system is used, the ballots may be sorted by ballot styles and the mailing envelopes may be opened and the secrecy envelopes mixed separately for each ballot style. The votes on vote-by-mail ballots shall be included in the total vote of the county.

Section 28. Subsection (2) of section 101.69, Florida Statutes, is amended, and subsection (3) is added to that section, to read:

101.69 Voting in person; return of vote-by-mail ballot.—

(2)(a) The supervisor shall allow an elector who has received a vote-by-mail ballot to physically return a voted vote-by-mail ballot to the supervisor by placing the *return mail* envelope containing his or her marked ballot in a secure drop box. Secure drop boxes shall be placed at the main office of the supervisor, at each *permanent* branch office of the supervisor, and at each early voting site. Secure drop boxes may also be placed at any other site that would otherwise qualify as an early voting site under s. 101.657(1). *Drop boxes must be geographically located so as to provide all voters in the county with an equal opportunity to cast a ballot, insofar as is practicable. Except for secure drop boxes at an office of the supervisor, a secure drop box may only be used; provided, however, that any such site must be staffed during the county's early voting hours of operation and must be monitored in person by an employee of the supervisor's office. A secure drop box at an office of the supervisor must*

be continuously monitored in person by an employee of the supervisor's office when the drop box is accessible for deposit of ballots or a sworn law enforcement officer.

(b) A supervisor shall designate each drop box site at least 30 days before an election. The supervisor shall provide the address of each drop box location to the division at least 30 days before an election. After a drop box location has been designated, it may not be moved or changed except as approved by the division to correct a violation of this subsection.

(c)1. On each day of early voting, all drop boxes must be emptied at the end of early voting hours and all ballots retrieved from the drop boxes must be returned to the supervisor's office.

2. For drop boxes located at an office of the supervisor, all ballots must be retrieved before the drop box is no longer monitored by an employee of the supervisor.

3. Employees of the supervisor must comply with procedures for the chain of custody of ballots as required by s. 101.015(4).

(3) If any drop box is left accessible for ballot receipt other than as authorized by this section, the supervisor is subject to a civil penalty of \$25,000. The division is authorized to enforce this provision.

Section 29. Paragraphs (a), (b), and (e) of subsection (4) of section 102.031, Florida Statutes, are amended to read:

102.031 Maintenance of good order at polls; authorities; persons allowed in polling rooms and early voting areas; unlawful solicitation of voters.—

(4)(a) No person, political committee, or other group or organization may solicit voters inside the polling place or within 150 feet of a *drop box* or the entrance to any polling place, a polling room where the polling place is also a polling room, an early voting site, or an office of the supervisor where vote-by-mail ballots are requested and printed on demand for the convenience of electors who appear in person to request them. Before the opening of a *drop box location*, ~~the~~ polling place, or an early voting site, the clerk or supervisor shall designate the no-solicitation zone and mark the boundaries.

(b) For the purpose of this subsection, the terms "solicit" or "solicitation" shall include, but not be limited to, seeking or attempting to seek any vote, fact, opinion, or contribution; distributing or attempting to distribute any political or campaign material, leaflet, or handout; conducting a poll except as specified in this paragraph; seeking or attempting to seek a signature on any petition; ~~and~~ selling or attempting to sell any item; *and engaging in any activity with the intent to influence or effect of influencing a voter.* The terms "solicit" or "solicitation" may not be construed to prohibit an employee of, or a volunteer with, the supervisor from providing nonpartisan assistance to voters within the no-solicitation zone such as, but not limited to, giving items to voters, or to prohibit exit polling.

(e) The owner, operator, or lessee of the property on which a polling place or an early voting site is located, or an agent or employee thereof, may not prohibit the solicitation of voters by a candidate or a candidate's designee outside of the no-solicitation zone during polling hours.

Section 30. Section 102.072, Florida Statutes, is created to read:

102.072 *Vote-by-mail count reporting.—Beginning at 7:00 p.m. election day, the supervisor must, at least once every hour while actively counting, post on his or her website the number of vote-by-mail ballots that have been received and the number of vote-by-mail ballots that remain uncounted.*

Section 31. Subsection (1) and paragraphs (a) and (b) of subsection (2) of section 102.141, Florida Statutes, are amended to read:

102.141 County canvassing board; duties.—

(1) The county canvassing board shall be composed of the supervisor of elections; a county court judge, who shall act as chair; and the chair of the board of county commissioners. *The names of the canvassing board members must be published on the supervisor's website upon completion of the logic and accuracy test.* Alternate canvassing board members

must be appointed pursuant to paragraph (e). In the event any member of the county canvassing board is unable to serve, is a candidate who has opposition in the election being canvassed, or is an active participant in the campaign or candidacy of any candidate who has opposition in the election being canvassed, such member shall be replaced as follows:

(a) If no county court judge is able to serve or if all are disqualified, the chief judge of the judicial circuit in which the county is located shall appoint as a substitute member a qualified elector of the county who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed. In such event, the members of the county canvassing board shall meet and elect a chair.

(b) If the supervisor of elections is unable to serve or is disqualified, the chair of the board of county commissioners shall appoint as a substitute member a member of the board of county commissioners who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed. The supervisor, however, shall act in an advisory capacity to the canvassing board.

(c) If the chair of the board of county commissioners is unable to serve or is disqualified, the board of county commissioners shall appoint as a substitute member one of its members who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed.

(d) If a substitute member or alternate member cannot be appointed as provided elsewhere in this subsection, or in the event of a vacancy in such office, the chief judge of the judicial circuit in which the county is located shall appoint as a substitute member or alternate member a qualified elector of the county who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed.

(e)1. The chief judge of the judicial circuit in which the county is located shall appoint a county court judge as an alternate member of the county canvassing board or, if each county court judge is unable to serve or is disqualified, shall appoint an alternate member who is qualified to serve as a substitute member under paragraph (a).

2. The chair of the board of county commissioners shall appoint a member of the board of county commissioners as an alternate member of the county canvassing board or, if each member of the board of county commissioners is unable to serve or is disqualified, shall appoint an alternate member who is qualified to serve as a substitute member under paragraph (d).

3. If a member of the county canvassing board is unable to participate in a meeting of the board, the chair of the county canvassing board or his or her designee shall designate which alternate member will serve as a member of the board in the place of the member who is unable to participate at that meeting.

4. If not serving as one of the three members of the county canvassing board, an alternate member may be present, observe, and communicate with the three members constituting the county canvassing board, but may not vote in the board's decisions or determinations.

(2)(a) The county canvassing board shall meet in a building accessible to the public in the county where the election occurred at a time and place to be designated by the supervisor to publicly canvass the absent electors' ballots as provided for in s. 101.68 and provisional ballots as provided by ss. 101.048, 101.049, and 101.6925. *During each meeting of the county canvassing board, each political party and each candidate may have one watcher able to view directly or on a display screen ballots being examined for signature matching and other processes.* Provisional ballots cast pursuant to s. 101.049 shall be canvassed in a manner that votes for candidates and issues on those ballots can be segregated from other votes. As soon as the absent electors' ballots and the provisional ballots are canvassed, the board shall proceed to publicly canvass the vote given each candidate, nominee, constitutional

amendment, or other measure submitted to the electorate of the county, as shown by the returns then on file in the office of the supervisor.

(b) Public notice of the *canvassing board members, alternates*, time, and place at which the county canvassing board shall meet to canvass the absent electors' ballots and provisional ballots must be given at least 48 hours prior thereto by publication on the supervisor's website and published in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The time given in the notice as to the convening of the meeting of the county canvassing board must be specific and may not be a time period during which the board may meet.

Section 32. Section 104.0616, Florida Statutes, is amended to read:

104.0616 Vote-by-mail ballots and voting; violations.—

House Amendment 1 (942955) (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. *The Legislature finds that:*

- (1) *Social media platforms represent an extraordinary advance in communication technology for Floridians.*
- (2) *Users should be afforded control over their personal information related to social media platforms.*
- (3) *Floridians increasingly rely on social media platforms to express their opinions.*
- (4) *Social media platforms have transformed into the new public town square.*
- (5) *Social media platforms have become as important for conveying public opinion as public utilities are for supporting modern society.*
- (6) *Social media platforms hold a unique place in preserving first amendment protections for all Floridians and should be treated similarly to common carriers.*
- (7) *Social media platforms that unfairly censor, shadow ban, deplatform, or apply post-prioritization algorithms to Florida candidates, Florida users, or Florida residents are not acting in good faith.*
- (8) *Social media platforms should not take any action in bad faith to restrict access or availability to Floridians.*
- (9) *Social media platforms have unfairly censored, shadow banned, deplatformed, and applied post-prioritization algorithms to Floridians.*
- (10) *The state has a substantial interest in protecting its residents from inconsistent and unfair actions by social media platforms.*
- (11) *The state must vigorously enforce state law to protect Floridians.*

Section 2. Section 106.072, Florida Statutes, is created to read:

106.072 *Social media deplatforming of political candidates.*—

(1) *As used in this section, the term:*

- (a) “Candidate” has the same meaning as in s. 106.011(3)(e).
- (b) “Deplatform” has the same meaning as in s. 501.2041.
- (c) “Social media platform” has the same meaning as in s. 501.2041.
- (d) “User” has the same meaning as in s. 501.2041.

(2) A social media platform may not willfully deplatform a candidate for office who is known by the social media platform to be a candidate, beginning on the date of qualification and ending on the date of the election or the date the candidate ceases to be a candidate. A social media platform must provide each user a method by which the user may be identified as a qualified candidate and which provides sufficient information to allow the social media platform to confirm the user’s qualification by reviewing the website of the Division of Elections or the website of the local supervisor of elections.

(3) Upon a finding of a violation of subsection (2) by the Florida Elections Commission, in addition to the remedies provided in ss. 106.265 and 106.27, the social media platform may be fined \$250,000 per day for a candidate for statewide office and \$25,000 per day for a candidate for other offices.

(4) A social media platform that willfully provides free advertising for a candidate must inform the candidate of such in-kind contribution. Posts, content, material, and comments by candidates which are shown on the platform in the same or similar way as other users’ posts, content, material, and comments are not considered free advertising.

(5) This section may only be enforced to the extent not inconsistent with federal law and 47 U.S.C. s. 230(e)(3), and notwithstanding any other provision of state law.

Section 3. Section 287.137, Florida Statutes, is created to read:

287.137 *Antitrust violations; denial or revocation of the right to transact business with public entities; denial of economic benefits.*—

(1) *As used in this section, the term:*

(a) “Affiliate” means:

1. A predecessor or successor of a person convicted of or held civilly liable for an antitrust violation; or

2. An entity under the control of any natural person who is active in the management of the entity that has been convicted of or held civilly liable for an antitrust violation. The term includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, is a prima facie case that one person controls another person. The term also includes a person who knowingly enters into a joint venture with a person who has violated an antitrust law during the preceding 36 months.

(b) “Antitrust violation” means any failure to comply with a state or federal antitrust law as determined in a civil or criminal proceeding brought by the Attorney General, a state attorney, a similar body or agency of another state, the Federal Trade Commission, or the United States Department of Justice.

(c) “Antitrust violator vendor list” means the list required to be kept by the department pursuant to paragraph (3)(b).

(d) “Conviction or being held civilly liable” or “convicted or held civilly liable” means a criminal finding of responsibility or guilt or conviction, with or without an adjudication of guilt, being held civilly responsible or liable, or having a judgment levied for an antitrust violation in any federal or state trial court of record relating to charges brought by indictment, information, or complaint on or after July 1, 2021, as a

result of a jury verdict, nonjury trial, or entry of a plea of guilty or *nolo contendere* or other finding of responsibility or liability.

(e) “Economic incentives” means state grants, cash grants, tax exemptions, tax refunds, tax credits, state funds, and other state incentives under chapter 288 or administered by Enterprise Florida, Inc.

(f) “Person” means a natural person or an entity organized under the laws of any state or of the United States which operates as a social media platform, as defined in s. 501.2041, with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an entity.

(g) “Public entity” means the state and any of its departments or agencies.

(2)(a) A person or an affiliate who has been placed on the antitrust violator vendor list following a conviction or being held civilly liable for an antitrust violation may not submit a bid, proposal, or reply for any new contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply for a new contract with a public entity for the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on new leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a new contract with a public entity; and may not transact new business with a public entity.

(b) A public entity may not accept a bid, proposal, or reply from, award a new contract to, or transact new business with any person or affiliate on the antitrust violator vendor list unless that person or affiliate has been removed from the list pursuant to paragraph (3)(e).

(c) This subsection does not apply to contracts that were awarded or business transactions that began before a person or an affiliate was placed on the antitrust violator vendor list or before July 1, 2021, whichever date occurs later.

(3)(a) Beginning July 1, 2021, all invitations to bid, requests for proposals, and invitations to negotiate, as those terms are defined in s. 287.012, and any contract document described in s. 287.058 must contain a statement informing persons of the provisions of paragraph (2)(a).

(b) The department shall maintain an antitrust violator vendor list of the names and addresses of the persons or affiliates who have been disqualified from the public contracting and purchasing process under this section. The department shall electronically publish the initial antitrust violator vendor list on January 1, 2022, and shall update and electronically publish the list quarterly thereafter. Notwithstanding this paragraph, a person or an affiliate disqualified from the public contracting and purchasing process pursuant to this section is disqualified as of the date the department enters the final order.

(c)1. After receiving notice of a judgment, sentence, or order from any source that a person was convicted or held civilly liable for an antitrust violation and after the department has investigated the information and verified both the judgment, sentence, or order and the identity of the person named in the documentation, the department must immediately notify the person or affiliate in writing of its intent to place the name of that person or affiliate on the antitrust violator vendor list and of the person’s or affiliate’s right to a hearing, the procedure that must be followed, and the applicable time requirements. If the person or affiliate does not request a hearing, the department shall enter a final order placing the name of the person or affiliate on the antitrust violator vendor list. A person or affiliate may be placed on the antitrust violator vendor list only after the department has provided the person or affiliate with a notice of intent.

2. Within 21 days after receipt of the notice of intent, the person or affiliate may file a petition for a formal hearing under ss. 120.569 and 120.57(1) to determine whether good cause has been shown by the department and whether it is in the public interest for the person or affiliate to be placed on the antitrust violator vendor list. A person or an affiliate may not file a petition for an informal hearing under

s. 120.57(2). The procedures of chapter 120 shall apply to any formal hearing under this paragraph except, within 30 days after the formal hearing or receipt of the hearing transcript, whichever is later, the administrative law judge shall enter a final order that shall consist of findings of fact, conclusions of law, interpretation of agency rules, and any other information required by law or rule to be contained in the final order. The final order shall direct the department to place or not place the person or affiliate on the antitrust violator vendor list. The final order of the administrative law judge is final agency action for purposes of s. 120.68.

3. In determining whether it is in the public interest to place a person or an affiliate on the antitrust violator vendor list under this paragraph, the administrative law judge shall consider the following factors:

- a. Whether the person or affiliate was convicted or held civilly liable for an antitrust violation.
- b. The nature and details of the antitrust violation.
- c. The degree of culpability of the person or affiliate proposed to be placed on the antitrust violator vendor list.
- d. Reinstatement or clemency in any jurisdiction in relation to the antitrust violation at issue in the proceeding.
- e. The needs of public entities for additional competition in the procurement of goods and services in their respective markets.
- f. The effect of the antitrust violations on Floridians.

4. After the person or affiliate requests a formal hearing, the burden shifts to the department to prove that it is in the public interest for the person or affiliate to whom it has given notice under this paragraph to be placed on the antitrust violator vendor list. Proof that a person was convicted or was held civilly liable or that an entity is an affiliate of such person constitutes a prima facie case that it is in the public interest for the person or affiliate to whom the department has given notice to be put on the antitrust violator vendor list. Status as an affiliate must be proven by clear and convincing evidence. Unless the administrative law judge determines that the person was convicted or that the person was civilly liable or is an affiliate of such person, that person or affiliate may not be placed on the antitrust violator vendor list.

5. Any person or affiliate who has been notified by the department of its intent to place his or her name on the antitrust violator vendor list may offer evidence on any relevant issue. An affidavit alone does not constitute competent substantial evidence that the person has not been convicted or is not an affiliate of a person convicted or held civilly liable. Upon establishment of a prima facie case that it is in the public interest for the person or affiliate to whom the department has given notice to be put on the antitrust violator vendor list, the person or affiliate may prove by a preponderance of the evidence that it would not be in the public interest to put him or her on the antitrust violator vendor list, based upon evidence addressing the factors in subparagraph 3.

(d)1. Upon receipt of an information or indictment from any source that a person has been charged with or accused of violating any state or federal antitrust law in a civil or criminal proceeding, including a civil investigative demand, brought by the Attorney General, a state attorney, the Federal Trade Commission, or the United States Department of Justice on or after July 1, 2021, the Attorney General must determine whether there is probable cause that a person has likely violated the underlying antitrust laws, which justifies temporary placement of such person on the antitrust violator vendor list until such proceeding has concluded.

2. If the Attorney General determines probable cause exists, the Attorney General shall notify the person in writing of its intent to temporarily place the name of that person on the antitrust violator vendor list, and of the person's right to a hearing, the procedure that must be followed, and the applicable time requirements. If the person does not request a hearing, the Attorney General shall enter a final order temporarily placing the name of the person on the antitrust violator vendor list. A person may be placed on the antitrust violator vendor list only after being provided with a notice of intent from the Attorney General.

3. Within 21 days after receipt of the notice of intent, the person may file a petition for a formal hearing pursuant to ss. 120.569 and 120.57(1) to determine whether it is in the public interest for the person to be temporarily placed on the antitrust violator vendor list. A person may not file a petition for an informal hearing under s. 120.57(2). The procedures of chapter 120 shall apply to any formal hearing under this paragraph.

4. In determining whether it is in the public interest to place a person on the antitrust violator vendor list under this paragraph, the administrative law judge shall consider the following factors:

- a. The likelihood the person will be convicted or held civilly liable for the antitrust violation.
- b. The nature and details of the antitrust violation.
- c. The degree of culpability of the person proposed to be placed on the antitrust violator vendor list.
- d. The needs of public entities for additional competition in the procurement of goods and services in their respective markets.
- e. The effect of the antitrust violations on Floridians.

5. The Attorney General has the burden to prove that it is in the public interest for the person to whom it has given notice under this paragraph to be temporarily placed on the antitrust violator vendor list. Unless the administrative law judge determines that it is in the public interest to temporarily place a person on the antitrust violator vendor list, that person shall not be placed on the antitrust violator vendor list.

6. This paragraph does not apply to affiliates.

(e)1. A person or an affiliate may be removed from the antitrust violator vendor list subject to such terms and conditions as may be prescribed by the administrative law judge upon a determination that removal is in the public interest. In determining whether removal is in the public interest, the administrative law judge must consider any relevant factors, including, but not limited to, the factors identified in subparagraph (c)3. Upon proof that a person was found not guilty or not civilly liable, the antitrust violation case was dismissed, the court entered a finding in the person's favor, the person's conviction or determination of liability has been reversed on appeal, or the person has been pardoned, the administrative law judge shall determine that removal of the person or an affiliate of that person from the antitrust violator vendor list is in the public interest. A person or an affiliate on the antitrust violator vendor list may petition for removal from the list no sooner than 6 months after the date a final order is entered pursuant to this section but may petition for removal at any time if the petition is based upon a reversal of the conviction or liability on appellate review or pardon. The petition must be filed with the department, and the proceeding must be conducted pursuant to the procedures and requirements of this subsection.

2. If the petition for removal is denied, the person or affiliate may not petition for another hearing on removal for a period of 9 months after the date of denial unless the petition is based upon a reversal of the conviction on appellate review or a pardon. The department may petition for removal before the expiration of such period if, in its discretion, it determines that removal is in the public interest.

(4) The conviction of a person or a person being held civilly liable for an antitrust violation, or placement on the antitrust violator vendor list, does not affect any rights or obligations under any contract, franchise, or other binding agreement that predates such conviction, finding of civil liability, or placement on the antitrust violator vendor list.

(5) A person who has been placed on the antitrust violator vendor list is not a qualified applicant for economic incentives under chapter 288, and such person shall not be qualified to receive such economic incentives. This subsection does not apply to economic incentives that are awarded before a person is placed on the antitrust violator vendor list or before July 1, 2021.

(6) This section does not apply to:

(7) This section may only be enforced to the extent not inconsistent with federal law and notwithstanding any other provision of state law.

Section 4. Section 501.2041, Florida Statutes, is created to read:

501.2041 *Unlawful acts and practices by social media platforms.—*

(1) As used in this section, the term:

(a) “Algorithm” means a mathematical set of rules that specifies how a group of data behaves and that will assist in ranking search results and maintaining order or that is used in sorting or ranking content or material based on relevancy or other factors instead of using published time or chronological order of such content or material.

(b) “Censor” includes any action taken by a social media platform to delete, regulate, restrict, edit, alter, inhibit the publication or republication of, suspend a right to post, remove, or post an addendum to any content or material posted by a user. The term also includes actions to inhibit the ability of a user to be viewable by or to interact with another user of the social media platform.

(c) “Deplatform” means the action or practice by a social media platform to permanently delete or ban a user or to temporarily delete or ban a user from the social media platform for more than 14 days.

(d) “Journalistic enterprise” means an entity doing business in Florida that:

1. Publishes in excess of 100,000 words available online with at least 50,000 paid subscribers or 100,000 monthly active users;
2. Publishes 100 hours of audio or video available online with at least 100 million viewers annually;
3. Operates a cable channel that provides more than 40 hours of content per week to more than 100,000 cable television subscribers; or
4. Operates under a broadcast license issued by the Federal Communications Commission.

(e) “Post-prioritization” means action by a social media platform to place, feature, or prioritize certain content or material ahead of, below, or in a more or less prominent position than others in a newsfeed, a feed, a view, or in search results. The term does not include post-prioritization of content and material of a third party, including other users, based on payments by that third party, to the social media platform.

(f) “Shadow ban” means action by a social media platform, through any means, whether the action is determined by a natural person or an algorithm, to limit or eliminate the exposure of a user or content or material posted by a user to other users of the social media platform. This term includes acts of shadow banning by a social media platform which are not readily apparent to a user.

(g) “Social media platform” means any information service, system, Internet search engine, or access software provider that:

1. Provides or enables computer access by multiple users to a computer server, including an Internet platform or a social media site;
2. Operates as a sole proprietorship, partnership, limited liability company, corporation, association, or other legal entity;
3. Does business in the state; and
4. Satisfies at least one of the following thresholds:

a. Has annual gross revenues in excess of \$100 million, as adjusted in January of each odd-numbered year to reflect any increase in the Consumer Price Index.

b. Has at least 100 million monthly individual platform participants globally.

(h) “User” means a person who resides or is domiciled in this state and who has an account on a social media platform, regardless of whether the person posts or has posted content or material to the social media platform.

(2) A social media platform that fails to comply with any of the provisions of this subsection commits an unfair or deceptive act or practice as specified in s. 501.204.

(a) A social media platform must publish the standards, including detailed definitions, it uses or has used for determining how to censor, deplatform, and shadow ban.

(b) A social media platform must apply censorship, deplatforming, and shadow banning standards in a consistent manner among its users on the platform.

(c) A social media platform must inform each user about any changes to its user rules, terms, and agreements before implementing the changes and may not make changes more than once every 30 days.

(d) A social media platform may not censor or shadow ban a user’s content or material or deplatform a user from the social media platform:

1. Without notifying the user who posted or attempted to post the content or material; or
2. In a way that violates this part.

(e) A social media platform must:

1. Provide a mechanism that allows a user to request the number of other individual platform participants who were provided or shown the user’s content or posts.
2. Provide, upon request, a user with the number of other individual platform participants who were provided or shown content or posts.

(f) A social media platform must:

1. Categorize algorithms used for post-prioritization and shadow banning.
2. Allow a user to opt out of post-prioritization and shadow banning algorithm categories to allow sequential or chronological posts and content.

(g) A social media platform must provide users with an annual notice on the use of algorithms for post-prioritization and shadow banning and reoffer annually the opt-out opportunity in subparagraph (f)2.

(h) A social media platform may not apply or use post-prioritization or shadow banning algorithms for content and material posted by or about a user who is known by the social media platform to be a candidate as defined in s. 106.011(3)(e), beginning on the date of qualification and ending on the date of the election or the date the candidate ceases to be a candidate. Post-prioritization of certain content or material from or about a candidate for office based on payments to the social media platform by such candidate for office or a third party is not a violation of this paragraph. A social media platform must provide each user a method by which the user may be identified as a qualified candidate and which provides sufficient information to allow the social media platform to confirm the user’s qualification by reviewing the website of the Division of Elections or the website of the local supervisor of elections.

(i) A social media platform must allow a user who has been deplatformed to access or retrieve all of the user’s information, content, material, and data for at least 60 days after the user receives the notice required under subparagraph (d)1.

(j) A social media platform may not take any action to censor, deplatform, or shadow ban a journalistic enterprise based on the content of

its publication or broadcast. Post-prioritization of certain journalistic enterprise content based on payments to the social media platform by such journalistic enterprise is not a violation of this paragraph. This paragraph does not apply if the content or material is obscene as defined in s. 847.001.

(3) For purposes of subparagraph (2)(d)1., a notification must:

(a) Be in writing.

(b) Be delivered via electronic mail or direct electronic notification to the user within 7 days after the censoring action.

(c) Include a thorough rationale explaining the reason that the social media platform censored the user.

(d) Include a precise and thorough explanation of how the social media platform became aware of the censored content or material, including a thorough explanation of the algorithms used, if any, to identify or flag the user's content or material as objectionable.

(4) Notwithstanding any other provisions of this section, a social media platform is not required to notify a user if the censored content or material is obscene as defined in s. 847.001.

(5) If the department, by its own inquiry or as a result of a complaint, suspects that a violation of this section is imminent, occurring, or has occurred, the department may investigate the suspected violation in accordance with this part. Based on its investigation, the department may bring a civil or administrative action under this part. For the purpose of bringing an action pursuant to this section, ss. 501.211 and 501.212 do not apply.

(6) A user may only bring a private cause of action for violations of paragraph (2)(b) or subparagraph (2)(d)1. In a private cause of action brought under paragraph (2)(b) or subparagraph (2)(d)1., the court may award the following remedies to the user:

(a) Up to \$100,000 in statutory damages per proven claim.

(b) Actual damages.

(c) If aggravating factors are present, punitive damages.

(d) Other forms of equitable relief, including injunctive relief.

(e) If the user was deplatformed in violation of paragraph (2)(b), costs and reasonable attorney fees.

(7) For purposes of bringing an action in accordance with subsections (5) and (6), each failure to comply with the individual provisions of subsection (2) shall be treated as a separate violation, act, or practice. For purposes of bringing an action in accordance with subsections (5) and (6), a social media platform that censors, shadow bans, deplatforms, or applies post-prioritization algorithms to candidates and users in the state is conclusively presumed to be both engaged in substantial and not isolated activities within the state and operating, conducting, engaging in, or carrying on a business, and doing business in this state, and is therefore subject to the jurisdiction of the courts of the state.

(8) In an investigation by the department into alleged violations of this section, the department's investigative powers include, but are not limited to, the ability to subpoena any algorithm used by a social media platform related to any alleged violation.

(9) This section may only be enforced to the extent not inconsistent with federal law and 47 U.S.C. s. 230(e)(3), and notwithstanding any other provision of state law.

Section 5. Subsection (2) of section 501.212, Florida Statutes, is amended to read:

501.212 Application.—This part does not apply to:

(2) Except as provided in s. 501.2041, a publisher, broadcaster, printer, or other person engaged in the dissemination of information or the reproduction of printed or pictorial matter, insofar as the information or matter has been disseminated or reproduced on behalf of others without actual knowledge that it violated this part.

Section 6. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared severable.

Section 7. This act shall take effect July 1, 2021.

(a) The disaster-preparedness plan must outline a comprehensive and effective program to ensure continuity of essential state functions under all circumstances, including, but not limited to, a pandemic or other public health emergency. The plan must identify a baseline of preparedness for a full range of potential emergencies to establish a viable capability to perform essential functions during any emergency or other situation that disrupts normal operations. *This baseline must consider and include preparedness for rapid and large-scale increases in the public's need to access government services through technology or other means during an emergency, including, but not limited to, a public health emergency.*

252.37 Financing.—

(2)(a) It is the legislative intent that the first recourse be made to funds ~~specifically regularly~~ appropriated to state and local agencies for disaster relief or response.

(b) If the Governor finds that the demands placed upon these funds in coping with a particular disaster declared by the Governor as a state of emergency are unreasonably great, she or he may make funds available by transferring and expending moneys ~~appropriated for other purposes, from the Emergency Preparedness and Response Fund.~~

(c) If additional funds are needed, the Governor may make funds available by transferring and expending moneys out of any unappropriated surplus funds, or from the Budget Stabilization Fund if the transfers and expenditures are directly related to the declared disaster or emergency. Notice of such action, as provided in s. 216.177, must be delivered at least 7 days before the effective date of the action, unless a shorter period is agreed to in writing by the President of the Senate and the Speaker of the House of Representatives. If the President of the Senate and the Speaker of the House of Representatives timely advise in writing that the parties object to the transfer, the Governor must void such action.

(d) Following the expiration or termination of the state of emergency, the Governor may transfer moneys with a budget amendment, subject to approval by the Legislative Budget Commission, to satisfy the budget authority granted for such emergency. *The transfers and expenditures supporting the amendment must be directly related to the declared disaster or emergency.*

(7) An agency or political subdivision shall submit in advance a detailed spending plan for any grants, gifts, loans, funds, payments, services, equipment, supplies, or materials in aid of or for the purposes of emergency prevention, recovery, mitigation, preparedness, and management, other than emergency response, received under this section to the President of the Senate, the Speaker of the House of Representatives, and the chairs of the legislative appropriations committees. *This paragraph does not apply to the receipt of any funds from an agency, department, or other affiliated entity of the Federal Government as part of an expedited project worksheet in anticipation of emergency response expenditures. If an emergency situation precludes the timely advanced submission of a detailed spending plan, the plan must be submitted as soon as practicable, but not later than 30 days after initiation of any expenditures, and be resubmitted every 30 days as long as the emergency continues and funds continue to be disbursed.*

(8) For emergency response activities, including an emergency response that includes emergency protective measures or debris removal, the agency or political subdivision is not required to provide a detailed spending plan in advance of expenditures, but must provide notice to the President of the Senate, the Speaker of the House of Representatives, and the chairs of the legislative appropriations committees of all expenditures in aggregate categories incurred in the emergency response no later than 30 days after the expenditure is incurred, and a copy of any project worksheet submitted to the Federal Emergency Management Agency must be submitted to the same parties no later than 7 days after it is submitted to the Federal Emergency Management Agency.

Section 12. Subsection (4) is added to section 252.38, Florida Statutes, to read:

(a) As used in this subsection, the term “emergency order” means an order or ordinance issued or enacted by a political subdivision in response to an emergency pursuant to this chapter or chapter 381 that limits the rights or liberties of individuals or businesses within the political subdivision. *The term does not apply to orders issued in response to hurricanes or other weather-related emergencies.*

(b) *It is the intent of the Legislature to minimize the negative effects of an emergency order issued by a political subdivision. Notwithstanding any other law, an emergency order issued by a political subdivision must be narrowly tailored to serve a compelling public health or safety purpose. Any such emergency order must be limited in duration, applicability, and scope in order to reduce any infringement on individual rights or liberties to the greatest extent possible.*

(c) *An emergency order automatically expires 7 days after issuance but may be extended by a majority vote of the governing body of the political subdivision, as necessary, in 7-day increments for a total duration of not more than 42 days.*

(d) *The Governor may, at any time, invalidate an emergency order issued by a political subdivision if the Governor determines that such order unnecessarily restricts individual rights or liberties.*

(e) *Upon the expiration of an emergency order, a political subdivision may not issue a substantially similar order.*

Section 13. Subsections (1), (2), and (3) of section 252.385, Florida Statutes, are amended to read:

252.385 Public shelter space.—

(1) It is the intent of the Legislature that this state not have a deficit of safe public hurricane evacuation shelter space in any region of the state ~~by 1998 and thereafter.~~

(2)(a) The division shall administer a program to survey existing schools, universities, community colleges, and other state-owned, municipally owned, and county-owned public buildings and any private facility that the owner, in writing, agrees to provide for use as a public hurricane evacuation shelter to identify those that are appropriately designed and located to serve as such shelters. The owners of the facilities must be given the opportunity to participate in the surveys. The state university boards of trustees, district school boards, community college boards of trustees, and the Department of Education are responsible for coordinating and implementing the survey of public schools, universities, and community colleges with the division or the local emergency management agency.

(b) By January 31 of each even-numbered year, the division shall prepare and submit a statewide emergency shelter plan to the Governor and Cabinet for approval, subject to the requirements for approval in s. 1013.37(2). ~~The emergency shelter plan must project, for each of the next 5 years, the hurricane shelter needs of the state, including periods of time during which a concurrent public health emergency may necessitate more space for each individual to accommodate physical distancing. In addition to information on the general shelter needs throughout this state, the plan must shall identify the general location and square footage of special needs shelters, by regional planning council region, during the next 5 years. The plan must shall also include information on the availability of shelters that accept pets. The Department of Health shall assist the division in determining the estimated need for special needs shelter space and the adequacy of facilities to meet the needs of persons with special needs based on information from the registries of persons with special needs and other information.~~

(3) The division shall annually provide to the President of the Senate, the Speaker of the House of Representatives, and the Governor a list of facilities recommended to be retrofitted using state funds. State funds should be maximized and targeted to regional planning council regions with hurricane evacuation shelter deficits. ~~Retrofitting facilities in regions with public hurricane evacuation shelter deficits shall be given first priority and should be completed by 2003. All recommended facilities should be retrofitted by 2008.~~ The owner or lessee of a public hurricane evacuation shelter that is included on the list of facilities recommended for retrofitting is not required to perform any recommended improvements.

Section 14. Subsection (1) of section 252.44, Florida Statutes, is amended to read:

252.44 Emergency mitigation.—

(1) In addition to prevention measures included in the state and local comprehensive emergency management plans, the Governor shall consider on a continuing basis steps that could be taken to mitigate the harmful consequences of emergencies. At the Governor's direction and pursuant to any other authority and competence they have, state agencies, including, but not limited to, those charged with responsibilities in connection with *protecting and maintaining the public health*, flood plain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land use planning, and construction standards, shall make studies of emergency-mitigation-related matters. The Governor, from time to time, shall make such recommendations to the Legislature, local governments, and other appropriate public and private entities as may facilitate measures for mitigation of the harmful consequences of emergencies.

Section 15. Present subsection (3) of section 252.46, Florida Statutes, is redesignated as subsection (5), a new subsection (3) and subsection (4) are added to that section, and subsection (2) of that section is amended, to read:

252.46 Orders and rules.—

(2) All orders and rules adopted by the division or any political subdivision or other agency authorized by ss. 252.31-252.90 to make orders and rules have full force and effect of law after adoption in accordance with ~~the provisions of~~ chapter 120 in the event of issuance by the division or any state agency or, if ~~adopted promulgated~~ by a political subdivision of the state or agency thereof, when filed in the office of the clerk or recorder of the political subdivision or agency ~~adopting promulgating~~ the same. *Failure of a political subdivision to file any such order or rule with the office of the clerk or recorder within 3 days after issuance voids the order or rule.* All existing laws, ordinances, and rules inconsistent with ~~the provisions of~~ ss. 252.31-252.90, or any order or rule issued under the authority of ss. 252.31-252.90, ~~must shall~~ be suspended during the period of time and to the extent that such conflict exists.

(3) *Emergency ordinances, declarations, and orders adopted by a political subdivision under the authority of ss. 252.31-252.90, including those enacted by a municipality pursuant to s. 166.041(3)(b), must be available on a dedicated webpage accessible through a conspicuous link on the political subdivision's homepage. The dedicated webpage must identify the emergency ordinances, declarations, and orders currently in effect. 377.703 Additional functions of the Department of Agriculture and Consumer Services.—

(2) DUTIES.—The department shall perform the following functions, unless as otherwise provided, consistent with the development of a state energy policy:

(a) The Division of Emergency Management is responsible for the development of an energy emergency contingency plan to respond to serious shortages of primary and secondary energy sources. Upon a finding by the Governor, implementation of any emergency program shall be upon order of the Governor that a particular kind or type of fuel is, or that the occurrence of an event which is reasonably expected within 30 days will make the fuel, in short supply. The Division of Emergency Management shall then respond by instituting the appropriate measures of the contingency plan to meet the given emergency or energy shortage. The Governor may utilize the provisions of s. 252.36(6)

s. 252.36(5) to carry out any emergency actions required by a serious shortage of energy sources.

Section 17. Paragraph (c) of subsection (1) and subsection (2) of section 381.00315, Florida Statutes, are amended to read:

381.00315 Public health advisories; public health emergencies; isolation and quarantines.—The State Health Officer is responsible for declaring public health emergencies, issuing public health advisories, and ordering isolation or quarantines.

(1) As used in this section, the term:

(c) “Public health emergency” means any occurrence, or threat thereof, whether natural or manmade, which results or may result in substantial injury or harm to the public health from infectious disease, chemical agents, nuclear agents, biological toxins, or situations involving mass casualties or natural disasters.

(2)(a) *The department shall prepare and maintain a state public health emergency management plan to serve as a comprehensive guide to public health emergency response in this state. The department shall develop the plan in collaboration with the Division of Emergency Management, other executive agencies with functions relevant to public health emergencies, district medical examiners, and national and state public health experts and ensure that it integrates and coordinates with the public health emergency management plans and programs of the Federal Government. The plan must address each element of public health emergency planning and incorporate public health and epidemiological best practices to ensure that the state is prepared for every foreseeable public health emergency. The plan must include an assessment of state and local public health infrastructure, including information systems, physical plant, commodities, and human resources, and an analysis of the infrastructure necessary to achieve the level of readiness proposed by the plan for short-term and long-term public emergencies. Beginning July 1, 2022, the department shall submit the plan to the Division of Emergency Management for inclusion in the state comprehensive emergency management plan pursuant to s. 252.35. The department shall review the plan after the declared end of each public health emergency, and, in any event, at least every 5 years, and update its terms as necessary to ensure continuous planning.*

(b) Before declaring a public health emergency, the State Health Officer shall, to the extent possible, consult with the Governor and shall notify the Chief of Domestic Security. The declaration of a public health emergency shall continue until the State Health Officer finds that the threat or danger has been dealt with to the extent that the emergency conditions no longer exist and he or she terminates the declaration. However, a declaration of a public health emergency may not continue for longer than 60 days unless the Governor concurs in the renewal of the declaration.

(c) *The State Health Officer, upon declaration of a public health emergency, shall establish by order the method and procedure for identifying and reporting cases and deaths involving the infectious disease or other occurrence identified as the basis for the declared public health emergency. The method and procedure must be consistent with any standards developed by the Federal Government specific to the declared emergency or, if federal standards do not exist, must be consistent with public health best practices as identified by the State Health Officer. During the pendency of a public health emergency, the department is the sole entity responsible for the collection and official reporting and publication of cases and deaths. The State Health Officer, by order or emergency rule, may ensure necessary assistance from licensed health care providers in carrying out this function and may request the assistance of district medical examiners in performing this function.*

(d) The State Health Officer, upon declaration of a public health emergency, may take actions that are necessary to protect the public health. Such actions include, but are not limited to:

1. Directing manufacturers of prescription drugs or over-the-counter drugs who are permitted under chapter 499 and wholesalers of prescription drugs located in this state who are permitted under chapter 499 to give priority to the shipping of specified drugs to phar-

Manufacturers and wholesalers located in the state must respond to the State Health Officer’s priority shipping directive before shipping the specified drugs.

2. Notwithstanding chapters 465 and 499 and rules adopted thereunder, directing pharmacists employed by the department to compound bulk prescription drugs and provide these bulk prescription drugs to physicians and nurses of county health departments or any qualified person authorized by the State Health Officer for administration to persons as part of a prophylactic or treatment regimen.

3. Notwithstanding s. 456.036, temporarily reactivating the inactive license of the following health care practitioners, when such practitioners are needed to respond to the public health emergency: physicians licensed under chapter 458 or chapter 459; physician assistants licensed under chapter 458 or chapter 459; licensed practical nurses, registered nurses, and advanced practice registered nurses licensed under part I of chapter 464; respiratory therapists licensed under part V of chapter 468; and emergency medical technicians and paramedics certified under part III of chapter 401. Only those health care practitioners specified in this paragraph who possess an unencumbered inactive license and who request that such license be reactivated are eligible for reactivation. An inactive license that is reactivated under this paragraph shall return to inactive status when the public health emergency ends or before the end of the public health emergency if the State Health Officer determines that the health care practitioner is no longer needed to provide services during the public health emergency. Such licenses may only be reactivated for a period not to exceed 90 days without meeting the requirements of s. 456.036 or chapter 401, as applicable.

4. Ordering an individual to be examined, tested, vaccinated, treated, isolated, or quarantined for communicable diseases that have significant morbidity or mortality and present a severe danger to public health. Individuals who are unable or unwilling to be examined, tested, vaccinated, or treated for reasons of health, religion, or conscience may be subjected to isolation or quarantine.

a. Examination, testing, vaccination, or treatment may be performed by any qualified person authorized by the State Health Officer.

b. If the individual poses a danger to the public health, the State Health Officer may subject the individual to isolation or quarantine. If there is no practical method to isolate or quarantine the individual, the State Health Officer may use any means necessary to vaccinate or treat the individual.

c. Any order of the State Health Officer given to effectuate this paragraph is ~~shall be~~ immediately enforceable by a law enforcement officer under s. 381.0012.

(e)(2) Individuals who assist the State Health Officer at his or her request on a volunteer basis during a public health emergency are entitled to the benefits specified in s. 110.504(2), (3), (4), and (5).

PRAYER

The following prayer was offered by Reverend Kyle Peddie, Corinth Baptist Church, Hosford:

Dear Heavenly Father, we thank you for another day on planet Earth. We want to pause before this great Senate meets today and acknowledge your presence, power, and sovereignty in our world today. Your word says your mercies are new each day, and we sure are grateful for that because we use them up by the end of each day.

As this session draws to a close, we pray for continued wisdom and discernment in all areas of the legislative process. As we agree with one another, let us do so with great love and respect. As we disagree with one another, let us show the same grace. Lord, may that happen inside and especially outside this chamber today and every day. Our country needs healing!

We pray for all the Senators’ families while they are serving here today; bless their spouses, children, grandchildren, and other family members. Protect their homes while they are away as well, we humbly ask. You have been good to us in so many ways, dear Lord, so help us treat others the way you would have us to. Thanks again for allowing us

the privilege to pray and seek your face, and we claim that promise in your word that when we draw close to you, you draw close to us.

Bless all the Senators as they work today, bless President Simpson as he leads, bless the great State of Florida, bless this great nation, and bless your people to know from where all blessings come. Thank you for life, liberty, freedom, and hope that only comes from your son and in his name, I pray. Amen.

PLEDGE

Senator Gainer led the Senate in the Pledge of Allegiance to the flag of the United States of America.

Section 1. Section 489.147, Florida Statutes, is created to read:

489.147 Prohibited property insurance practices.—

(1) *As used in this section, the term:*

(a) *"Prohibited advertisement" means any written or electronic communication by a contractor that encourages, instructs, or induces a consumer to contact a contractor or public adjuster for the purpose of making an insurance claim for roof damage. The term includes, but is not limited to, door hangers, business cards, magnets, flyers, pamphlets, and e-mails.*

(b) *"Soliciting" means contacting:*

1. *In person;*

2. *By electronic means, including, but not limited to, e-mail, telephone, and any other real-time communication directed to a specific person; or*

3. *By delivery to a specific person.*

(2) *A contractor may not directly or indirectly engage in any of the following practices:*

(a) *Soliciting a residential property owner by means of a prohibited advertisement.*

(b) *Offering to a residential property owner a rebate, gift, gift card, cash, coupon, waiver of any insurance deductible, or any other thing of value in exchange for:*

1. *Allowing the contractor to conduct an inspection of the residential property owner's roof; or*

2. *Making an insurance claim for damage to the residential property owner's roof.*

(c) *Offering, delivering, receiving, or accepting any compensation, inducement, or reward, for the referral of any services for which property insurance proceeds are payable. Payment by the residential property owner or insurance company to a contractor for roofing services rendered does not constitute compensation for a referral.*

(d) *Interpreting policy provisions or advising an insured regarding coverages or duties under the insured's property insurance policy or adjusting a property insurance claim on behalf of the insured, unless the contractor holds a license as a public adjuster pursuant to part VI of chapter 626.*

(e) *Providing an insured with an agreement authorizing repairs without providing a good faith estimate of the itemized and detailed cost of services and materials for repairs undertaken pursuant to a property insurance claim. A contractor does not violate this paragraph if, as a result of the process of the insurer adjusting a claim, the actual cost of repairs differs from the initial estimate.*

(3) *A contractor who violates this section is subject to disciplinary proceedings as set forth in s. 489.129. A contractor may receive up to a \$10,000 fine for each violation of this section.*

(4) *For the purposes of this section:*

(a) *The acts of any person on behalf of a contractor, including, but not limited to, the acts of a compensated employee or a nonemployee who is compensated for soliciting, shall be considered the actions of the contractor.*

(b) *An unlicensed person who engages in an act prohibited by this section is guilty of unlicensed contracting and is subject to the penalties set forth in s. 489.13. Notwithstanding s. 489.13(3), an unlicensed person who violates this section may be fined up to \$10,000 for each violation.*

(5) A contractor may not execute a contract with a residential property owner to repair or replace a roof without including a notice that the contractor may not engage in the practices set forth in paragraph (2)(b). If the contractor fails to include such notice, the residential property owner may void the contract within 10 days after executing it.

Section 2. Paragraph (a) of subsection (2) of section 624.316, Florida Statutes, is amended to read:

(2)(a) Except as provided in paragraph (f), the office may examine each insurer, *including affiliates*, as often as may be warranted for the protection of the policyholders and in the public interest, and shall examine each domestic insurer not less frequently than once every 5 years. The examination shall cover the preceding 5 fiscal years of the insurer and shall be commenced within 12 months after the end of the most recent fiscal year being covered by the examination. The examination may cover any period of the insurer's operations since the last previous examination. The examination may include examination of events subsequent to the end of the most recent fiscal year and the events of any prior period that affect the present financial condition of the insurer.

Section 3. Subsection (2) of section 624.318, Florida Statutes, is amended to read:

624.318 Conduct of examination or investigation; access to records; correction of accounts; appraisals.—

(2) Every person, *including an affiliate*, being examined or investigated, and its officers, attorneys, employees, agents, and representatives, shall make freely available to the department or office or its examiners or investigators the accounts, records, documents, files, information, assets, and matters in their possession or control relating to the subject of the examination or investigation. An agent who provides other products or services or maintains customer information not related to insurance must maintain records relating to insurance products and transactions separately if necessary to give the department or office access to such records. If records relating to the insurance transactions are maintained by an agent on premises owned or operated by a third party, the agent and the third party must provide access to the records by the department or office.

Section 4. Subsection (11) of section 624.424, Florida Statutes, is renumbered as subsection (12), and a new subsection (11) and subsection (13) are added to that section, to read:

624.424 Annual statement and other information.—

(11) *Beginning January 1, 2022, each authorized insurer or insurer group issuing personal lines or commercial lines residential property insurance policies in this state shall file with the office on an annual basis in conjunction with the statements required by paragraph (1)(a) a supplemental report on an individual and group basis for closed claims. (s) *The contingency risk multiplier, if any, that a court applied in calculating the attorney fees awarded to the claimant's attorney.*

(t) *Any other information deemed necessary by the commission to provide the office with the ability to track litigation and claims trends occurring in the property market.*

(13) *Each insurer doing business in this state which pays a fee, commission, or other financial consideration or payment to any affiliate directly or indirectly is required upon request to provide to the office any information the office deems necessary. The fee, commission, or other financial consideration or payment to any affiliate must be fair and reasonable. In determining whether the fee, commission, or other financial consideration or payment is fair and reasonable, the office shall consider, among other things, the actual cost of the service being provided.*

Section 5. Subsection (6) of section 626.7451, Florida Statutes, is amended to read:

626.7451 Managing general agents; required contract provisions.— No person acting in the capacity of a managing general agent shall place business with an insurer unless there is in force a written contract between the parties which sets forth the responsibility for a particular function, specifies the division of responsibilities, and contains the following minimum provisions:

(6) The contract shall specify appropriate underwriting guidelines, including:

- (a) The maximum annual premium volume.
- (b) The basis of the rates to be charged.
- (c) The types of risks which may be written.
- (d) Maximum limits of liability.
- (e) Applicable exclusions.
- (f) Territorial limitations.
- (g) Policy cancellation provisions.
- (h) The maximum policy period.

~~This subsection shall not apply when the managing general agent is a controlled or controlling person.~~

For the purposes of this section and ss. 626.7453 and 626.7454, the term "controlling person" or "controlling" has the meaning set forth in

s. 625.012(5)(b)1., and the term “controlled person” or “controlled” has the meaning set forth in s. 625.012(5)(b)2.

Section 6. Section 626.7452, Florida Statutes, is amended to read:

626.7452 Managing general agents; examination authority.—The acts of the managing general agent are considered to be the acts of the insurer on whose behalf it is acting. A managing general agent may be examined as if it were the insurer ~~except in the case where the managing general agent solely represents a single domestic insurer.~~

Section 7. Subsection (15) of section 626.854, Florida Statutes, is amended, and subsection (20) is added to that section, to read:

626.854 “Public adjuster” defined; prohibitions.—The legislature finds that it is necessary for the protection of the public to regulate public insurance adjusters and to prevent the unauthorized practice of law.

(15) A licensed contractor under part I of chapter 489, or a sub-contractor of such licensee, may not advertise, solicit, offer to handle, handle, or perform public adjuster services as provided in subsection (1) ~~adjust a claim on behalf of an insured~~ unless licensed and compliant as a public adjuster under this chapter. *The prohibition against solicitation does not preclude a contractor from suggesting or otherwise recommending to a consumer that the consumer consider contacting his or her insurer to determine if the proposed repair is covered under the consumer’s insurance policy, except as it relates to solicitation prohibited in s. 489.147. In addition* However, the contractor may discuss or explain a bid for construction or repair of covered property with the residential property owner who has suffered loss or damage covered by a property insurance policy, or the insurer of such property, if the contractor is doing so for the usual and customary fees applicable to the work to be performed as stated in the contract between the contractor and the insured.

(20)(a) *Any following act by a public adjuster, a public adjuster apprentice, or a person acting on behalf of a public adjuster or public adjuster apprentice is prohibited and shall result in discipline as applicable under part VI of this chapter:*

1. *Offering to a residential property owner a rebate, gift, gift card, cash, coupon, waiver of any insurance deductible, or any other thing of value in exchange for:*

a. *Allowing a contractor, a public adjuster, a public adjuster apprentice, or a person acting on behalf of a public adjuster or public adjuster apprentice to conduct an inspection of the residential property owner’s roof; or*

b. *Making an insurance claim for damage to the residential property owner’s roof.*

2. *Offering, delivering, receiving, or accepting any compensation, inducement, or reward for the referral of any services for which property insurance proceeds would be used for roofing repairs or replacement.*

(b) *Notwithstanding the fine set forth in s. 626.8698, a public adjuster or public adjuster apprentice may be subject to a fine not to exceed \$10,000 per act for a violation of this subsection.*

(c) *A person who engages in an act prohibited by this subsection and who is not a public adjuster or a public adjuster apprentice, or is not otherwise exempt from licensure, is guilty of the unlicensed practice of public adjusting and may be:*

1. *Subject to all applicable penalties set forth in part VI of this chapter.*

2. *Notwithstanding subparagraph 1., subject to a fine not to exceed \$10,000 per act for a violation of this subsection.*

Section 8. Paragraphs (c) and (n) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (jj) is added to subsection (6) of that section, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(c) The corporation’s plan of operation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to non-residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. Effective January 1, 2013, the corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) “Quota share primary insurance” means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.

(II) “Eligible risks” means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish ad-

ditional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of nine individuals who are residents of this state and who are from different geographical areas of the state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appoint-

ment of a consumer representative by the Governor is deemed to be within the scope of the exemption provided in s. 112.313(7)(b) and is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and be deemed to be within the scope of the exemption provided in s. 112.313(7)(b). The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall appoint a technical advisory group to provide information and advice to the board in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 ~~15~~ percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a personal lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. However, a policyholder removed from the corporation through an assumption agreement

remains eligible for coverage from the corporation until the end of the assumption period. The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a commercial lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the

agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-subparagraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. A comparison may be made solely of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage in the coastal account, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income for an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.

8. Must provide objective criteria and procedures to be uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors. *If catastrophe reinsurance is not available at reasonable rates, the corporation need not purchase it, but the corporation shall include the costs of reinsurance to cover its projected 100-year probable maximum loss in its rate calculations even if it does not purchase catastrophe reinsurance.*

10. The policies issued by the corporation must provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that, with respect to the coastal account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds, but a limited apportionment company must begin collecting the regular assessments not later than 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.d. The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.d. may not be limited or deferred.

14. Must provide that the corporation appoint as its licensed agents only those agents who throughout such appointments also hold an appointment as defined in s. 626.015 by an insurer who is authorized to write and is actually writing or renewing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built before 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. Must provide coverage for manufactured or mobile home dwellings. Such coverage must also include the following attached structures:

a. Screened enclosures that are aluminum framed or screened enclosures that are not covered by the same or substantially the same materials as those of the primary dwelling;

b. Carports that are aluminum or carports that are not covered by the same or substantially the same materials as those of the primary dwelling; and

c. Patios that have a roof covering that is constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.

The corporation shall make available a policy for mobile homes or manufactured homes for a minimum insured value of at least \$3,000.

18. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

19. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

20. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

21. As of January 1, 2012, must require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

**ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:**

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

a. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of this subparagraph.

b. The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(n)1. Rates for coverage provided by the corporation must be actuarially sound and subject to s. 627.062, except as otherwise provided in this paragraph. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, the model shall be considered when establishing the windstorm portion of the corporation's rates. The corporation may use the public model results in combination with the results of private models to calculate rates for the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

~~4. The rate filings for the corporation which were approved by the office and took effect January 1, 2007, are rescinded, except for those rates that were lowered. As soon as possible, the corporation shall begin using the lower rates that were in effect on December 31, 2006, and provide refunds to policyholders who paid higher rates as a result of that rate filing. The rates in effect on December 31, 2006, remain in effect for the 2007 and 2008 calendar years except for any rate change that results in a lower rate. The next rate change that may increase rates shall take effect pursuant to a new rate filing recommended by the corporation and established by the office, subject to this paragraph.~~

~~4.5. Beginning on July 15, 2009, and annually thereafter, The corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes, to be effective no earlier than January 1, 2010.~~

~~5.6. Beginning on or after January 1, 2010, and Notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall annually implement a rate increase which, except for sinkhole coverage, does not exceed the following 10 percent for any single policy issued by the corporation, excluding coverage changes and surcharges:~~

- ~~a. Eleven percent for 2022.~~
- ~~b. Twelve percent for 2023.~~
- ~~c. Thirteen percent for 2024.~~
- ~~d. Fourteen percent for 2025.~~
- ~~e. Fifteen percent for 2026 and all subsequent years.~~

~~6.7. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).~~

~~7.8. The corporation's implementation of rates as prescribed in subparagraph 5. 6. shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing for each commercial and personal line of business the corporation writes.~~

~~(j) The corporation's budget allocations for the compensation of all corporation employees and any proposed raise for an individual employee exceeding 10 percent of that employee's current salary must be approved by the board of governors. The corporation must have an overall employee compensation plan approved by the board of governors.~~

Section 9. Subsection (5) of section 627.3518, Florida Statutes, is amended to read:

627.3518 Citizens Property Insurance Corporation policyholder eligibility clearinghouse program.—The purpose of this section is to provide a framework for the corporation to implement a clearinghouse program by January 1, 2014.

(5) Notwithstanding s. 627.3517, any applicant for new coverage from the corporation is not eligible for coverage from the corporation if provided an offer of coverage from an authorized insurer through the program at a premium that is at or below the eligibility threshold established in s. 627.351(6)(c)5.a. Whenever an offer of coverage for a personal lines risk is received for a policyholder of the corporation at renewal from an authorized insurer through the program, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. In the event an offer of coverage for a new applicant is received from an authorized insurer through the program, and the premium offered exceeds the eligibility threshold contained in s. 627.351(6)(c)5.a., the applicant or insured may elect to accept such coverage, or may elect to accept or continue coverage with the corporation. In the event an offer of coverage for a personal lines risk is received from an authorized insurer at renewal through the program, and the premium offered is more than the corporation's renewal premium for comparable coverage, the insured may elect to accept such coverage, or may elect to accept or continue coverage with the corporation. Section 627.351(6)(c)5.a.(I) does not apply to an offer of coverage from an authorized insurer obtained through the program. An applicant for coverage from the corporation who was declared ineligible for coverage at renewal by the corporation in the previous 36 months due to an offer of coverage pursuant to this subsection shall be considered a renewal under this section if the corporation determines that the authorized insurer making the offer of coverage pursuant to this subsection continues to insure the applicant and increased the rate on the policy in excess of the increase allowed for the corporation under s. 627.351(6)(n)5. ~~s. 627.351(6)(n)6.~~

Section 10. Subsection (1) of section 627.428, Florida Statutes, is amended to read:

627.428 Attorney fees.—

(1) Upon the rendition of a judgment or decree by any of the courts of this state against an insurer and in favor of any named or omnibus insured or the named beneficiary under a policy or contract executed by the insurer, the trial court or, in the event of an appeal in which the insured or beneficiary prevails, the appellate court shall adjudge or decree against the insurer and in favor of the insured or beneficiary a reasonable sum as fees or compensation for the insured's or beneficiary's attorney prosecuting the suit in which the recovery is had. *In a suit arising under a residential or commercial property insurance policy not brought by an assignee, the amount of reasonable attorney fees under this subsection shall be modified and awarded as provided in s. 57.105 or s. 627.70152.*

Section 11. Paragraph (c) of subsection (4) of section 627.7011, Florida Statutes, is redesignated as paragraph (d), and a new paragraph (c) is added to that subsection, to read:

627.7011 Homeowners' policies; offer of replacement cost coverage and law and ordinance coverage.—

(4)

(c) *An insurer that issues a homeowner's insurance policy or schedule providing that any loss that is repaired or replaced will be adjusted on the basis of actual cash value must:*

1. *Provide a policyholder with a form, approved by the office, that the policyholder must sign at the initial policy or schedule issuance, and must fully advise the policyholder of the nature of the coverage being accepted if the policyholder chooses to purchase a policy providing actual cash value coverage. The signed form creates the conclusive presumption that there was an informed, knowing acceptance of actual cash value coverage and rejection of replacement cost coverage.*

2. Include with the policy or schedule providing actual cash value coverage at the initial issuance and every renewal, in bold type no smaller than 18 points, the following statement:

“YOU ARE ELECTING TO PURCHASE COVERAGE ON YOUR HOME THAT PROVIDES THAT ANY LOSS THAT IS REPAIRED OR REPLACED WILL BE ADJUSTED ON THE BASIS OF ACTUAL CASH VALUE. THIS MEANS THAT DEPRECIATION IN THE VALUE OF YOUR LOST OR DAMAGED PROPERTY WILL BE CONSIDERED IN DETERMINING WHAT THE INSURER PAYS YOU FOR YOUR LOSS OR DAMAGE. BE ADVISED THIS MAY RESULT IN YOUR HAVING TO PAY SIGNIFICANT COSTS TO REPAIR OR REPLACE YOUR PROPERTY. PLEASE DISCUSS WITH YOUR INSURANCE AGENT.”

3. At least once every 3 years, provide a policyholder who has a policy or schedule providing actual cash value coverage with notice, on a form approved by the office, that replacement cost coverage is available.

4. Unless the insurer obtains the policyholder’s written acceptance of actual cash value coverage pursuant to this subsection, deem the policy or schedule to include replacement cost coverage.

Section 12. Section 627.70132, Florida Statutes, is amended to read:

(3) For claims resulting from hurricanes, tornadoes, windstorms, severe rain, or other weather-related events that are tracked by weather services and media, the date of loss is the date that the hurricane made landfall, or the tornado, windstorm, severe rain, or other weather-related event is verified by the National Oceanic and Atmospheric Administration.

(4) Subject to the time limits provided for in s. 95.11, a supplemental claim is not barred as long as notice of that claim is given to the insurer while the claim to which the supplemental claim is related remains open.

(5) For purposes of this section, a claim that an insurer has closed without providing an insured with the total amount due for the loss or damage is not considered a closed claim ~~the term “supplemental claim” or “reopened claim” means any additional claim for recovery from the insurer for losses from the same hurricane or windstorm which the insurer has previously adjusted pursuant to the initial claim.~~

(6) This section does not affect any applicable limitation on civil actions provided in s. 95.11 for claims, supplemental claims, or reopened claims timely filed under this section.

Section 13. Paragraph (e) of subsection (9) of section 627.7015, Florida Statutes, is amended to read:

(c) “Disputed amount” means the difference between the claimant’s presuit settlement demand, not including attorney fees and costs listed in the demand, and the insurer’s presuit settlement offer, not including attorney fees and costs, if part of the offer.

(d) “Presuit settlement demand” means the demand made by the claimant in the written notice of intent to initiate litigation as required by paragraph (3)(e). The demand must include the amount of reasonable and necessary attorney fees and costs incurred by the claimant, to be calculated by multiplying the number of hours actually worked on the claim, by the claimant’s attorney as of the date of the notice by a reasonable hourly rate.

(e) As a condition precedent to filing a suit under a property insurance policy, provide the department with written notice of intent to initiate litigation on a form provided by the department. Such notice must be given at least 10 business days before filing suit under the policy, but may not be given before the insurer has made a determination of coverage under s. 627.70131. If the insurer responds by asserting the right to reinspect the damaged property, it has 14 business days after the response asserting that right, to reinspect the property and accept or continue to deny coverage. The time limits provided in s. 95.11 are tolled during the reinspection period if such time limits expire before the end of the reinspection period. If the insurer continues to deny coverage, the claimant may file suit without providing additional notice to the insurer.*

(b) *If an insurer is responding to a notice provided to the insurer alleging an act or omission by the insurer other than a denial of coverage, the insurer must respond by making a settlement offer or requiring the claimant to participate in appraisal or another method of alternative dispute resolution. The time limits provided in s. 95.11 are tolled as long as appraisal or other alternative dispute resolution is ongoing if such time limits expire during the appraisal process or dispute resolution process. If the appraisal or alternative dispute resolution has not been concluded within 90 days after the expiration of the 10-day notice of intent to initiate litigation specified in subsection (3), the claimant or claimant's attorney may immediately file suit without providing the insurer additional notice.*

(8) **ATTORNEY FEES.**—

(a) *In a suit arising under a residential or commercial property insurance policy not brought by an assignee, the amount of reasonable*

attorney fees and costs under s. 627.428(1) shall be calculated and awarded as follows:

1. *If the difference between the amount obtained by the claimant and the presuit settlement offer, excluding reasonable attorney fees and costs, is less than 20 percent of the disputed amount, each party pays its own attorney fees and costs and a claimant may not be awarded attorney fees under s. 627.428(1).*

2. *If the difference between the amount obtained by the claimant and the presuit settlement offer, excluding reasonable attorney fees and costs, is at least 20 percent but less than 50 percent of the disputed amount, the insurer pays the claimant's attorney fees and costs under s. 627.428(1) equal to the percentage of the disputed amount obtained times the total attorney fees and costs.*

(a) *The office may require any insurer registered under this section to produce such records, books, or other information and papers in the possession of the insurer or its affiliates as are reasonably necessary.*

(b) *The office may retain at the registered insurer's expense such attorneys, actuaries, accountants and other experts not otherwise a part of the office's staff as shall be reasonably necessary to assist in the conduct of the examination under this subsection. Any persons so retained shall be under the direction and control of the office and shall act in a purely advisory capacity.*

(c) *Each registered insurer producing for examination records, books, and papers pursuant to this subsection is liable for and shall pay the expense of examination in accordance with s. 624.320.*

(d) *The office shall have the power to examine the affiliates of the registered insurer. The scope of the examination of an insurer's affiliates under this subsection must be limited to information reasonably necessary. An examination of an insurer's affiliate under this section, unless reasonably necessary to ascertain the financial condition of the insurer, may not extend to the passive investors of affiliates in the holding company system which do not provide services directly or indirectly to the insurer or have direct or indirect relationships with the insurer.*

Section 3. Subsection (6) of section 626.7451, Florida Statutes, is amended to read:

626.7451 Managing general agents; required contract provisions.—No person acting in the capacity of a managing general agent shall place business with an insurer unless there is in force a written contract between the parties which sets forth the responsibility for a particular function, specifies the division of responsibilities, and contains the following minimum provisions:

- (b) The basis of the rates to be charged.
- (c) The types of risks which may be written.
- (d) Maximum limits of liability.
- (e) Applicable exclusions.
- (f) Territorial limitations.
- (g) Policy cancellation provisions.
- (h) The maximum policy period.

~~This subsection shall not apply when the managing general agent is a controlled or controlling person.~~

Section 4. Section 626.7452, Florida Statutes, is amended to read:

626.7452 Managing general agents; examination authority.—The acts of the managing general agent are considered to be the acts of the insurer on whose behalf it is acting. (15) A licensed contractor under part I of chapter 489, or a sub-contractor of such licensee, may not advertise, solicit, offer to handle, handle, or perform public adjuster services as provided in subsection (1) ~~adjust a claim on behalf of an insured~~ unless licensed and compliant as a public adjuster under this chapter. *The prohibition against solicitation does not preclude a contractor from suggesting or otherwise recommending to a consumer that the consumer consider contacting his or her insurer to determine if the proposed repair is covered under the consumer’s insurance policy, except as it relates to solicitation prohibited in s. 489.147. In addition* However, the contractor may discuss or explain a bid for construction or repair of covered property with the residential property owner who has suffered loss or damage covered by a property insurance policy, or the insurer of such property, if the contractor is doing so for the usual and customary fees applicable to the work to be performed as stated in the contract between the contractor and the insured.

(20)(a) Any following act by a public adjuster, a public adjuster apprentice, or a person acting on behalf of a public adjuster or public

adjuster apprentice is prohibited and shall result in discipline as applicable under part VI of this chapter:

1. Offering to a residential property owner a rebate, gift, gift card, cash, coupon, waiver of any insurance deductible, or any other thing of value in exchange for:

a. Allowing a contractor, a public adjuster, a public adjuster apprentice, or a person acting on behalf of a public adjuster or public adjuster apprentice to conduct an inspection of the residential property owner’s roof; or

b. Making an insurance claim for damage to the residential property owner’s roof.

2. Offering, delivering, receiving, or accepting any compensation, inducement, or reward for the referral of any services for which property insurance proceeds would be used for roofing repairs or replacement.

(b) Notwithstanding the fine set forth in s. 626.8698, a public adjuster or public adjuster apprentice may be subject to a fine not to exceed \$10,000 per act for a violation of this subsection.

(c) A person who engages in an act prohibited by this subsection and who is not a public adjuster or a public adjuster apprentice, or is not otherwise exempt from licensure, is guilty of the unlicensed practice of public adjusting and may be:

1. Subject to all applicable penalties set forth in part VI of this chapter.

2. Notwithstanding subparagraph 1., subject to a fine not to exceed \$10,000 per act for a violation of this subsection.

(1) Upon the rendition of a judgment or decree by any court of this state against a surplus lines insurer in favor of any named or omnibus insured or the named beneficiary under a policy or contract executed by the insurer on or after the effective date of this act, the trial court or, if the insured or beneficiary prevails on appeal, the appellate court, shall adjudge or decree against the insurer in favor of the insured or beneficiary a reasonable sum as fees or compensation for the insured’s or beneficiary’s attorney prosecuting the lawsuit for which recovery is awarded. *In a suit arising under a residential or commercial property insurance policy not brought by an assignee, the amount of reasonable attorney fees shall be awarded to an insured only as provided in s. 57.105 or s. 627.70152, as applicable.*

Section 7. Paragraphs (c) and (n) of subsection (6) of section 627.351, Florida Statutes, are amended, and paragraph (jj) is added to subsection (6) of that section, to read:

627.351 Insurance risk apportionment plans.—

(6) CITIZENS PROPERTY INSURANCE CORPORATION.—

(c) The corporation’s plan of operation:

1. Must provide for adoption of residential property and casualty insurance policy forms and commercial residential and nonresidential property insurance forms, which must be approved by the office before use. The corporation shall adopt the following policy forms:

a. Standard personal lines policy forms that are comprehensive multiperil policies providing full coverage of a residential property equivalent to the coverage provided in the private insurance market under an HO-3, HO-4, or HO-6 policy.

b. Basic personal lines policy forms that are policies similar to an HO-8 policy or a dwelling fire policy that provide coverage meeting the requirements of the secondary mortgage market, but which is more limited than the coverage under a standard policy.

c. Commercial lines residential and nonresidential policy forms that are generally similar to the basic perils of full coverage obtainable for

commercial residential structures and commercial nonresidential structures in the admitted voluntary market.

d. Personal lines and commercial lines residential property insurance forms that cover the peril of wind only. The forms are applicable only to residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

e. Commercial lines nonresidential property insurance forms that cover the peril of wind only. The forms are applicable only to non-residential properties located in areas eligible for coverage under the coastal account referred to in sub-subparagraph (b)2.a.

f. The corporation may adopt variations of the policy forms listed in sub-subparagraphs a.-e. which contain more restrictive coverage.

g. Effective January 1, 2013, the corporation shall offer a basic personal lines policy similar to an HO-8 policy with dwelling repair based on common construction materials and methods.

2. Must provide that the corporation adopt a program in which the corporation and authorized insurers enter into quota share primary insurance agreements for hurricane coverage, as defined in s. 627.4025(2)(a), for eligible risks, and adopt property insurance forms for eligible risks which cover the peril of wind only.

a. As used in this subsection, the term:

(I) "Quota share primary insurance" means an arrangement in which the primary hurricane coverage of an eligible risk is provided in specified percentages by the corporation and an authorized insurer. The corporation and authorized insurer are each solely responsible for a specified percentage of hurricane coverage of an eligible risk as set forth in a quota share primary insurance agreement between the corporation and an authorized insurer and the insurance contract. The responsibility of the corporation or authorized insurer to pay its specified percentage of hurricane losses of an eligible risk, as set forth in the agreement, may not be altered by the inability of the other party to pay its specified percentage of losses. Eligible risks that are provided hurricane coverage through a quota share primary insurance arrangement must be provided policy forms that set forth the obligations of the corporation and authorized insurer under the arrangement, clearly specify the percentages of quota share primary insurance provided by the corporation and authorized insurer, and conspicuously and clearly state that the authorized insurer and the corporation may not be held responsible beyond their specified percentage of coverage of hurricane losses.

(II) "Eligible risks" means personal lines residential and commercial lines residential risks that meet the underwriting criteria of the corporation and are located in areas that were eligible for coverage by the Florida Windstorm Underwriting Association on January 1, 2002.

b. The corporation may enter into quota share primary insurance agreements with authorized insurers at corporation coverage levels of 90 percent and 50 percent.

c. If the corporation determines that additional coverage levels are necessary to maximize participation in quota share primary insurance agreements by authorized insurers, the corporation may establish additional coverage levels. However, the corporation's quota share primary insurance coverage level may not exceed 90 percent.

d. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation must provide for a uniform specified percentage of coverage of hurricane losses, by county or territory as set forth by the corporation board, for all eligible risks of the authorized insurer covered under the agreement.

e. Any quota share primary insurance agreement entered into between an authorized insurer and the corporation is subject to review and approval by the office. However, such agreement shall be authorized only as to insurance contracts entered into between an authorized insurer and an insured who is already insured by the corporation for wind coverage.

f. For all eligible risks covered under quota share primary insurance agreements, the exposure and coverage levels for both the corporation and authorized insurers shall be reported by the corporation to the

Florida Hurricane Catastrophe Fund. For all policies of eligible risks covered under such agreements, the corporation and the authorized insurer must maintain complete and accurate records for the purpose of exposure and loss reimbursement audits as required by fund rules. The corporation and the authorized insurer shall each maintain duplicate copies of policy declaration pages and supporting claims documents.

g. The corporation board shall establish in its plan of operation standards for quota share agreements which ensure that there is no discriminatory application among insurers as to the terms of the agreements, pricing of the agreements, incentive provisions if any, and consideration paid for servicing policies or adjusting claims.

h. The quota share primary insurance agreement between the corporation and an authorized insurer must set forth the specific terms under which coverage is provided, including, but not limited to, the sale and servicing of policies issued under the agreement by the insurance agent of the authorized insurer producing the business, the reporting of information concerning eligible risks, the payment of premium to the corporation, and arrangements for the adjustment and payment of hurricane claims incurred on eligible risks by the claims adjuster and personnel of the authorized insurer. Entering into a quota sharing insurance agreement between the corporation and an authorized insurer is voluntary and at the discretion of the authorized insurer.

3. May provide that the corporation may employ or otherwise contract with individuals or other entities to provide administrative or professional services that may be appropriate to effectuate the plan. The corporation may borrow funds by issuing bonds or by incurring other indebtedness, and shall have other powers reasonably necessary to effectuate the requirements of this subsection, including, without limitation, the power to issue bonds and incur other indebtedness in order to refinance outstanding bonds or other indebtedness. The corporation may seek judicial validation of its bonds or other indebtedness under chapter 75. The corporation may issue bonds or incur other indebtedness, or have bonds issued on its behalf by a unit of local government pursuant to subparagraph (q)2. in the absence of a hurricane or other weather-related event, upon a determination by the corporation, subject to approval by the office, that such action would enable it to efficiently meet the financial obligations of the corporation and that such financings are reasonably necessary to effectuate the requirements of this subsection. The corporation may take all actions needed to facilitate tax-free status for such bonds or indebtedness, including formation of trusts or other affiliated entities. The corporation may pledge assessments, projected recoveries from the Florida Hurricane Catastrophe Fund, other reinsurance recoverables, policyholder surcharges and other surcharges, and other funds available to the corporation as security for bonds or other indebtedness. In recognition of s. 10, Art. I of the State Constitution, prohibiting the impairment of obligations of contracts, it is the intent of the Legislature that no action be taken whose purpose is to impair any bond indenture or financing agreement or any revenue source committed by contract to such bond or other indebtedness.

4. Must require that the corporation operate subject to the supervision and approval of a board of governors consisting of nine individuals who are residents of this state and who are from different geographical areas of the state, one of whom is appointed by the Governor and serves solely to advocate on behalf of the consumer. The appointment of a consumer representative by the Governor is deemed to be within the scope of the exemption provided in s. 112.313(7)(b) and is in addition to the appointments authorized under sub-subparagraph a.

a. The Governor, the Chief Financial Officer, the President of the Senate, and the Speaker of the House of Representatives shall each appoint two members of the board. At least one of the two members appointed by each appointing officer must have demonstrated expertise in insurance and be deemed to be within the scope of the exemption provided in s. 112.313(7)(b). The Chief Financial Officer shall designate one of the appointees as chair. All board members serve at the pleasure of the appointing officer. All members of the board are subject to removal at will by the officers who appointed them. All board members, including the chair, must be appointed to serve for 3-year terms beginning annually on a date designated by the plan. However, for the first term beginning on or after July 1, 2009, each appointing officer shall appoint one member of the board for a 2-year term and one member for a 3-year term. A board vacancy shall be filled for the unexpired term by the appointing officer. The Chief Financial Officer shall

appoint a technical advisory group to provide information and advice to the board in connection with the board's duties under this subsection. The executive director and senior managers of the corporation shall be engaged by the board and serve at the pleasure of the board. Any executive director appointed on or after July 1, 2006, is subject to confirmation by the Senate. The executive director is responsible for employing other staff as the corporation may require, subject to review and concurrence by the board.

b. The board shall create a Market Accountability Advisory Committee to assist the corporation in developing awareness of its rates and its customer and agent service levels in relationship to the voluntary market insurers writing similar coverage.

(I) The members of the advisory committee consist of the following 11 persons, one of whom must be elected chair by the members of the committee: four representatives, one appointed by the Florida Association of Insurance Agents, one by the Florida Association of Insurance and Financial Advisors, one by the Professional Insurance Agents of Florida, and one by the Latin American Association of Insurance Agencies; three representatives appointed by the insurers with the three highest voluntary market share of residential property insurance business in the state; one representative from the Office of Insurance Regulation; one consumer appointed by the board who is insured by the corporation at the time of appointment to the committee; one representative appointed by the Florida Association of Realtors; and one representative appointed by the Florida Bankers Association. All members shall be appointed to 3-year terms and may serve for consecutive terms.

(II) The committee shall report to the corporation at each board meeting on insurance market issues which may include rates and rate competition with the voluntary market; service, including policy issuance, claims processing, and general responsiveness to policyholders, applicants, and agents; and matters relating to depopulation.

5. Must provide a procedure for determining the eligibility of a risk for coverage, as follows:

a. Subject to s. 627.3517, with respect to personal lines residential risks, if the risk is offered coverage from an authorized insurer at the insurer's approved rate under a standard policy including wind coverage or, if consistent with the insurer's underwriting rules as filed with the office, a basic policy including wind coverage, for a new application to the corporation for coverage, the risk is not eligible for any policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 20 ~~15~~ percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a personal lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. If the risk is not able to obtain such offer, the risk is eligible for a standard policy including wind coverage or a basic policy including wind coverage issued by the corporation; however, if the risk could not be insured under a standard policy including wind coverage regardless of market conditions, the risk is eligible for a basic policy including wind coverage unless rejected under subparagraph 8. However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period. The corporation shall determine the type of policy to be provided on the basis of objective standards specified in the underwriting manual and based on generally accepted underwriting practices.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or to the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

b. With respect to commercial lines residential risks, for a new application to the corporation for coverage, if the risk is offered coverage under a policy including wind coverage from an authorized insurer at its approved rate, the risk is not eligible for a policy issued by the corporation unless the premium for coverage from the authorized insurer is more than 15 percent greater than the premium for comparable coverage from the corporation. Whenever an offer of coverage for a commercial lines residential risk is received for a policyholder of the corporation at renewal from an authorized insurer, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. If the risk is not able to obtain any such offer, the risk is eligible for a policy including wind coverage issued by the corporation. However, a policyholder removed from the corporation through an assumption agreement remains eligible for coverage from the corporation until the end of the assumption period.

(I) If the risk accepts an offer of coverage through the market assistance plan or through a mechanism established by the corporation other than a plan established by s. 627.3518, before a policy is issued to the risk by the corporation or during the first 30 days of coverage by the corporation, and the producing agent who submitted the application to the plan or the corporation is not currently appointed by the insurer, the insurer shall:

(A) Pay to the producing agent of record of the policy, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record of the policy to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

(II) If the corporation enters into a contractual agreement for a take-out plan, the producing agent of record of the corporation policy is entitled to retain any unearned commission on the policy, and the insurer shall:

(A) Pay to the producing agent of record, for the first year, an amount that is the greater of the insurer's usual and customary commission for the type of policy written or a fee equal to the usual and customary commission of the corporation; or

(B) Offer to allow the producing agent of record to continue servicing the policy for at least 1 year and offer to pay the agent the greater of the

insurer's or the corporation's usual and customary commission for the type of policy written.

If the producing agent is unwilling or unable to accept appointment, the new insurer shall pay the agent in accordance with sub-sub-sub-sub-paragraph (A).

c. For purposes of determining comparable coverage under sub-paragraphs a. and b., the comparison must be based on those forms and coverages that are reasonably comparable. The corporation may rely on a determination of comparable coverage and premium made by the producing agent who submits the application to the corporation, made in the agent's capacity as the corporation's agent. A comparison may be made solely of the premium with respect to the main building or structure only on the following basis: the same coverage A or other building limits; the same percentage hurricane deductible that applies on an annual basis or that applies to each hurricane for commercial residential property; the same percentage of ordinance and law coverage, if the same limit is offered by both the corporation and the authorized insurer; the same mitigation credits, to the extent the same types of credits are offered both by the corporation and the authorized insurer; the same method for loss payment, such as replacement cost or actual cash value, if the same method is offered both by the corporation and the authorized insurer in accordance with underwriting rules; and any other form or coverage that is reasonably comparable as determined by the board. If an application is submitted to the corporation for wind-only coverage in the coastal account, the premium for the corporation's wind-only policy plus the premium for the ex-wind policy that is offered by an authorized insurer to the applicant must be compared to the premium for multiperil coverage offered by an authorized insurer, subject to the standards for comparison specified in this subparagraph. If the corporation or the applicant requests from the authorized insurer a breakdown of the premium of the offer by types of coverage so that a comparison may be made by the corporation or its agent and the authorized insurer refuses or is unable to provide such information, the corporation may treat the offer as not being an offer of coverage from an authorized insurer at the insurer's approved rate.

6. Must include rules for classifications of risks and rates.

7. Must provide that if premium and investment income for an account attributable to a particular calendar year are in excess of projected losses and expenses for the account attributable to that year, such excess shall be held in surplus in the account. Such surplus must be available to defray deficits in that account as to future years and used for that purpose before assessing assessable insurers and assessable insureds as to any calendar year.

8. Must provide objective criteria and procedures to be uniformly applied to all applicants in determining whether an individual risk is so hazardous as to be uninsurable. In making this determination and in establishing the criteria and procedures, the following must be considered:

a. Whether the likelihood of a loss for the individual risk is substantially higher than for other risks of the same class; and

b. Whether the uncertainty associated with the individual risk is such that an appropriate premium cannot be determined.

The acceptance or rejection of a risk by the corporation shall be construed as the private placement of insurance, and the provisions of chapter 120 do not apply.

9. Must provide that the corporation make its best efforts to procure catastrophe reinsurance at reasonable rates, to cover its projected 100-year probable maximum loss as determined by the board of governors. *If catastrophe reinsurance is not available at reasonable rates, the corporation need not purchase it, but the corporation shall include the costs of reinsurance to cover its projected 100-year probable maximum loss in its rate calculations even if it does not purchase catastrophe reinsurance.*

10. The policies issued by the corporation must provide that if the corporation or the market assistance plan obtains an offer from an authorized insurer to cover the risk at its approved rates, the risk is no longer eligible for renewal through the corporation, except as otherwise provided in this subsection.

11. Corporation policies and applications must include a notice that the corporation policy could, under this section, be replaced with a policy issued by an authorized insurer which does not provide coverage identical to the coverage provided by the corporation. The notice must also specify that acceptance of corporation coverage creates a conclusive presumption that the applicant or policyholder is aware of this potential.

12. May establish, subject to approval by the office, different eligibility requirements and operational procedures for any line or type of coverage for any specified county or area if the board determines that such changes are justified due to the voluntary market being sufficiently stable and competitive in such area or for such line or type of coverage and that consumers who, in good faith, are unable to obtain insurance through the voluntary market through ordinary methods continue to have access to coverage from the corporation. If coverage is sought in connection with a real property transfer, the requirements and procedures may not provide an effective date of coverage later than the date of the closing of the transfer as established by the transferor, the transferee, and, if applicable, the lender.

13. Must provide that, with respect to the coastal account, any assessable insurer with a surplus as to policyholders of \$25 million or less writing 25 percent or more of its total countrywide property insurance premiums in this state may petition the office, within the first 90 days of each calendar year, to qualify as a limited apportionment company. A regular assessment levied by the corporation on a limited apportionment company for a deficit incurred by the corporation for the coastal account may be paid to the corporation on a monthly basis as the assessments are collected by the limited apportionment company from its insureds, but a limited apportionment company must begin collecting the regular assessments not later than 90 days after the regular assessments are levied by the corporation, and the regular assessments must be paid in full within 15 months after being levied by the corporation. A limited apportionment company shall collect from its policyholders any emergency assessment imposed under sub-subparagraph (b)3.d. The plan must provide that, if the office determines that any regular assessment will result in an impairment of the surplus of a limited apportionment company, the office may direct that all or part of such assessment be deferred as provided in subparagraph (q)4. However, an emergency assessment to be collected from policyholders under sub-subparagraph (b)3.d. may not be limited or deferred.

14. Must provide that the corporation appoint as its licensed agents only those agents who throughout such appointments also hold an appointment as defined in s. 626.015 by an insurer who is authorized to write and is actually writing or renewing personal lines residential property coverage, commercial residential property coverage, or commercial nonresidential property coverage within the state.

15. Must provide a premium payment plan option to its policyholders which, at a minimum, allows for quarterly and semiannual payment of premiums. A monthly payment plan may, but is not required to, be offered.

16. Must limit coverage on mobile homes or manufactured homes built before 1994 to actual cash value of the dwelling rather than replacement costs of the dwelling.

17. Must provide coverage for manufactured or mobile home dwellings. Such coverage must also include the following attached structures:

a. Screened enclosures that are aluminum framed or screened enclosures that are not covered by the same or substantially the same materials as those of the primary dwelling;

b. Carports that are aluminum or carports that are not covered by the same or substantially the same materials as those of the primary dwelling; and

c. Patios that have a roof covering that is constructed of materials that are not the same or substantially the same materials as those of the primary dwelling.

The corporation shall make available a policy for mobile homes or manufactured homes for a minimum insured value of at least \$3,000.

18. May provide such limits of coverage as the board determines, consistent with the requirements of this subsection.

19. May require commercial property to meet specified hurricane mitigation construction features as a condition of eligibility for coverage.

20. Must provide that new or renewal policies issued by the corporation on or after January 1, 2012, which cover sinkhole loss do not include coverage for any loss to appurtenant structures, driveways, sidewalks, decks, or patios that are directly or indirectly caused by sinkhole activity. The corporation shall exclude such coverage using a notice of coverage change, which may be included with the policy renewal, and not by issuance of a notice of nonrenewal of the excluded coverage upon renewal of the current policy.

21. As of January 1, 2012, must require that the agent obtain from an applicant for coverage from the corporation an acknowledgment signed by the applicant, which includes, at a minimum, the following statement:

ACKNOWLEDGMENT OF POTENTIAL SURCHARGE
AND ASSESSMENT LIABILITY:

1. AS A POLICYHOLDER OF CITIZENS PROPERTY INSURANCE CORPORATION, I UNDERSTAND THAT IF THE CORPORATION SUSTAINS A DEFICIT AS A RESULT OF HURRICANE LOSSES OR FOR ANY OTHER REASON, MY POLICY COULD BE SUBJECT TO SURCHARGES, WHICH WILL BE DUE AND PAYABLE UPON RENEWAL, CANCELLATION, OR TERMINATION OF THE POLICY, AND THAT THE SURCHARGES COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

2. I UNDERSTAND THAT I CAN AVOID THE CITIZENS POLICYHOLDER SURCHARGE, WHICH COULD BE AS HIGH AS 45 PERCENT OF MY PREMIUM, BY OBTAINING COVERAGE FROM A PRIVATE MARKET INSURER AND THAT TO BE ELIGIBLE FOR COVERAGE BY CITIZENS, I MUST FIRST TRY TO OBTAIN PRIVATE MARKET COVERAGE BEFORE APPLYING FOR OR RENEWING COVERAGE WITH CITIZENS. I UNDERSTAND THAT PRIVATE MARKET INSURANCE RATES ARE REGULATED AND APPROVED BY THE STATE.

3. I UNDERSTAND THAT I MAY BE SUBJECT TO EMERGENCY ASSESSMENTS TO THE SAME EXTENT AS POLICYHOLDERS OF OTHER INSURANCE COMPANIES, OR A DIFFERENT AMOUNT AS IMPOSED BY THE FLORIDA LEGISLATURE.

4. I ALSO UNDERSTAND THAT CITIZENS PROPERTY INSURANCE CORPORATION IS NOT SUPPORTED BY THE FULL FAITH AND CREDIT OF THE STATE OF FLORIDA.

a. The corporation shall maintain, in electronic format or otherwise, a copy of the applicant's signed acknowledgment and provide a copy of the statement to the policyholder as part of the first renewal after the effective date of this subparagraph.

b. The signed acknowledgment form creates a conclusive presumption that the policyholder understood and accepted his or her potential surcharge and assessment liability as a policyholder of the corporation.

(n)1. Rates for coverage provided by the corporation must be actuarially sound and subject to s. 627.062, except as otherwise provided in this paragraph. The corporation shall file its recommended rates with the office at least annually. The corporation shall provide any additional information regarding the rates which the office requires. The office shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the office.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida

Commission on Hurricane Loss Projection Methodology, the model shall be considered when establishing the windstorm portion of the corporation's rates. The corporation may use the public model results in combination with the results of private models to calculate rates for the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

~~4. The rate filings for the corporation which were approved by the office and took effect January 1, 2007, are rescinded, except for those rates that were lowered. As soon as possible, the corporation shall begin using the lower rates that were in effect on December 31, 2006, and provide refunds to policyholders who paid higher rates as a result of that rate filing. The rates in effect on December 31, 2006, remain in effect for the 2007 and 2008 calendar years except for any rate change that results in a lower rate. The next rate change that may increase rates shall take effect pursuant to a new rate filing recommended by the corporation and established by the office, subject to this paragraph.~~

~~4.5. Beginning on July 15, 2009, and annually thereafter, The corporation must make a recommended actuarially sound rate filing for each personal and commercial line of business it writes, to be effective no earlier than January 1, 2010.~~

~~5.6. Beginning on or after January 1, 2010, and Notwithstanding the board's recommended rates and the office's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall annually implement a rate increase which, except for sinkhole coverage, does not exceed the following 10 percent for any single policy issued by the corporation, excluding coverage changes and surcharges:~~

- ~~a. Eleven percent for 2022.~~
- ~~b. Twelve percent for 2023.~~
- ~~c. Thirteen percent for 2024.~~
- ~~d. Fourteen percent for 2025.~~
- ~~e. Fifteen percent for 2026 and all subsequent years.~~

~~6.7. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).~~

~~7.8. The corporation's implementation of rates as prescribed in subparagraph 5. 6. shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing for each commercial and personal line of business the corporation writes.~~

~~(jj) The corporation's budget allocations for the compensation of all corporation employees and any proposed raise for an individual employee exceeding 10 percent of that employee's current salary must be approved by the board of governors. The corporation must have an overall employee compensation plan approved by the board of governors.~~

Section 8. Subsection (5) of section 627.3518, Florida Statutes, is amended to read:

627.3518 Citizens Property Insurance Corporation policyholder eligibility clearinghouse program.—The purpose of this section is to provide a framework for the corporation to implement a clearinghouse program by January 1, 2014.

(5) Notwithstanding s. 627.3517, any applicant for new coverage from the corporation is not eligible for coverage from the corporation if provided an offer of coverage from an authorized insurer through the program at a premium that is at or below the eligibility threshold established in s. 627.351(6)(c)5.a. Whenever an offer of coverage for a personal lines risk is received for a policyholder of the corporation at renewal from an authorized insurer through the program, if the offer is equal to or less than the corporation's renewal premium for comparable coverage, the risk is not eligible for coverage with the corporation. In the event an offer of coverage for a new applicant is received from an authorized insurer through the program, and the premium offered exceeds the eligibility threshold contained in s. 627.351(6)(c)5.a., the applicant or insured may elect to accept such coverage, or may elect to accept or

continue coverage with the corporation. In the event an offer of coverage for a personal lines risk is received from an authorized insurer at renewal through the program, and the premium offered is more than the corporation's renewal premium for comparable coverage, the insured may elect to accept such coverage, or may elect to accept or continue coverage with the corporation. Section 627.351(6)(c)5.a.(I) does not apply to an offer of coverage from an authorized insurer obtained through the program. An applicant for coverage from the corporation who was declared ineligible for coverage at renewal by the corporation in the previous 36 months due to an offer of coverage pursuant to this subsection shall be considered a renewal under this section if the corporation determines that the authorized insurer making the offer of coverage pursuant to this subsection continues to insure the applicant and increased the rate on the policy in excess of the increase allowed for the corporation under s. 627.351(6)(n)5. ~~s. 627.351(6)(n)6.~~

Section 9. Subsection (1) of section 627.428, Florida Statutes, is amended to read:

(3) *For claims resulting from hurricanes, tornadoes, windstorms, severe rain, or other weather-related events, the date of loss is the date that the hurricane made landfall or the tornado, windstorm, severe rain, or other weather-related event is verified by the National Oceanic and Atmospheric Administration. For purposes of this section, the term “supplemental claim” or “reopened claim” means any additional claim for recovery from the insurer for losses from the same hurricane or windstorm which the insurer has previously adjusted pursuant to the initial claim.*

(4) This section does not affect any applicable limitation on civil actions provided in s. 95.11 for claims, supplemental claims, or reopened claims timely filed under this section.

Section 11. Paragraph (e) of subsection (9) of section 627.7015, Florida Statutes, is amended to read:

(9) For purposes of this section, the term “claim” refers to any dispute between an insurer and a policyholder relating to a material issue of fact other than a dispute:

(a) With respect to which the insurer has a reasonable basis to suspect fraud;

(b) When, based on agreed-upon facts as to the cause of loss, there is no coverage under the policy;

(c) With respect to which the insurer has a reasonable basis to believe that the policyholder has intentionally made a material misrepresentation of fact which is relevant to the claim, and the entire request for payment of a loss has been denied on the basis of the material misrepresentation;

(d) With respect to which the amount in controversy is less than \$500, unless the parties agree to mediate a dispute involving a lesser amount; or

(e) With respect to a ~~windstorm or hurricane~~ loss that does not comply with s. 627.70132.

Section 12. Section 627.70152, Florida Statutes, is created to read:

627.70152 *Suits arising under a property insurance policy.—*

(1) *APPLICATION.—This section applies exclusively to all suits not brought by an assignee arising under a residential or commercial property insurance policy, including a residential or commercial property insurance policy issued by an eligible surplus lines insurer.*

(b) *“Claimant” means an insured who is filing suit under a residential or commercial property insurance policy.*

(c) *“Disputed amount” means the difference between the claimant's presuit settlement demand, not including attorney fees and costs listed in the demand, and the insurer's presuit settlement offer, not including attorney fees and costs, if part of the offer.*

(d) *“Presuit settlement demand” means the demand made by the claimant in the written notice of intent to initiate litigation as required by paragraph (3)(e). The demand must include the amount of reasonable and necessary attorney fees and costs incurred by the claimant, to be calculated by multiplying the number of hours actually worked on the claim by the claimant's attorney as of the date of the notice by a reasonable hourly rate.*

(e) *“Presuit settlement offer” means the offer made by the insurer in its written response to the notice as required by subsection (3).*

(3) *NOTICE.—*

(a) *As a condition precedent to filing a suit under a property insurance policy, a claimant must provide the department with written notice of intent to initiate litigation on a form provided by the department. Such notice must be given at least 10 business days before filing suit under the policy, but may not be given before the insurer has made a determination of coverage under s. 627.70131. Notice to the insurer must be provided by the department to the e-mail address designated by the insurer under s. 624.422. The notice must state with specificity all of the following information:*

1. *That the notice is provided pursuant to this section.*

2. *The alleged acts or omissions of the insurer giving rise to the suit, which may include a denial of coverage.*

3. *If provided by an attorney or other representative, that a copy of the notice was provided to the claimant.*

4. If the notice is provided following a denial of coverage, an estimate of damages, if known.

5. If the notice is provided following acts or omissions by the insurer other than denial of coverage, both of the following:

a. The presuit settlement demand, which must itemize the damages, attorney fees, and costs.

b. The disputed amount.

Documentation to support the information provided in this paragraph may be provided along with the notice to the insurer.

(b) A claimant must serve a notice of intent to initiate litigation within the time limits provided in s. 95.11. However, the notice is not required if the suit is a counterclaim. Service of a notice tolls the time limits provided in s. 95.11 for 10 business days if such time limits will expire before the end of the 10-day notice period.

(4) **INSURER DUTIES.**—An insurer must have a procedure for the prompt investigation, review, and evaluation of the dispute stated in the notice and must investigate each claim contained in the notice in accordance with the Florida Insurance Code. An insurer must respond in writing within 10 business days after receiving the notice specified in subsection (3). The insurer must provide the response to the claimant by e-mail if the insured has designated an e-mail address in the notice.

(a) If an insurer is responding to a notice served on the insurer following a denial of coverage by the insurer, the insurer must respond by:

1. Accepting coverage;
2. Continuing to deny coverage; or

3. Asserting the right to reinspect the damaged property. If the insurer responds by asserting the right to reinspect the damaged property, it has 14 business days after the response asserting that right to reinspect the property and accept or continue to deny coverage. The time limits provided in s. 95.11 are tolled during the reinspection period if such time limits expire before the end of the reinspection period. If the insurer continues to deny coverage, the claimant may file suit without providing additional notice to the insurer.

(b) If an insurer is responding to a notice provided to the insurer alleging an act or omission by the insurer other than a denial of coverage, the insurer must respond by making a settlement offer or requiring the claimant to participate in appraisal or another method of alternative dispute resolution. The time limits provided in s. 95.11 are tolled as long as appraisal or other alternative dispute resolution is ongoing if such time limits expire during the appraisal process or dispute resolution process. If the appraisal or alternative dispute resolution has not been concluded within 90 days after the expiration of the 10-day notice of intent to initiate litigation specified in subsection (3), the claimant or claimant's attorney may immediately file suit without providing the insurer additional notice.

(5) **DISMISSAL OF SUIT.**—A court must dismiss without prejudice any claimant's suit relating to a claim for which a notice of intent to initiate litigation was not given as required by this section or if such suit is commenced before the expiration of any time period provided under subsection (4), as applicable.

(6) **ADMISSIBILITY OF NOTICE AND RESPONSE.**—The notice provided pursuant to subsection (3) and, if applicable, the documentation to support the information provided in the notice:

(a) Are admissible as evidence only in a proceeding regarding attorney fees.

(b) Do not limit the evidence of attorney fees or costs, damages, or loss which may be offered at trial.

(c) Do not relieve any obligation that an insured or assignee has to give notice under any other provision of law.

(7) **TOLLING.**—If a claim is not resolved during the presuit notice process and if the time limits provided in s. 95.11 expire in the 30 days

following the conclusion of the presuit notice process, such time limits are tolled for 30 days.

(8) **ATTORNEY FEES.**—

(a) In a suit arising under a residential or commercial property insurance policy not brought by an assignee, the amount of reasonable attorney fees and costs under s. 626.9373(1) or s. 627.428(1) shall be calculated and awarded as follows:

1. If the difference between the amount obtained by the claimant and the presuit settlement offer, excluding reasonable attorney fees and costs, is less than 20 percent of the disputed amount, each party pays its own attorney fees and costs and a claimant may not be awarded attorney fees under s. 626.9373(1) or s. 627.428(1).

2. If the difference between the amount obtained by the claimant and the presuit settlement offer, excluding reasonable attorney fees and costs, is at least 20 percent but less than 50 percent of the disputed amount, the insurer pays the claimant's attorney fees and costs under s. 626.9373(1) or s. 627.428(1) equal to the percentage of the disputed amount obtained times the total attorney fees and costs.

3. If the difference between the amount obtained by the claimant and the presuit settlement offer, excluding reasonable attorney fees and costs, is at least 50 percent of the disputed amount, the insurer pays the claimant's full attorney fees and costs under s. 626.9373(1) or s. 627.428(1).

(b) In a suit arising under a residential or commercial property insurance policy not brought by an assignee, if a court dismisses a claimant's suit pursuant to subsection (5), the court may not award to the claimant any incurred attorney fees for services rendered before the dismissal of the suit.

Section 13. Section 627.70153, Florida Statutes, is created to read:

627.70153 **Consolidation of residential property insurance actions.**—Each party that is aware of ongoing multiple actions involving coverage provided under the same residential property insurance policy for the same property with the same owners must provide written notice to the court of the multiple actions. Upon notification of any party, the court may order that the actions be consolidated and transferred to the court having jurisdiction based on the total amount in controversy of all consolidated claims. If multiple cases are pending in circuit courts, the cases may be consolidated based on the date on which the first case was filed.

(f) Notwithstanding any provision in this section to the contrary, in the event of an action in tort against a third party in which the recipient or his or her legal representative is a party which results in a judgment, award, or settlement from a third party, the amount recovered shall be distributed as follows:

1. After ~~attorney~~ attorney's fees and taxable costs as defined by the Florida Rules of Civil Procedure, one-half of the remaining recovery shall be paid to the agency up to the total amount of medical assistance provided by Medicaid.

2. The remaining amount of the recovery shall be paid to the recipient.

3. For purposes of calculating the agency's recovery of medical assistance benefits paid, the fee for services of an attorney retained by the recipient or his or her legal representative shall be calculated at 25 percent of the judgment, award, or settlement.

4. Notwithstanding any other provision of this section to the contrary, the agency shall be entitled to all medical coverage benefits up to the total amount of medical assistance provided by Medicaid. For purposes of this paragraph, the term "medical coverage" means any benefits under health insurance, a health maintenance organization, a preferred provider arrangement, or a prepaid health clinic, and the portion of benefits designated for medical payments under ~~coverage for workers' compensation coverage, motor vehicle insurance coverage, personal injury protection, and casualty coverage.~~

As used in this paragraph, the term "up-coded" means an action that submits a billing code that would result in a greater payment amount than would be paid using a billing code that accurately describes the services performed. The term does not include an otherwise lawful bill by a magnetic resonance imaging facility which globally combines both technical and professional components, if the amount of the global bill is not more than the components if billed separately; however, payment of such a bill constitutes payment in full for all components of such service "up-coded" as defined in s. ~~627.732~~.

(ff) With respect to making a ~~medical payments coverage personal injury protection~~ claim pursuant to s. 627.7265 as required by s. ~~627.736~~, intentionally submitting a claim, statement, or bill for payment of services that were not rendered.

(b) By the commission of any of the following acts by the insurer:

1. *Except for a civil action for bad faith failure to settle a third-party claim subject to s. 624.156*, not attempting in good faith to settle claims when, under all the circumstances, it could and should have done so, had it acted fairly and honestly toward its insured and with due regard for her or his interests;

2. Making claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which payments are being made; ~~or~~

3. Except as to liability coverages, failing to promptly settle claims, when the obligation to settle a claim has become reasonably clear, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage; or

4. *When handling a first-party claim under a motor vehicle insurance policy, not attempting in good faith to settle such claim pursuant to subparagraph 1. when such failure is caused by a failure to communicate to an insured:*

a. *The name, telephone number, e-mail address, and mailing address of the person who is adjusting the claim;*

b. *Any issues that may impair the insured's coverage;*

c. *Information that might resolve the coverage issue in a prompt manner;*

d. *Any basis for the insurer's rejection or nonacceptance of any settlement demand or offer; or*

e. *Any needed extensions to respond to a time-limited settlement offer.*

Notwithstanding the provisions of the above to the contrary, a person pursuing a remedy under this section need not prove that such act was committed or performed with such frequency as to indicate a general business practice.

(8) The civil remedy specified in this section does not preempt any other remedy or cause of action provided for pursuant to any other statute or pursuant to the common law of this state. ~~A person is may obtain a judgment under either the common law remedy of bad faith or this statutory remedy, but shall not be entitled to a judgment under multiple bad faith both remedies.~~ This section shall not be construed to create a common-law cause of action. The damages recoverable pursuant to this section shall include those damages which are a reasonably foreseeable result of a specified violation of this section by the authorized insurer and may include an award or judgment in an amount that exceeds the policy limits.

Section 34. Section 624.156, Florida Statutes, is created to read:

624.156 Actions against motor vehicle insurers for bad faith failure to settle third-party claims.—

(1) *SCOPE.—This section applies in all actions against any insurer for bad faith failure to settle a third-party claim for a loss arising out of the ownership, maintenance, or use of a motor vehicle operated or principally garaged in this state at the time of an incident or a loss, regardless of whether the insurer is authorized to do business in this state or issued a policy in this state. This section governs in any conflict with common law or any other statute.*

(2) *DUTY OF GOOD FAITH.—In handling claims, an insurer has a duty to its insured to handle claims in good faith by complying with the best practices standards of subsection (4). An insurer's negligence does not constitute bad faith. However, negligence is relevant to whether an insurer acted in bad faith.*

(3) **BAD FAITH FAILURE TO SETTLE.**—The term “bad faith failure to settle” means an insurer’s failure to meet its duty of good faith, as described in subsection (2), which is a proximate cause of the insurer not settling a third-party claim when, under all the circumstances, the insurer could and should have done so, had it acted fairly and honestly toward its insured and with due regard for the insured’s interests.

(4) **BEST PRACTICES STANDARDS.**—An insurer must meet the best practices standards of this subsection. The insurer’s duty begins upon receiving actual notice of an incident or a loss that could give rise to a covered liability claim and continues until the claim is resolved. Notice may be communicated to the insurer or an agent of the insurer by any means. However, if actual notice is communicated by means other than through any manner permitted by the policy or other documents provided to the insured by the insurer, through the insurer’s website, or through the e-mail address designated by the insurer under s. 624.422, the notice will not be effective under this subsection if that variation causes actual prejudice to the insurer’s ability to settle the claim. The burden is on the party bringing the bad faith claim to prove that the insurer had actual notice of the incident or loss giving rise to the claim that resulted in an excess judgment and when such notice was received. After receipt of actual notice, an insurer:

(a) Must assign a duly licensed and appointed insurance adjuster to investigate the extent of the insured’s probable exposure and diligently attempt to resolve any questions concerning the existence or extent of the insured’s coverage.

(b) Based on available information, must ethically evaluate every claim fairly, honestly, and with due regard for the interests of the insured; consider the extent of the claimant’s recoverable damages; and consider the information in a reasonable and prudent manner.

(c) Must request from the insured or claimant additional relevant information the insurer reasonably deems necessary to evaluate whether to settle a claim.

(d) Must conduct all oral and written communications with the insured with the utmost honesty and complete candor.

(e) Must make reasonable efforts to explain to persons not represented by counsel matters requiring expertise beyond the level normally expected of a layperson with no training in insurance or claims-handling issues.

(f) Must retain all written communications and note and retain a summary of all verbal communications in a reasonable manner for a period of not less than 5 years after the later of:

1. The entry of a judgment against the insured in excess of policy limits becomes final; or
2. The conclusion of the extracontractual claim, if any, including any related appeals.

(g) Must provide the insured, upon request, with all communications related to the insurer’s handling of the claim which are not privileged as to the insured.

(h) Must provide, at the insurer’s expense, reasonable accommodations necessary to communicate effectively with an insured covered under the Americans with Disabilities Act.

(i) In handling third-party claims, must communicate to an insured all of the following:

1. The identity of any other person or entity the insurer has reason to believe may be liable.
2. The insurer’s evaluation of the claim.
3. The likelihood and possible extent of an excess judgment.
4. Steps the insured can take to avoid exposure to an excess judgment, including the right to secure personal counsel at the insured’s expense.
5. The insured’s duty to cooperate with the insurer, including any specific requests required because of a settlement opportunity or by the

insurer for the insured’s cooperation under subsection (5), the purpose of the required cooperation, and the consequences of refusing to cooperate.

6. Any settlement demands or offers.

(j) If, after the expiration of the safe harbor periods in subsection (8), the facts available to the insurer indicate that the insured’s liability is likely to exceed the policy limits, must initiate settlement negotiations by tendering its policy limits to the claimant in exchange for a general release of the insured.

(k)1. Must give fair consideration to a settlement offer that is not unreasonable under the facts available to the insurer and settle, if possible, when a reasonably prudent person, faced with the prospect of paying the total probable exposure of the insured, would do so. The insurer shall provide reasonable assistance to the insured to comply with the insured’s obligations to cooperate and shall act reasonably to attempt to satisfy any conditions of a claimant’s settlement offer. If it is not possible to settle a liability claim within the available policy limits, the insurer shall act reasonably to attempt to minimize the excess exposure to the insured.

2. When multiple claims arise out of a single occurrence, the combined value of all claims exceeds the total of all applicable policy limits, and the claimants are unwilling to globally settle within the policy limits, thereafter, must attempt to minimize the magnitude of possible excess judgments against the insured. The insurer is entitled to great discretion to decide how much to offer each respective claimant in its attempt to protect the insured. The insurer may, in its effort to minimize the excess liability of the insured, use its discretion to offer the full available policy limits to one or more claimants to the exclusion of other claimants and may leave the insured exposed to some liability after all the policy limits are paid. An insurer does not act in bad faith simply because it is unable to settle all claims in a multiple claimant case. It is a defense to a bad faith action if the insurer establishes that it used its discretion for the benefit of its insureds and complied with the other best practices standards of this subsection.

(l) When a loss creates the potential for a third-party claim against more than one insured, must attempt to settle the claim on behalf of all insureds against whom a claim may be presented. If it is not possible to settle on behalf of all insureds, the insurer may, in consultation with the insureds, enter into reasonable settlements of claims against certain insureds to the exclusion of other insureds.

(m) Must respond to any request for insurance information in compliance with s. 626.9372 or s. 627.4137, as applicable.

(n) Where it appears the insured’s probable exposure is greater than policy limits, must take reasonable measures to preserve evidence, for a reasonable period of time, which is needed for the defense of the liability claim.

(o) Must comply with s. 627.426, if applicable.

(p) May not commit or perform with such frequency as to indicate a general business practice, any of the following:

1. Failing to adopt and implement standards for the proper investigation of claims.
2. Misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue.
3. Failing to acknowledge and act promptly upon communications with respect to claims.
4. Denying claims without conducting reasonable investigations based upon available information.

(5) **INSURED’S DUTY TO COOPERATE.**—

(a) Insureds have a duty to cooperate with their insurer in the defense of the claim and in making settlements. Accordingly, the insured must take any reasonable action requested by the injured claimant or provided in the policy which is necessary to assist the insurer in settling a covered claim, including:

1. Executing affidavits regarding the facts within the insured's knowledge regarding the covered loss; and

2. Providing documents, including those requested pursuant to paragraph (b).

(b) When it is reasonably necessary to settle a covered claim valued in excess of all applicable policy limits, upon the request of the injured claimant, an insured must disclose on a form adopted by the department or provided by the claimant a summary of the following:

1. The insured's assets at the time of the loss, including:
 - a. Cash, stocks, bonds, and nonretirement-based mutual funds;
 - b. Nonhomestead real property;
 - c. All registered vehicles;
 - d. All bank accounts;
 - e. An estimated net accounting of all other assets; and
 - f. Any additional information included by the department.
2. The insured's liabilities, including:
 - a. Mortgage debt;
 - b. Credit card debt;
 - c. Child support and alimony payments;
 - d. Other liabilities; and
 - e. Any additional information included by the department.
3. For a corporate entity, information on its balance sheet, including the corporate entity's:
 - a. Cash, property, equipment, and inventory;
 - b. Liabilities, including obligations, rent, money owed to vendors, payroll, and taxes;
 - c. Other information relevant to understanding the entity's capital and net worth; and
 - d. Any additional information included by the department.
4. A list of all insurance policies that may provide coverage for the claim, stating the name of the insurer and policy number of each policy.
5. For natural persons, a statement of whether the insured was acting in the course and scope of employment at the time of the incident or loss giving rise to the claim and, if so, providing the name and contact information for the insured's employer.

(c) No later than 14 days following actual notice of an incident or a loss that could give rise to a covered liability claim, the insurer must notify the insured of the insured's duties under this subsection. The burden is on the insurer to prove that it provided notice to the insured of the insured's duty to cooperate; otherwise, a presumption arises that the insured met its duty to cooperate under this subsection.

(d) An insurer may terminate the defense as to any insured who unreasonably fails to meet its duties under this subsection when:

1. The insurer exercised diligence and met its duties under subparagraph (4)(i)5.;
2. The insurer provided reasonable assistance to the insured to comply with the obligations of this subsection;
3. The insurer gave the insured written notice of any failure to cooperate and a reasonable opportunity for the insured to cure the lack of cooperation, consistent with any deadlines imposed by settlement negotiations;

4. The insured's failure to cooperate causes the insurer to be unable to settle the claim; and

5. The insurer unconditionally tenders its available coverage policy limits directly to the claimant or the claimant's attorney.

(e) When an insured's defense is terminated in compliance with this subsection, the insurer is not liable for any damages caused by a failure to settle or defend the liability claim against that insured.

(6) CLAIMANT COMMUNICATIONS.—The trier of fact may not attribute the insurer's failure to settle a covered third-party claim to a claimant's lack of communication with the insurer when the claimant truthfully complies with all applicable standards of this subsection by:

(a) Contemporaneously with or before making a claim with the insurer, communicating in writing to the insurer:

1. The date and location of loss;
2. The name, address, and date of birth of the claimant; and
3. A physical address, an e-mail address, and a facsimile number for further communications, including, but not limited to, responses to any settlement demand.

(b) Presenting the following in writing:

1. The legal and factual basis of the claim; and
2. A reasonably detailed description of the claimant's:
 - a. Known injuries caused or aggravated by the incident or loss on which the claim is based;
 - b. Medical treatment causally related to the incident or loss on which the claim is based;
 - c. Relevant pre-accident medical conditions, if known; and
 - d. Type and amount of known damages incurred and, if any, the damages the claimant reasonably anticipates incurring in the future.

(c) Providing any settlement demand in writing and stating within such demand:

1. The name of each insured to whom the demand for settlement is directed;
2. The amount of the demand for settlement; and
3. Any conditions the claimant is placing on acceptance of the demand for settlement.

This subsection does not reduce an insurer's duty of good faith, which is owed solely to its insured. The claimant owes no duty to the insured or the insurer, and the duties of the claimant's attorney are owed solely to the claimant. The claimant and the claimant's attorney do not have a duty to comply with this subsection.

(7) CONDITIONS PRECEDENT.—It is a condition precedent to filing an action against an insurer for bad faith failure to settle a third-party claim that:

(a) A third-party claimant obtained a final judgment in excess of the policy limits against the insured or the insured's estate, bankruptcy trustee, or successor in interest, unless the insurer expressly waived the requirement of a final excess judgment or wrongfully breached its duty to defend the insured; and

(b) The insurer or an agent of the insurer received actual notice effective under subsection (4).

(8) SAFE HARBORS.—

(a) After an insurer receives actual notice of an incident or a loss that could give rise to a covered liability claim, the insurer is entitled to a reasonable opportunity to investigate and evaluate the claim. The amount of time required for the insurer's investigation and evaluation will vary depending on the circumstances of the claim. The safe harbors

provided in this subsection are available to an insurer that complies with the best practices standards of subsection (4).

(b) When one claim arises out of a single occurrence, and an insurer initiates settlement negotiations by tendering the applicable policy limits in exchange for a general release of the insured within 45 days after receiving actual notice of the loss, the failure to tender the policy limits sooner does not constitute bad faith.

(c) When multiple claims arise out of a single occurrence, the combined value of all claims exceeds the total of all applicable policy limits, and an insurer initiates settlement negotiations by globally tendering the applicable policy limits in exchange for a general release of the insured within 45 days after receiving actual notice of the loss, the failure to tender policy limits sooner does not constitute bad faith.

(d) An insurer is not under any circumstances liable for the failure to accept a settlement offer within 45 days after receiving actual notice of the loss if:

1. The settlement offer provides the insurer fewer than 15 days for acceptance; or

2. The settlement offer provides the insurer fewer than 30 days for acceptance where the offer contains conditions for acceptance other than the insurer's disclosure of its policy limits.

(e) This subsection does not require that an insurer automatically tender policy limits within 45 days in every case.

(9) **BURDEN OF PROOF.**—In any action for bad faith failure to settle:

(a) The party bringing the bad faith claim must prove every element of the claim by the greater weight of the evidence, taking into account the totality of the circumstances.

(b) An insurer that relies upon paragraph (5)(d) as a defense to a claim for bad faith failure to settle must prove the elements of that paragraph by the greater weight of the evidence.

(c) An insurer that relies upon a safe harbor provision of subsection (8) must prove the elements of the safe harbor by the greater weight of the evidence.

(10) **DAMAGES.**—If the trier of fact finds that the party bringing the bad faith claim has met its burden of proof, the insurer is liable for the amount of any excess judgment, together with court costs and, if the party bringing the bad faith claim is the insured or an assignee of the insured, the reasonable attorney fees incurred by the party bringing the bad faith claim. Punitive damages may not be awarded.

(11) **AGENTS.**—This section is not intended to expand or diminish any cause of action currently available against insurance agents who sell motor vehicle liability insurance policies in this state.

Section 35. Paragraphs (i) and (o) of subsection (1) of section 626.9541, Florida Statutes, are amended to read:

626.9541 Unfair methods of competition and unfair or deceptive acts or practices defined.—

(1) **UNFAIR METHODS OF COMPETITION AND UNFAIR OR DECEPTIVE ACTS.**—The following are defined as unfair methods of competition and unfair or deceptive acts or practices:

(i) Unfair claim settlement practices.—

1. Attempting to settle claims on the basis of an application, when serving as a binder or intended to become a part of the policy, or any other material document which was altered without notice to, or knowledge or consent of, the insured;

2. Making a material misrepresentation made to an insured or any other person having an interest in the proceeds payable under such contract or policy, for the purpose and with the intent of effecting settlement of such claims, loss, or damage under such contract or policy on less favorable terms than those provided in, and contemplated by, such contract or policy; ☞

3. Committing or performing with such frequency as to indicate a general business practice any of the following:

a. Failing to adopt and implement standards for the proper investigation of claims;

b. Misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue;

c. Failing to acknowledge and act promptly upon communications with respect to claims;

d. Denying claims without conducting reasonable investigations based upon available information;

e. Failing to affirm or deny full or partial coverage of claims, and, as to partial coverage, the dollar amount or extent of coverage, or failing to provide a written statement that the claim is being investigated, upon the written request of the insured within 30 days after proof-of-loss statements have been completed;

f. Failing to promptly provide a reasonable explanation in writing to the insured of the basis in the insurance policy, in relation to the facts or applicable law, for denial of a claim or for the offer of a compromise settlement;

g. Failing to promptly notify the insured of any additional information necessary for the processing of a claim; or

h. Failing to clearly explain the nature of the requested information and the reasons why such information is necessary.

~~i. Failing to pay personal injury protection insurance claims within the time periods required by s. 627.736(4)(b). The office may order the insurer to pay restitution to a policyholder, medical provider, or other claimant, including interest at a rate consistent with the amount set forth in s. 55.03(1), for the time period within which an insurer fails to pay claims as required by law. Restitution is in addition to any other penalties allowed by law, including, but not limited to, the suspension of the insurer's certificate of authority.~~

4. Failing to pay undisputed amounts of partial or full benefits owed under first-party property insurance policies within 90 days after an insurer receives notice of a residential property insurance claim, determines the amounts of partial or full benefits, and agrees to coverage, unless payment of the undisputed benefits is prevented by an act of God, prevented by the impossibility of performance, or due to actions by the insured or claimant that constitute fraud, lack of cooperation, or intentional misrepresentation regarding the claim for which benefits are owed.

(o) Illegal dealings in premiums; excess or reduced charges for insurance.—

1. Knowingly collecting any sum as a premium or charge for insurance, which is not then provided, or is not in due course to be provided, subject to acceptance of the risk by the insurer, by an insurance policy issued by an insurer as permitted by this code.

2. Knowingly collecting as a premium or charge for insurance any sum in excess of or less than the premium or charge applicable to such insurance, in accordance with the applicable classifications and rates as filed with and approved by the office, and as specified in the policy; or, in cases when classifications, premiums, or rates are not required by this code to be so filed and approved, premiums and charges collected from a Florida resident in excess of or less than those specified in the policy and as fixed by the insurer. Notwithstanding any other provision of law, this provision shall not be deemed to prohibit the charging and collection, by surplus lines agents licensed under part VIII of this chapter, of the amount of applicable state and federal taxes, or fees as authorized by s. 626.916(4), in addition to the premium required by the insurer or the charging and collection, by licensed agents, of the exact amount of any discount or other such fee charged by a credit card facility in connection with the use of a credit card, as authorized by subparagraph (q) 3., in addition to the premium required by the insurer. This subparagraph shall not be construed to prohibit collection of a premium for a universal life or a variable or indeterminate value insurance policy made in accordance with the terms of the contract.

3.a. Imposing or requesting an additional premium for *bodily injury liability coverage, property damage liability coverage* ~~a policy of motor vehicle liability, personal injury protection, medical payments coverage payment, or collision coverage in a motor vehicle liability insurance policy insurance or any combination thereof~~ or refusing to renew the policy solely because the insured was involved in a motor vehicle accident unless the insurer's file contains information from which the insurer in good faith determines that the insured was substantially at fault in the accident.

b. An insurer which imposes and collects such a surcharge or which refuses to renew such policy shall, in conjunction with the notice of premium due or notice of nonrenewal, notify the named insured that he or she is entitled to reimbursement of such amount or renewal of the policy under the conditions listed below and will subsequently reimburse him or her or renew the policy, if the named insured demonstrates that the operator involved in the accident was:

- (I) Lawfully parked;
- (II) Reimbursed by, or on behalf of, a person responsible for the accident or has a judgment against such person;
- (III) Struck in the rear by another vehicle headed in the same direction and was not convicted of a moving traffic violation in connection with the accident;
- (IV) Hit by a "hit-and-run" driver, if the accident was reported to the proper authorities within 24 hours after discovering the accident;

- (VI) Finally adjudicated not to be liable by a court of competent jurisdiction;
- (VII) In receipt of a traffic citation which was dismissed or nolle prossed; or
- (VIII) Not at fault as evidenced by a written statement from the insured establishing facts demonstrating lack of fault which are not rebutted by information in the insurer's file from which the insurer in good faith determines that the insured was substantially at fault.

c. In addition to the other provisions of this subparagraph, an insurer may not fail to renew a policy if the insured has had only one accident in which he or she was at fault within the current 3-year period. However, an insurer may nonrenew a policy for reasons other than accidents in accordance with s. 627.728. This subparagraph does not prohibit nonrenewal of a policy under which the insured has had three or more accidents, regardless of fault, during the most recent 3-year period.

4. Imposing or requesting an additional premium for, or refusing to renew, a policy for motor vehicle insurance solely because the insured committed a noncriminal traffic infraction as described in s. 318.14 unless the infraction is:

- a. A second infraction committed within an 18-month period, or a third or subsequent infraction committed within a 36-month period.
 - b. A violation of s. 316.183, when such violation is a result of exceeding the lawful speed limit by more than 15 miles per hour.
5. Upon the request of the insured, the insurer and licensed agent shall supply to the insured the complete proof of fault or other criteria which justifies the additional charge or cancellation.

6. No insurer shall impose or request an additional premium for motor vehicle insurance, cancel or refuse to issue a policy, or refuse to renew a policy because the insured or the applicant is a handicapped or physically disabled person, so long as such handicap or physical disability does not substantially impair such person's mechanically assisted driving ability.

7. No insurer may cancel or otherwise terminate any insurance contract or coverage, or require execution of a consent to rate endorsement, during the stated policy term for the purpose of offering to issue,

or issuing, a similar or identical contract or coverage to the same insured with the same exposure at a higher premium rate or continuing an existing contract or coverage with the same exposure at an increased premium.

8. No insurer may issue a nonrenewal notice on any insurance contract or coverage, or require execution of a consent to rate endorsement, for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured at a higher premium rate or continuing an existing contract or coverage at an increased premium without meeting any applicable notice requirements.

9. No insurer shall, with respect to premiums charged for motor vehicle insurance, unfairly discriminate solely on the basis of age, sex, marital status, or scholastic achievement.

10. Imposing or requesting an additional premium for motor vehicle comprehensive or uninsured motorist coverage solely because the insured was involved in a motor vehicle accident or was convicted of a moving traffic violation.

11. No insurer shall cancel or issue a nonrenewal notice on any insurance policy or contract without complying with any applicable cancellation or nonrenewal provision required under the Florida Insurance Code.

12. No insurer shall impose or request an additional premium, cancel a policy, or issue a nonrenewal notice on any insurance policy or contract because of any traffic infraction when adjudication has been withheld and no points have been assessed pursuant to s. 318.14(9) and (10). However, this subparagraph does not apply to traffic infractions involving accidents in which the insurer has incurred a loss due to the fault of the insured.

Section 36. Paragraph (a) of subsection (1) of section 626.989, Florida Statutes, is amended to read:

627.4132 Stacking of coverages prohibited.—If an insured or named insured is protected by any type of motor vehicle insurance policy for ~~bodily injury and property damage liability, personal injury protection, or other coverage~~, the policy ~~must shall~~ provide that the insured or named insured is protected only to the extent of the coverage she or he has on the vehicle involved in the accident. However, if none of the insured's or named insured's vehicles ~~are is~~ involved in the accident, coverage is available only to the extent of coverage on any one of the vehicles with applicable coverage. Coverage on any other vehicles may

Section 43. Section 627.7263, Florida Statutes, is amended to read:

627.7263 Rental and leasing driver's insurance to be primary; exception.—

(1) The valid and collectible liability insurance ~~and medical payments coverage or personal injury protection insurance providing coverage~~ for the lessor of a motor vehicle for rent or lease is primary unless otherwise stated in at least 10-point type on the face of the rental or lease agreement. (2) If the lessee's coverage is to be primary, the rental or lease agreement must contain the following language, in at least 10-point type:

"The valid and collectible liability insurance and medical payments coverage ~~personal injury protection insurance~~ of an any authorized rental or leasing driver is primary for the limits of liability and ~~personal injury protection~~ coverage required under section 324.021(7), Florida Statutes, and the medical payments coverage limit specified under section 627.7265 by ss. 324.021(7) and 627.736, Florida Statutes."

Section 44. Section 627.7265, Florida Statutes, is created to read:

627.7265 Motor vehicle insurance; medical payments coverage.—

(1) *Medical payments coverage must protect the named insured, resident relatives, persons operating the insured motor vehicle, passengers in the insured motor vehicle, and persons who are struck by the insured*

motor vehicle and suffer bodily injury while not an occupant of a self-propelled motor vehicle at a limit of at least \$5,000 for medical expenses incurred due to bodily injury, sickness, or disease arising out of the ownership, maintenance, or use of a motor vehicle. The coverage must provide an additional death benefit of at least \$5,000.

(a) Before issuing a motor vehicle liability insurance policy that is furnished as proof of financial responsibility under s. 324.031, the insurer must offer medical payments coverage at limits of \$5,000 and \$10,000. The insurer may also offer medical payments coverage at any limit greater than \$5,000.

(b) The insurer must offer medical payments coverage with no deductible. The insurer may also offer medical payments coverage with a deductible not to exceed \$500.

(c) Each motor vehicle liability insurance policy furnished as proof of financial responsibility under s. 324.031 is deemed to have:

1. Medical payments coverage to a limit of \$10,000, unless the insurer obtains a named insured's written refusal of medical payments coverage or written selection of medical payments coverage at a limit other than \$10,000. The rejection or selection of coverage at a limit other than \$10,000 must be made on a form approved by the office.

2. No medical payments coverage deductible, unless the insurer obtains a named insured's written selection of a deductible up to \$500. The selection of a deductible must be made on a form approved by the office.

(d)1. The forms referenced in subparagraphs (c)1. and 2. must fully advise the applicant of the nature of the coverage being rejected or the policy limit or deductible being selected. If the form is signed by a named insured, it is conclusively presumed that there was an informed, knowing rejection of the coverage or election of the policy limit or deductible.

2. Unless a named insured requests in writing the coverage specified in this section, it need not be provided in or supplemental to any other policy that renews, insures, extends, changes, supersedes, or replaces an existing policy if a named insured has rejected the coverage specified in this section or has selected an alternative coverage limit or deductible. At least annually, the insurer shall provide to the named insured a notice of the availability of such coverage in a form approved by the office. The notice must be part of, and attached to, the notice of premium and must provide for a means to allow a named insured to request medical payments coverage at the limits and deductibles required to be offered under this section. The notice must be given in a manner approved by the office. Receipt of this notice does not constitute an affirmative waiver of the insured's right to medical payments coverage if a named insured has not signed a selection or rejection form.

(e) This section may not be construed to limit any other coverage made available by an insurer.

(2) Upon receiving notice of an accident that is potentially covered by medical payments coverage benefits, the insurer must reserve \$5,000 of medical payments coverage benefits for payment to physicians licensed under chapter 458 or chapter 459 or dentists licensed under chapter 466 who provide emergency services and care, as defined in s. 395.002, or who provide hospital inpatient care. The amount required to be held in reserve may be used only to pay claims from such physicians or dentists until 30 days after the date the insurer receives notice of the accident. After the 30-day period, any amount of the reserve for which the insurer has not received notice of such claims may be used by the insurer to pay other claims. This subsection does not require an insurer to establish a claim reserve for insurance accounting purposes.

(3) An insurer providing medical payments coverage benefits may not:

(a) Seek a lien on any recovery in tort by judgment, settlement, or otherwise for medical payments coverage benefits, regardless of whether suit has been filed or settlement has been reached without suit; or

(b) Bring a cause of action against a person to whom or for whom medical payments coverage benefits were paid, except when medical payments coverage benefits were paid by reason of fraud committed by that person.

(4) An insurer providing medical payments coverage may include provisions in its policy allowing for subrogation for medical payments coverage benefits paid if the expenses giving rise to the payments were caused by the wrongful act or omission of another who is not also an insured under the policy paying the medical payments coverage benefits. However, this subrogation right is inferior to the rights of the injured insured and is available only after all the insured's damages are recovered and the insured is made whole. An insured who obtains a recovery from a third party of the full amount of the damages sustained and delivers a release or satisfaction that impairs a medical payments insurer's subrogation right is liable to the insurer for repayment of medical payments coverage benefits less any expenses of acquiring the recovery, including a prorated share of attorney fees and costs, and shall hold that net recovery in trust to be delivered to the medical payments insurer. The insurer may not include any provision in its policy allowing for subrogation for any death benefit paid.

Section 45. Subsections (1) and (7) of section 627.727, Florida Statutes, are amended to read:

627.727 Motor vehicle insurance; uninsured and underinsured vehicle coverage; insolvent insurer protection.—

(1) A ~~no~~ motor vehicle liability insurance policy ~~that which~~ provides bodily injury liability coverage ~~may not shall~~ be delivered or issued for delivery in this state with respect to any specifically insured or identified motor vehicle registered or principally garaged in this state, unless uninsured motor vehicle coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness, or disease, including death, resulting therefrom. However, the coverage required under this section is not applicable ~~if when~~, or to the extent that, an insured named in the policy makes a written rejection of the coverage on behalf of all insureds under the policy. ~~If when~~ a motor vehicle is leased for a period of 1 year or longer and the lessor of such vehicle, by the terms of the lease contract, provides liability coverage on the leased vehicle, the lessee of such vehicle ~~has shall have~~ the sole privilege to reject uninsured motorist coverage or to select lower limits than the bodily injury liability limits, regardless of whether the lessor is qualified as a self-insurer pursuant to s. 324.171. Unless an insured, or a lessee having the privilege of rejecting uninsured motorist coverage, requests such coverage or requests higher uninsured motorist limits in writing, the coverage or such higher uninsured motorist limits need not be provided in or supplemental to any other policy ~~that which~~ renews, extends, changes, supersedes, or replaces an existing policy with the same bodily injury liability limits when an insured or lessee had rejected the coverage. When an insured or lessee has initially selected limits of uninsured motorist coverage lower than her or his bodily injury liability limits, higher limits of uninsured motorist coverage need not be provided in or supplemental to any other policy ~~that which~~ renews, extends, changes, supersedes, or replaces an existing policy with the same bodily injury liability limits unless an insured requests higher uninsured motorist coverage in writing. The rejection or selection of lower limits ~~must shall~~ be made on a form approved by the office. The form ~~must shall~~ fully advise the applicant of the nature of the coverage and ~~must shall~~ state that the coverage is equal to bodily injury liability limits unless lower limits are requested or the coverage is rejected. The heading of the form ~~must shall~~ be in 12-point bold type and ~~must shall~~ state: "You are electing not to purchase certain valuable coverage ~~that which~~ protects you and your family or you are purchasing uninsured motorist limits less than your bodily injury liability limits when you sign this form. Please read carefully." If this form is signed by a named insured, it will be conclusively presumed that there was an informed, knowing rejection of coverage or election of lower limits on behalf of all insureds. The insurer shall notify the named insured at least annually of her or his options as to the coverage required by this section. Such notice ~~must shall~~ be part of, and attached to, the notice of premium, ~~must shall~~ provide for a means to allow the insured to request such coverage, and ~~must shall~~ be given in a manner approved by the office. Receipt of this notice does not constitute an affirmative waiver of the insured's right to uninsured motorist coverage ~~if where~~ the insured has not signed a selection or rejection form. The coverage described under this section ~~must shall~~ be over and above, but ~~may shall~~ not duplicate, the benefits available to an insured under any workers' compensation law, ~~personal injury protection benefits~~, disability benefits law, or similar law; under any automobile medical ~~payments expense~~ coverage; under any motor vehicle liability insurance coverage; or from the owner

or operator of the uninsured motor vehicle or any other person or organization jointly or severally liable together with such owner or operator for the accident, and such coverage ~~shall~~ cover the difference, if any, between the sum of such benefits and the damages sustained, up to the maximum amount of such coverage provided under this section. The amount of coverage available under this section ~~may~~ ~~shall~~ not be reduced by a setoff against any coverage, including liability insurance. Such coverage ~~does~~ ~~shall~~ not inure directly or indirectly to the benefit of any workers' compensation or disability benefits carrier or any person or organization qualifying as a self-insurer under any workers' compensation or disability benefits law or similar law.

(7) The legal liability of an uninsured motorist coverage insurer ~~includes~~ ~~does not include~~ damages in tort for pain, suffering, ~~disability or physical impairment, disfigurement, mental anguish, and inconvenience, and the loss of capacity for the enjoyment of life experienced in the past and to be experienced in the future unless the injury or disease is described in one or more of paragraphs (a) (d) of s. 627.737(2).~~

Section 46. Section 627.7275, Florida Statutes, is amended to read:

627.7275 Motor vehicle liability.—

1. Automobile insurance that provides:

a. A primary automobile liability coverage of at least \$50,000 for death and bodily injury per person, \$100,000 for death and bodily injury per incident, and \$25,000 for property damage; *and*

~~b. Personal injury protection benefits that meet the minimum coverage amounts required under ss. 627.730-627.7405; and~~

b.e. Uninsured and underinsured vehicle coverage as required by s. 627.727.

2. The coverage requirements of this paragraph may be satisfied by any of the following:

a. Automobile insurance maintained by the TNC driver or the TNC vehicle owner;

b. Automobile insurance maintained by the TNC; or

c. A combination of sub-subparagraphs a. and b.

(c) The following automobile insurance requirements apply while a TNC driver is engaged in a prearranged ride:

a. Automobile insurance maintained by the TNC driver or the TNC vehicle owner;

b. Automobile insurance maintained by the TNC; or

c. A combination of sub-subparagraphs a. and b.

(g) Insurance satisfying the requirements under this subsection is deemed to satisfy the financial responsibility requirement for a motor vehicle under chapter 324 ~~and the security required under s. 627.733~~ for any period when the TNC driver is logged onto the digital network or engaged in a prearranged ride.

(8) TRANSPORTATION NETWORK COMPANY AND INSURER; DISCLOSURE; EXCLUSIONS.—

(a) Before a TNC driver is allowed to accept a request for a prearranged ride on the digital network, the TNC must disclose in writing to the TNC driver:

1. The insurance coverage, including the types of coverage and the limits for each coverage, which the TNC provides while the TNC driver uses a TNC vehicle in connection with the TNC's digital network.

2. That the TNC driver's own automobile insurance policy might not provide any coverage while the TNC driver is logged on to the digital network or is engaged in a prearranged ride, depending on the terms of the TNC driver's own automobile insurance policy.

3. That the provision of rides for compensation which are not prearranged rides subjects the driver to the coverage requirements imposed under s. 324.032(1) *and* (2) and that failure to meet such coverage requirements subjects the TNC driver to penalties provided in s. 324.221, up to and including a misdemeanor of the second degree.

(b)1. An insurer that provides an automobile liability insurance policy under this part may exclude any and all coverage afforded under the policy issued to an owner or operator of a TNC vehicle while driving that vehicle for any loss or injury that occurs while a TNC driver is logged on to a digital network or while a TNC driver provides a prearranged ride. - e. Collision physical damage coverage; ~~and~~

These exclusions do not affect or diminish coverage otherwise available for permissive drivers or resident relatives under the personal automobile insurance policy of the TNC driver or owner of the TNC vehicle who are not occupying the TNC vehicle at the time of loss. This section does not require that a personal automobile insurance policy provide coverage while the TNC driver is logged on to a digital network, while the TNC driver is engaged in a prearranged ride, or while the TNC driver otherwise uses a vehicle to transport riders for compensation.

3. This section must not be construed to require an insurer to use any particular policy language or reference to this section in order to exclude any and all coverage for any loss or injury that occurs while a TNC driver is logged on to a digital network or while a TNC driver provides a prearranged ride.

4. This section does not preclude an insurer from providing primary or excess coverage for the TNC driver's vehicle by contract or endorsement.

(16) LUXURY GROUND TRANSPORTATION NETWORK COMPANIES.—

(b) An entity may elect, upon written notification to the department, to be regulated as a luxury ground TNC. A luxury ground TNC must:

1. Comply with all of the requirements of this section applicable to a TNC, including subsection (17), which do not conflict with subparagraph 2. or which do not prohibit the company from connecting riders to drivers who operate for-hire vehicles as defined in s. 320.01(15), including limousines and luxury sedans and excluding taxicabs.

2. Maintain insurance coverage as required by subsection (7). However, if a prospective luxury ground TNC satisfies minimum financial responsibility through compliance with s. 324.032(3) ~~or 324.032(2)~~ by using self-insurance when it gives the department written notification of its election to be regulated as a luxury ground TNC, the luxury ground TNC may use self-insurance to meet the insurance requirements of subsection (7), so long as such self-insurance complies with s. 324.032(3) ~~or 324.032(2)~~ and provides the limits of liability required by subsection (7).

b. An insurer which imposes and collects such a surcharge or which refuses to renew such policy shall, in conjunction with the notice of premium due or notice of nonrenewal, notify the named insured that he or she is entitled to reimbursement of such amount or renewal of the policy under the conditions listed below and will subsequently reimburse him or her or renew the policy, if the named insured demonstrates that the operator involved in the accident was:

- (III) Struck in the rear by another vehicle headed in the same direction and was not convicted of a moving traffic violation in connection with the accident;
- (IV) Hit by a "hit-and-run" driver, if the accident was reported to the proper authorities within 24 hours after discovering the accident;

c. In addition to the other provisions of this subparagraph, an insurer may not fail to renew a policy if the insured has had only one accident in which he or she was at fault within the current 3-year period. However, an insurer may nonrenew a policy for reasons other than accidents in accordance with s. 627.728. 5. Upon the request of the insured, the insurer and licensed agent shall supply to the insured the complete proof of fault or other criteria which justifies the additional charge or cancellation.

6. No insurer shall impose or request an additional premium for motor vehicle insurance, cancel or refuse to issue a policy, or refuse to renew a policy because the insured or the applicant is a handicapped or physically disabled person, so long as such handicap or physical disability does not substantially impair such person's mechanically assisted driving ability.

7. No insurer may cancel or otherwise terminate any insurance contract or coverage, or require execution of a consent to rate endorsement, during the stated policy term for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured with the same exposure at a higher premium rate or continuing an existing contract or coverage with the same exposure at an increased premium.

8. No insurer may issue a nonrenewal notice on any insurance contract or coverage, or require execution of a consent to rate endorsement, for the purpose of offering to issue, or issuing, a similar or identical contract or coverage to the same insured at a higher premium rate or continuing an existing contract or coverage at an increased premium without meeting any applicable notice requirements.

9. No insurer shall, with respect to premiums charged for motor vehicle insurance, unfairly discriminate solely on the basis of age, sex, marital status, or scholastic achievement.

10. Imposing or requesting an additional premium for motor vehicle comprehensive or uninsured motorist coverage solely because the insured was involved in a motor vehicle accident or was convicted of a moving traffic violation.

11. No insurer shall cancel or issue a nonrenewal notice on any insurance policy or contract without complying with any applicable cancellation or nonrenewal provision required under the Florida Insurance Code.

12. No insurer shall impose or request an additional premium, cancel a policy, or issue a nonrenewal notice on any insurance policy or contract because of any traffic infraction when adjudication has been withheld and no points have been assessed pursuant to s. 318.14(9) and (10). However, this subparagraph does not apply to traffic infractions involving accidents in which the insurer has incurred a loss due to the fault of the insured.

627.7263 Rental and leasing driver's insurance to be primary; exception.—

(1) The valid and collectible liability insurance, death benefit coverage, and medical payments coverage ~~or personal injury protection insurance providing coverage~~ for the lessor of a motor vehicle for rent or lease is primary unless otherwise stated in at least 10-point type on the face of the rental or lease agreement. Such insurance is primary for the limits of liability and ~~personal injury protection~~ coverage as required by s. 324.021(7), the death benefit coverage limit specified under s. 627.72761, and the medical payments coverage limit specified under s. 627.7265 ~~ss. 324.021(7) and 627.736~~.

Section 44. Section 627.7265, Florida Statutes, is created to read:

627.7265 *Motor vehicle insurance; medical payments coverage.—*

(1) *Medical payments coverage must protect the named insured, resident relatives, persons operating the insured motor vehicle, passengers in the insured motor vehicle, and persons who are struck by the insured motor vehicle and suffer bodily injury while not an occupant of a self-propelled motor vehicle at a limit of at least \$5,000 for medical expenses incurred due to bodily injury, sickness, or disease arising out of the ownership, maintenance, or use of a motor vehicle. The coverage must provide an additional death benefit of at least \$5,000.*

(a) *Before issuing a motor vehicle liability insurance policy that is furnished as proof of financial responsibility under s. 324.031, the insurer must offer medical payments coverage at limits of \$5,000 and \$10,000. The insurer may also offer medical payments coverage at any limit greater than \$5,000.*

(b) *The insurer must offer medical payments coverage with no deductible. The insurer may also offer medical payments coverage with a deductible not to exceed \$500.*

(c) *Each motor vehicle liability insurance policy furnished as proof of financial responsibility under s. 324.031 is deemed to have:*

1. *Medical payments coverage to a limit of \$10,000, unless the insurer obtains a named insured's written refusal of medical payments coverage or written selection of medical payments coverage at a limit other than \$10,000. The rejection or selection of coverage at a limit other than \$10,000 must be made on a form approved by the office.*

2. *No medical payments coverage deductible, unless the insurer obtains a named insured's written selection of a deductible up to \$500. The selection of a deductible must be made on a form approved by the office.*

(d)1. *The forms referenced in subparagraphs (c)1. and 2. must fully advise the applicant of the nature of the coverage being rejected or the policy limit or deductible being selected. If the form is signed by a named insured, it is conclusively presumed that there was an informed, knowing rejection of the coverage or election of the policy limit or deductible.*

2. *Unless a named insured requests in writing the coverage specified in this section, it need not be provided in or supplemental to any other policy that renews, insures, extends, changes, supersedes, or replaces an existing policy if a named insured has rejected the coverage specified in this section or has selected an alternative coverage limit or deductible. At least annually, the insurer shall provide to the named insured a notice of the availability of such coverage in a form approved by the office. The notice must be part of, and attached to, the notice of premium and must provide for a means to allow a named insured to request medical payments coverage at the limits and deductibles required to be offered under this section. The notice must be given in a manner approved by the office. Receipt of this notice does not constitute an affirmative waiver of the insured's right to medical payments coverage if a named insured has not signed a selection or rejection form.*

(e) *This section may not be construed to limit any other coverage made available by an insurer.*

(2) *Upon receiving notice of an accident that is potentially covered by medical payments coverage benefits, the insurer must reserve \$5,000 of medical payments coverage benefits for payment to physicians licensed under chapter 458 or chapter 459 or dentists licensed under chapter 466 who provide emergency services and care, as defined in s. 395.002, or who provide hospital inpatient care. The amount required to be held in*

reserve may be used only to pay claims from such physicians or dentists until 30 days after the date the insurer receives notice of the accident. After the 30-day period, any amount of the reserve for which the insurer has not received notice of such claims may be used by the insurer to pay other claims. This subsection does not require an insurer to establish a claim reserve for insurance accounting purposes.

(3) *An insurer providing medical payments coverage benefits may not:*

(a) *Seek a lien on any recovery in tort by judgment, settlement, or otherwise for medical payments coverage benefits, regardless of whether suit has been filed or settlement has been reached without suit; or*

(b) *Bring a cause of action against a person to whom or for whom medical payments coverage benefits were paid, except when medical payments coverage benefits were paid by reason of fraud committed by that person.*

(4) *An insurer providing medical payments coverage may include provisions in its policy allowing for subrogation for medical payments coverage benefits paid if the expenses giving rise to the payments were caused by the wrongful act or omission of another who is not also an insured under the policy paying the medical payments coverage benefits. However, this subrogation right is inferior to the rights of the injured insured and is available only after all the insured's damages are recovered and the insured is made whole. An insured who obtains a recovery from a third party of the full amount of the damages sustained and delivers a release or satisfaction that impairs a medical payments insurer's subrogation right is liable to the insurer for repayment of medical payments coverage benefits less any expenses of acquiring the recovery, including a prorated share of attorney fees and costs, and shall hold that net recovery in trust to be delivered to the medical payments insurer. The insurer may not include any provision in its policy allowing for subrogation for any death benefit paid.*

Section 45. Subsections (1) and (7) of section 627.727, Florida Statutes, are amended to read:

627.727 *Motor vehicle insurance; uninsured and underinsured vehicle coverage; insolvent insurer protection.—*

(1) *A ~~No~~ motor vehicle liability insurance policy that ~~which~~ provides bodily injury liability coverage may not ~~shall~~ be delivered or issued for delivery in this state with respect to any specifically insured or identified motor vehicle registered or principally garaged in this state, unless uninsured motor vehicle coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness, or disease, including death, resulting therefrom. However, the coverage required under this section is not applicable if ~~when~~, or to the extent that, an insured named in the policy makes a written rejection of the coverage on behalf of all insureds under the policy. ~~If~~ ~~When~~ a motor vehicle is leased for a ~~period~~ of 1 year or longer and the lessor of such vehicle, by the terms of the lease contract, provides liability coverage on the leased vehicle, the lessee of such vehicle ~~has~~ ~~shall have~~ the sole privilege to reject uninsured motorist coverage or to select lower limits than the bodily injury liability limits, regardless of whether the lessor is qualified as a self-insurer pursuant to s. 324.171. Unless an insured, or a lessee having the privilege of rejecting uninsured motorist coverage, requests such coverage or requests higher uninsured motorist limits in writing, the coverage or such higher uninsured motorist limits need not be provided in or supplemental to any other policy that ~~which~~ renews, extends, changes, supersedes, or replaces an existing policy with the same bodily injury liability limits when an insured or lessee had rejected the coverage. When an insured or lessee has initially selected limits of uninsured motorist coverage lower than her or his bodily injury liability limits, higher limits of uninsured motorist coverage need not be provided in or supplemental to any other policy that ~~which~~ renews, extends, changes, supersedes, or replaces an existing policy with the same bodily injury liability limits unless an insured requests higher uninsured motorist coverage in writing. The rejection or selection of lower limits ~~must~~ ~~shall~~ be made on a form approved by the office. The form ~~must~~ ~~shall~~ fully advise the applicant of the nature of the coverage and ~~must~~ ~~shall~~ state that the coverage is equal to bodily injury liability limits unless lower limits are requested or the coverage is rejected. The heading of the form ~~must~~ ~~shall~~ be in 12-point bold type and ~~must~~ ~~shall~~*

state: "You are electing not to purchase certain valuable coverage ~~that which~~ protects you and your family or you are purchasing uninsured motorist limits less than your bodily injury liability limits when you sign this form. Please read carefully." If this form is signed by a named insured, it will be conclusively presumed that there was an informed, knowing rejection of coverage or election of lower limits on behalf of all insureds. The insurer shall notify the named insured at least annually of her or his options as to the coverage required by this section. Such notice ~~must shall~~ be part of, and attached to, the notice of premium, ~~must shall~~ provide for a means to allow the insured to request such coverage, and ~~must shall~~ be given in a manner approved by the office. Receipt of this notice does not constitute an affirmative waiver of the insured's right to uninsured motorist coverage ~~if where~~ the insured has not signed a selection or rejection form. The coverage described under this section ~~must shall~~ be over and above, but ~~may shall~~ not duplicate, the benefits available to an insured under any workers' compensation law, ~~personal injury protection benefits~~, disability benefits law, or similar law; under any automobile medical ~~payments expense~~ coverage; under any motor vehicle liability insurance coverage; or from the owner or operator of the uninsured motor vehicle or any other person or organization jointly or severally liable together with such owner or operator for the accident,⁵ and such coverage ~~must shall~~ cover the difference, if any, between the sum of such benefits and the damages sustained, up to the maximum amount of such coverage provided under this section. The amount of coverage available under this section ~~may shall~~ not be reduced by a setoff against any coverage, including liability insurance. Such coverage ~~does shall~~ not inure directly or indirectly to the benefit of any workers' compensation or disability benefits carrier or any person or organization qualifying as a self-insurer under any workers' compensation or disability benefits law or similar law.

(7) The legal liability of an uninsured motorist coverage insurer ~~includes does not include~~ damages in tort for pain, suffering, ~~disability or physical impairment, disfigurement, mental anguish, and inconvenience, and the loss of capacity for the enjoyment of life experienced in the past and to be experienced in the future unless the injury or disease is described in one or more of paragraphs (a)-(d) of s. 627.737(2).~~

Section 46. Section 627.7275, Florida Statutes, is amended to read:

627.7275 *Required coverages in motor vehicle insurance policies; availability to certain applicants liability.*—

(b) The policies described in paragraph (a) ~~must shall~~ be issued for at least 6 months and, as to the minimum coverages required under this section, may not be canceled by the insured for any reason or by the insurer after 60 days, during which period the insurer is completing the

underwriting of the policy. After the insurer has completed underwriting the policy, the insurer shall notify the Department of Highway Safety and Motor Vehicles that the policy is in full force and effect and is not cancelable for the remainder of the policy period. A premium ~~must shall~~ be collected and the coverage is in effect for the 60-day period during which the insurer is completing the underwriting of the policy, whether or not the person's driver license, motor vehicle tag, and motor vehicle registration are in effect. Once the noncancelable provisions of the policy become effective, the ~~bodily injury liability and property damage liability coverages for bodily injury, property damage, and personal injury protection~~ may not be reduced below the minimum limits required under s. 324.021 or s. 324.023 during the policy period.

The insurer may pay death benefits to the executor or administrator of the deceased individual; to any of the deceased individual's relatives by blood, legal adoption, or marriage; or to any person appearing to the insurer to be equitably entitled to such benefits. The benefit may not be paid if the deceased individual died as a result of causing injury or death to himself or herself intentionally, or because of injuries or death incurred while committing a felony.*

Section 48. Effective upon this act becoming a law, section 627.7278, Florida Statutes, is created to read:

627.7278 *Applicability and construction; notice to policyholders.*—

(1) As used in this section, the term "minimum security requirements" means security that enables a person to respond in damages for liability on account of crashes arising out of the ownership, maintenance, or use of a motor vehicle, in the amounts required by s. 324.022(1), as amended by this act.

(2) *Effective January 1, 2022:*

(a) *Motor vehicle insurance policies issued or renewed on or after that date may not include personal injury protection.*

(d) *An existing motor vehicle insurance policy issued before that date which provides personal injury protection and property damage liability coverage that meets the requirements of s. 324.022 on December 31, 2021, but which does not meet minimum security requirements on or after January 1, 2022, is deemed to meet minimum security requirements until such policy is renewed, nonrenewed, or canceled on or after January 1, 2022. Sections 400.9905, 400.991, 456.057, 456.072, 626.9541(1)(i), 627.7263, 627.727, 627.730-627.7405, 627.748, and 817.234, Florida Statutes 2020, remain in full force and effect for motor vehicle accidents covered under a policy issued under the Florida Motor*

Vehicle No-Fault Law before January 1, 2022, until the policy is renewed, nonrenewed, or canceled on or after January 1, 2022.

(3) Each insurer shall allow each insured who has a new or renewal policy providing personal injury protection which becomes effective before January 1, 2022, and whose policy does not meet minimum security requirements on or after January 1, 2022, to change coverages so as to eliminate personal injury protection and obtain coverage providing minimum security requirements and the death benefit set forth in s. 627.72761, which shall be effective on or after January 1, 2022. The insurer is not required to provide coverage complying with minimum security requirements and the death benefit set forth in s. 627.72761 in such policies if the insured does not pay the required premium, if any, by January 1, 2022, or such later date as the insurer may allow. The insurer also shall offer each insured medical payments coverage pursuant to s. 627.7265. Any reduction in the premium must be refunded by the insurer. The insurer may not impose on the insured an additional fee or charge that applies solely to a change in coverage; however, the insurer may charge an additional required premium that is actuarially indicated.

(4) By September 1, 2021, each motor vehicle insurer shall provide notice of this section to each motor vehicle policyholder who is subject to this section. The notice is subject to approval by the office and must clearly inform the policyholder that:

(a) The Florida Motor Vehicle No-Fault Law is repealed effective January 1, 2022, and that on or after that date, the insured is no longer required to maintain personal injury protection insurance coverage, that personal injury protection coverage is no longer available for purchase in this state, and that all new or renewal policies issued on or after that date will not contain that coverage.

(b) Effective January 1, 2022, a person subject to the financial responsibility requirements of s. 324.022 must:

1. Maintain minimum security requirements that enable the person to respond to damages for liability on account of accidents arising out of the use of a motor vehicle in the following amounts:

a. Twenty-five thousand dollars for bodily injury to, or the death of, one person in any one crash and, subject to such limits for one person, in the amount of \$50,000 for bodily injury to, or the death of, two or more persons in any one crash; and

The insurer must offer medical payments coverage at limits of \$5,000 and \$10,000 without a deductible. The insurer may also offer medical payments coverage at other limits greater than \$5,000 and may offer coverage with a deductible of up to \$500. Medical payments coverage pays covered medical expenses incurred due to bodily injury, sickness, or disease arising out of the ownership, maintenance, or use of the motor vehicle, up to the limits of such coverage, for injuries sustained in a motor vehicle crash by the named insured, resident relatives, any persons operating the insured motor vehicle, passengers in the insured motor vehicle, and persons who are struck by the insured motor vehicle and suffer bodily injury while not an occupant of a self-propelled motor vehicle as provided in s. 627.7265. Medical payments coverage also provides a death benefit of at least \$5,000.

(e) The policyholder may obtain uninsured and underinsured motorist coverage that provides benefits, up to the limits of such coverage, to a policyholder or other insured entitled to recover damages for bodily injury, sickness, disease, or death resulting from a motor vehicle accident with an uninsured or underinsured owner or operator of a motor vehicle.

(f) If the policyholder's new or renewal motor vehicle insurance policy is effective before January 1, 2022, and contains personal injury protection and property damage liability coverage as required by state law before January 1, 2022, but does not meet minimum security requirements on or after January 1, 2022, the policy is deemed to meet minimum security requirements and need not provide the death benefit set forth in s. 627.72761 until it is renewed, nonrenewed, or canceled on or after January 1, 2022.

(g) A policyholder whose new or renewal policy becomes effective before January 1, 2022, but does not meet minimum security requirements on or after January 1, 2022, may change coverages under the policy so as to eliminate personal injury protection and to obtain coverage providing minimum security requirements, including bodily injury liability coverage and the death benefit set forth in s. 627.72761, which are effective on or after January 1, 2022.

(h) If the policyholder has any questions, he or she should contact the person named at the telephone number provided in the notice.

Section 49. Paragraph (a) of subsection (1) of section 627.728, Florida Statutes, is amended to read:

627.728 Cancellations; nonrenewals.—

Section 52. Paragraphs (b), (c), and (g) of subsection (7), paragraphs (a) and (b) of subsection (8), and paragraph (b) of subsection (16) of section 627.748, Florida Statutes, are amended to read:

627.748 Transportation network companies.—

(7) **TRANSPORTATION NETWORK COMPANY AND TNC DRIVER INSURANCE REQUIREMENTS.**—

(b) The following automobile insurance requirements apply while a participating TNC driver is logged on to the digital network but is not engaged in a prearranged ride:

1. Automobile insurance that provides:

a. A primary automobile liability coverage of at least \$50,000 for death and bodily injury per person, \$100,000 for death and bodily injury per incident, and \$25,000 for property damage; *and*

~~b. Personal injury protection benefits that meet the minimum coverage amounts required under ss. 627.730-627.7405; and~~

b.e. Uninsured and underinsured vehicle coverage as required by s. 627.727.

2. The coverage requirements of this paragraph may be satisfied by any of the following:

a. Automobile insurance maintained by the TNC driver or the TNC vehicle owner;

- b. Automobile insurance maintained by the TNC; or
 - c. A combination of sub-subparagraphs a. and b.
- (c) The following automobile insurance requirements apply while a TNC driver is engaged in a prearranged ride:

- 1. Automobile insurance that provides:
 - a. A primary automobile liability coverage of at least \$1 million for death, bodily injury, and property damage; *and*
 - ~~b. Personal injury protection benefits that meet the minimum coverage amounts required of a limousine under ss. 627.730-627.7405; and~~
 - b. e. Uninsured and underinsured vehicle coverage as required by s. 627.727.
 - 2. The coverage requirements of this paragraph may be satisfied by any of the following:
 - a. Automobile insurance maintained by the TNC driver or the TNC vehicle owner;
 - b. Automobile insurance maintained by the TNC; or
 - c. A combination of sub-subparagraphs a. and b.
- (g) Insurance satisfying the requirements under this subsection is deemed to satisfy the financial responsibility requirement for a motor vehicle under chapter 324 ~~and the security required under s. 627.733~~ for any period when the TNC driver is logged onto the digital network or engaged in a prearranged ride.

(8) TRANSPORTATION NETWORK COMPANY AND INSURER; DISCLOSURE; EXCLUSIONS.—

(a) Before a TNC driver is allowed to accept a request for a prearranged ride on the digital network, the TNC must disclose in writing to the TNC driver:

- 1. The insurance coverage, including the types of coverage and the limits for each coverage, which the TNC provides while the TNC driver uses a TNC vehicle in connection with the TNC's digital network.
- 2. That the TNC driver's own automobile insurance policy might not provide any coverage while the TNC driver is logged on to the digital network or is engaged in a prearranged ride, depending on the terms of the TNC driver's own automobile insurance policy.
- 3. That the provision of rides for compensation which are not prearranged rides subjects the driver to the coverage requirements imposed under s. 324.032(1) *and* (2) and that failure to meet such coverage requirements subjects the TNC driver to penalties provided in s. 324.221, up to and including a misdemeanor of the second degree.

(b)1. An insurer that provides an automobile liability insurance policy under this part may exclude any and all coverage afforded under the policy issued to an owner or operator of a TNC vehicle while driving that vehicle for any loss or injury that occurs while a TNC driver is logged on to a digital network or while a TNC driver provides a prearranged ride. Exclusions imposed under this subsection are limited to coverage while a TNC driver is logged on to a digital network or while a TNC driver provides a prearranged ride. This right to exclude all coverage may apply to any coverage included in an automobile insurance policy, including, but not limited to:

- a. Liability coverage for bodily injury and property damage;
- b. Uninsured and underinsured motorist coverage;
- c. Medical payments coverage;
- d. Comprehensive physical damage coverage;
- e. Collision physical damage coverage; and
- f. ~~Death benefit coverage under 627.72761 Personal injury protection.~~

2. The exclusions described in subparagraph 1. apply notwithstanding any requirement under chapter 324. These exclusions do not affect or diminish coverage otherwise available for permissive drivers or resident relatives under the personal automobile insurance policy of the TNC driver or owner of the TNC vehicle who are not occupying the TNC vehicle at the time of loss. This section does not require that a personal automobile insurance policy provide coverage while the TNC driver is logged on to a digital network, while the TNC driver is engaged in a prearranged ride, or while the TNC driver otherwise uses a vehicle to transport riders for compensation.

3. This section must not be construed to require an insurer to use any particular policy language or reference to this section in order to exclude any and all coverage for any loss or injury that occurs while a TNC driver is logged on to a digital network or while a TNC driver provides a prearranged ride.

4. This section does not preclude an insurer from providing primary or excess coverage for the TNC driver's vehicle by contract or endorsement.

(16) LUXURY GROUND TRANSPORTATION NETWORK COMPANIES.—

(b) An entity may elect, upon written notification to the department, to be regulated as a luxury ground TNC. A luxury ground TNC must:

1. Comply with all of the requirements of this section applicable to a TNC, including subsection (17), which do not conflict with subparagraph 2. or which do not prohibit the company from connecting riders to drivers who operate for-hire vehicles as defined in s. 320.01(15), including limousines and luxury sedans and excluding taxicabs.

2. Maintain insurance coverage as required by subsection (7). However, if a prospective luxury ground TNC satisfies minimum financial responsibility through compliance with s. 324.032(3) ~~or 324.032(2)~~ by using self-insurance when it gives the department written notification of its election to be regulated as a luxury ground TNC, the luxury ground TNC may use self-insurance to meet the insurance requirements of subsection (7), so long as such self-insurance complies with s. 324.032(3) ~~or 324.032(2)~~ and provides the limits of liability required by subsection (7).

Section 53. Paragraph (a) of subsection (2) of section 627.749, Florida Statutes, is amended to read:

627.749 Autonomous vehicles; insurance requirements.—

(2) INSURANCE REQUIREMENTS.—

(a) A fully autonomous vehicle with the automated driving system engaged while logged on to an on-demand autonomous vehicle network or engaged in a prearranged ride must be covered by a policy of automobile insurance which provides:

This section also applies to premium financing by any insurance agent or insurance company under part XVI. The commission shall adopt rules to assure disclosure, at the time of sale, of coverages financed ~~with personal injury protection~~ and shall prescribe the form of such disclosure.

Section 55. Subsection (1) of section 627.915, Florida Statutes, is amended to read:

The Conference Committee Amendment for SB 7018, relating to Employer Contributions to Fund Retiree Benefits, establishes the contribution rates paid by employers participating in the Florida Retirement System (FRS) beginning July 1, 2021. These rates are intended to fund the full normal cost and the amortization of the unfunded actuarial liability of the FRS. With these modifications to employer contribution rates, the FRS Trust Fund will receive roughly \$373.5 million more in revenue on an annual basis beginning July 1, 2021. The public employers that will incur these additional costs are state agencies, state universities and colleges, school districts, counties, municipalities, and other governmental entities that participate in the FRS.

The bill will have a fiscal impact on state funds appropriated by the Legislature for employee salaries and benefits. The bill will increase the amounts, in the aggregate, employers participating in the FRS must pay for retiree benefits.

Conference Committee Amendment (436356) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsections (4) and (5) of section 121.71, Florida Statutes, are amended to read:

Section 2. *The Legislature finds that a proper and legitimate state purpose is served when employees, officers, and retirees of the state and its political subdivisions, and the dependents, survivors, and beneficiaries of such employees, officers, and retirees, are extended the basic protections afforded by governmental retirement systems. These persons must be provided benefits that are fair and adequate and that are managed, administered, and funded in an actuarially sound manner as required by s. 14, Article X of the State Constitution and part VII of chapter 112, Florida Statutes. Therefore, the Legislature determines and declares that this act fulfills an important state interest.*

The Conference Committee Amendment for SB 2516, relating to Water Storage North of Lake Okeechobee, conforms statutes to the funding decisions related to Water Storage North of Lake Okeechobee in the 2021-2022 General Appropriations Act. Specifically the bill:

- Creates s. 373.4599, F.S., entitled “Water Storage North of Lake Okeechobee” and provides a definition section.
- Provides that upon the effective date of the bill, the South Florida Water Management District (SFWMD) must request that the United States Army Corp of Engineers (USACE) seek congressional approval of a project implementation report for the Lake Okeechobee Watershed Restoration Project (LOWRP) before passage of the Water Resources Development Act of 2022. Immediately following congressional approval of the LOWRP, the SFWMD is directed to execute with the USACE a project partnership agreement for the LOWRP that is consistent with the bill.
- Directs the SFWMD to expedite the development and implementation of the LOWRP aquifer storage and recovery (ASR) wells, in partnership with the USACE, and provides a schedule to complete tasks.
- Requires the SFWMD to perform any necessary scientific investigation and monitoring concurrently with the implementation of the LOWRP ASR wells. The LOWRP ASR wells must use a phased approach that confirms feasibility and site suitability, and that addresses uncertainties identified in the ASR Science Plan. The bill requires the SFWMD to expedite implementation of the ASR Science Plan.
- Requires the SFWMD to pursue, in partnership with the USACE, expeditious implementation of the Paradise Run wetland restoration project and the Kissimmee River Center wetland restoration project.
- Requires that the LOWRP implementation under the bill must comply with all applicable federal and state laws and rules. It also specifies that all projects, locations, or structures referred to in the bill’s subsection on project implementation mean those described in the LOWRP project implementation report, dated August 2020, or as subsequently amended.
- Requires, by November 1, 2021, the SFWMD to submit a report to the Legislature describing the SFWMD’s compliance with the bill, including steps taken, plans for ongoing compliance, and specified updates related to the LOWRP implementation.
- Amends s. 375.041, F.S., to include an annual appropriation of \$50 million from the Land Acquisition Trust Fund to the SFWMD for the LOWRP. The bill requires that this distribution be reduced by an amount equal to the debt service paid on Florida Forever and Everglades Restoration bonds issue after July 1, 2021.
- Provides an effective date.

A minimum of the lesser of 25 percent or \$200 million shall be appropriated annually for Everglades projects that implement the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project subject to Congressional authorization; the Long-Term Plan as defined in s. 373.4592(2); and the Northern Everglades and Estuaries Protection Program as set forth in s. 373.4595. From these funds, \$32 million shall be distributed each fiscal year through the 2023-2024 fiscal year to the South Florida Water Management District for the Long-Term Plan as defined in s. 373.4592(2). After deducting the \$32 million distributed under this subparagraph, from the funds remaining, a minimum of the lesser of 76.5 percent or \$100 million shall be appropriated each fiscal year through the 2025-2026 fiscal year for the planning, design, engineering, and construction of the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project, the Everglades Agricultural Area Storage Reservoir Project, the Lake Okeechobee Watershed Project, the C-43 West Basin Storage Reservoir Project, the Indian River Lagoon-South Project, the Western Everglades Restoration Project, and the Picayune Strand Restoration Project. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

2. A minimum of the lesser of 7.6 percent or \$50 million shall be appropriated annually for spring restoration, protection, and management projects. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

3. The sum of \$5 million shall be appropriated annually each fiscal year through the 2025-2026 fiscal year to the St. Johns River Water Management District for projects dedicated to the restoration of Lake Apopka. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth in this subparagraph.

4. The sum of \$64 million is appropriated and shall be transferred to the Everglades Trust Fund for the 2018-2019 fiscal year, and each fiscal year thereafter, for the EAA reservoir project pursuant to s. 373.4598. Any funds remaining in any fiscal year shall be made available only for Phase II of the C-51 reservoir project or projects identified in subparagraph 1. and must be used in accordance with laws relating to such projects. Any funds made available for such purposes in a fiscal year are in addition to the amount appropriated under subparagraph 1. This distribution shall be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2017, for the purposes set forth in this subparagraph.

5. *The sum of \$50 million shall be appropriated annually to the South Florida Water Management District for the Lake Okeechobee Watershed Restoration Project in accordance with s. 373.4599. This distribution must be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2021, for the purposes set forth in this subparagraph.*

6. Notwithstanding subparagraph 3., for the 2020-2021 fiscal year, funds shall be appropriated as provided in the General Appropriations Act. This subparagraph expires July 1, 2021.

Section 3. *The Division of Law Revision is directed to replace the phrase "the effective date of this act" wherever it occurs in this act with the date this act becomes a law.*

Section 4. This act shall take effect upon becoming a law.

And the title is amended as follows:

Managers on the part of the House

The Conference Committee Amendment for SB 2518, relating to Health Care, conforms statutes to the funding decisions related to Health Care in the 2021-2022 General Appropriations Act.

The bill:

- Continues the personal needs allowance of residents of State Veterans' Nursing Homes at \$130 per month.
- Reduces the collection threshold for the Medicaid nursing home lease bond alternative from \$25 million to \$10 million.
- Requires nursing homes and their home offices to annually submit to the Agency for Health Care Administration (AHCA) financial data using a uniform system of financial reporting.
- Provides definitions for the terms Florida Nursing Home Uniform Reporting System and Home Office.
- Extends Medicaid eligibility for postpartum women from 60 days to 12 months.
- Continues the policy of retroactive Medicaid eligibility for non-pregnant adults to the first day of the month in which an application for Medicaid is submitted.
- Removes the nursing home Medicaid reimbursement rate freeze established on July 1, 2011, thereby allowing for the recurring rate increase provided in Fiscal Year 2020-2021, and continues the rate freeze for County Health Department's reimbursement rates to the July 1, 2011 level.
- Requires the Letters of Agreement for the Low Income Pool program to be received by the AHCA by October 1 and the funds outlined in the Letters of Agreement to be received by October 31.
- Requires essential providers to contract with managed care plans to be eligible to receive supplemental payments, thereby making

certain that those who receive supplemental payments treat Medicaid patients.

- Updates the years of audited data used to determine disproportionate share payments to hospitals, teaching hospitals, and specialty hospitals for children.
- Redesignates the West Florida Regional Medical Center memory disorder clinic to the Medical Center Clinic in Pensacola.
- Requires the Florida Healthy Kids Corporation to validate and calculate a refund amount for Title XXI providers who achieve a Medical Loss Ratio below 85 percent and to deposit any refunds into the General Revenue Fund, unallocated.
- Provides for technical corrections to statutory cross references.
- Authorizes the AHCA, upon federal approval, to contract with an organization that meets all specified requirements to be a site for the Program of All Inclusive Care for the Elderly (PACE) program and provide comprehensive long-term care services to up to:
 - 200 enrollees who reside in Escambia, Okaloosa, and Santa Rosa Counties;
 - 100 enrollees who reside in Northwest Miami-Dade County;
 - 500 enrollees who reside in Hillsborough, Pasco, and Hernando Counties;
 - 300 enrollees who reside in Broward County;
 - 300 enrollees who reside in Baker, Clay, Duval, Nassau, and St. Johns Counties. Enrollees in Alachua and Putnam Counties are also eligible, subject to a contract amendment with the AHCA; and
 - 500 enrollees who reside in Seminole, Volusia, or Flagler Counties.
- Authorizes the consolidation of 150 enrollee slots for Orange and Osceola Counties and Lake and Sumter Counties and 150 enrollee slots for Seminole County to provide services to up to 300 enrollees who reside in Orange, Osceola, Lake, Sumter, or Seminole Counties.
- Authorizes the AHCA, upon federal approval, to contract with one public hospital operating in the northern two-thirds of Broward County to provide comprehensive services to up to 200 enrollees residing in the northern two-thirds of Broward County.

The bill takes effect on July 1, 2021.

Conference Committee Amendment (523362) (with title amendment)—Delete everything after the enacting clause and insert:

Section 1. Subsections (1) and (3) of section 296.37, Florida Statutes, are amended to read:

296.37 Residents; contribution to support.—

(1) Every resident of the home who receives a pension, compensation, or gratuity from the United States Government, or income from any other source of more than \$130 per month, shall contribute to his or her maintenance and support while a resident of the home in accordance with a schedule of payment determined by the administrator and approved by the director. The total amount of such contributions shall be to the fullest extent possible but may not exceed the actual cost of operating and maintaining the home.

~~(3) Notwithstanding subsection (1), each resident of the home who receives a pension, compensation, or gratuity from the United States Government, or income from any other source, of more than \$130 per month shall contribute to his or her maintenance and support while a resident of the home in accordance with a payment schedule determined by the administrator and approved by the director. The total amount of such contributions shall be to the fullest extent possible, but, in no case, shall exceed the actual cost of operating and maintaining the home. This subsection expires July 1, 2021.~~

Section 2. Notwithstanding the expiration date in section 51 of chapter 2020-114, Laws of Florida, paragraph (d) of subsection (2) of section 400.179, Florida Statutes, is reenacted to read:

400.179 Liability for Medicaid underpayments and overpayments.—

(2) Because any transfer of a nursing facility may expose the fact that Medicaid may have underpaid or overpaid the transferor, and because in most instances, any such underpayment or overpayment can

only be determined following a formal field audit, the liabilities for any such underpayments or overpayments shall be as follows:

(d) Where the transfer involves a facility that has been leased by the transferor:

1. The transferee shall, as a condition to being issued a license by the agency, acquire, maintain, and provide proof to the agency of a bond with a term of 30 months, renewable annually, in an amount not less than the total of 3 months' Medicaid payments to the facility computed on the basis of the preceding 12-month average Medicaid payments to the facility.

2. A leasehold licensee may meet the requirements of subparagraph 1. by payment of a nonrefundable fee, paid at initial licensure, paid at the time of any subsequent change of ownership, and paid annually thereafter, in the amount of 1 percent of the total of 3 months' Medicaid payments to the facility computed on the basis of the preceding 12-month average Medicaid payments to the facility. If a preceding 12-month average is not available, projected Medicaid payments may be used. The fee shall be deposited into the Grants and Donations Trust Fund and shall be accounted for separately as a Medicaid nursing home overpayment account. These fees shall be used at the sole discretion of the agency to repay nursing home Medicaid overpayments or for enhanced payments to nursing facilities as specified in the General Appropriations Act or other law. Payment of this fee shall not release the licensee from any liability for any Medicaid overpayments, nor shall payment bar the agency from seeking to recoup overpayments from the licensee and any other liable party. As a condition of exercising this lease bond alternative, licensees paying this fee must maintain an existing lease bond through the end of the 30-month term period of that bond. The agency is herein granted specific authority to promulgate all rules pertaining to the administration and management of this account, including withdrawals from the account, subject to federal review and approval. This provision shall take effect upon becoming law and shall apply to any leasehold license application. The financial viability of the Medicaid nursing home overpayment account shall be determined by the agency through annual review of the account balance and the amount of total outstanding, unpaid Medicaid overpayments owing from leasehold licensees to the agency as determined by final agency audits. By March 31 of each year, the agency shall assess the cumulative fees collected under this subparagraph, minus any amounts used to repay nursing home Medicaid overpayments and amounts transferred to contribute to the General Revenue Fund pursuant to s. 215.20. If the net cumulative collections, minus amounts utilized to repay nursing home Medicaid overpayments, exceed \$10 million, the provisions of this subparagraph shall not apply for the subsequent fiscal year.

3. The leasehold licensee may meet the bond requirement through other arrangements acceptable to the agency. The agency is herein granted specific authority to promulgate rules pertaining to lease bond arrangements.

4. All existing nursing facility licensees, operating the facility as a leasehold, shall acquire, maintain, and provide proof to the agency of the 30-month bond required in subparagraph 1., above, on and after July 1, 1993, for each license renewal.

5. It shall be the responsibility of all nursing facility operators, operating the facility as a leasehold, to renew the 30-month bond and to provide proof of such renewal to the agency annually.

6. Any failure of the nursing facility operator to acquire, maintain, renew annually, or provide proof to the agency shall be grounds for the agency to deny, revoke, and suspend the facility license to operate such facility and to take any further action, including, but not limited to, enjoining the facility, asserting a moratorium pursuant to part II of chapter 408, or applying for a receiver, deemed necessary to ensure compliance with this section and to safeguard and protect the health, safety, and welfare of the facility's residents. A lease agreement required as a condition of bond financing or refinancing under s. 154.213 by a health facilities authority or required under s. 159.30 by a county or municipality is not a leasehold for purposes of this paragraph and is not subject to the bond requirement of this paragraph.

Section 3. Present subsections (5) through (13) of section 408.061, Florida Statutes, are redesignated as subsections (7) through (15), re-

spectively, subsection (4) is amended, and new subsections (5) and (6) are added to that section, to read:

408.061 Data collection; uniform systems of financial reporting; information relating to physician charges; confidential information; immunity.—

(4) Within 120 days after the end of its fiscal year, each health care facility, excluding continuing care facilities; *and* hospitals operated by state agencies, ~~and nursing homes~~ as those terms are defined in s. 408.07, shall file with the agency, on forms adopted by the agency and based on the uniform system of financial reporting, its actual financial experience for that fiscal year, including expenditures, revenues, and statistical measures. Such data may be based on internal financial reports which are certified to be complete and accurate by the provider. However, hospitals' actual financial experience shall be their audited actual experience. Every nursing home shall submit to the agency, in a format designated by the agency, a statistical profile of the nursing home residents. The agency, in conjunction with the Department of Elderly Affairs and the Department of Health, shall review these statistical profiles and develop recommendations for the types of residents who might more appropriately be placed in their homes or other non-institutional settings.

(5) *Within 120 days after the end of its fiscal year, each nursing home as defined in s. 408.07 shall file with the agency, on forms adopted by the agency and based on the uniform system of financial reporting, its actual financial experience for that fiscal year, including expenditures, revenues, and statistical measures. Such data may be based on internal financial reports that are certified to be complete and accurate by the chief financial officer of the nursing home. This actual experience must include the fiscal year-end balance sheet, income statement, statement of cash flow, and statement of retained earnings and must be submitted to the agency in addition to the information filed in the uniform system of financial reporting. The financial statements must tie to the information submitted in the uniform system of financial reporting, and a crosswalk must be submitted along with the financial statements.*

(6) *Within 120 days after the end of its fiscal year, the home office of each nursing home as defined in s. 408.07 shall file with the agency, on forms adopted by the agency and based on the uniform system of financial reporting, its actual financial experience for that fiscal year, including expenditures, revenues, and statistical measures. Such data may be based on internal financial reports that are certified to be complete and accurate by the chief financial officer of the nursing home. This actual experience must include the fiscal year-end balance sheet, income statement, statement of cash flow, and statement of retained earnings and must be submitted to the agency in addition to the information filed in the uniform system of financial reporting. The financial statements must tie to the information submitted in the uniform system of financial reporting, and a crosswalk must be submitted along with the audited financial statements.*

Section 4. Present subsections (19) through (27) of section 408.07, Florida Statutes, are redesignated as subsections (20) through (28), respectively, and present subsections (28) through (44) are redesignated as subsections (30) through (46), respectively, and new subsections (19) and (29) are added to that section, to read:

408.07 Definitions.—As used in this chapter, with the exception of ss. 408.031-408.045, the term:

(19) *"FNHURS" means the Florida Nursing Home Uniform Reporting System developed by the agency.*

(29) *"Home office" has the same meaning as provided in the Provider Reimbursement Manual, Part 1 (Centers for Medicare and Medicaid Services, Pub. 15-1), as that definition exists on the effective date of this act.*

Section 5. Subsection (5) of section 409.903, Florida Statutes, is amended to read:

409.903 Mandatory payments for eligible persons.—The agency shall make payments for medical assistance and related services on behalf of the following persons who the department, or the Social Security Administration by contract with the Department of Children and Families, determines to be eligible, subject to the income, assets, and

categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(5) A pregnant woman for the duration of her pregnancy and for the postpartum period *consisting of the 12-month period beginning on the last day of her pregnancy as defined in federal law and rule*, or a child under age 1, if either is living in a family that has an income ~~that which is at or below 150 percent of the most current federal poverty level, or, effective January 1, 1992, that has an income which is at or below 185 percent of the most current federal poverty level.~~ Such a person is not subject to an assets test. Further, a pregnant woman who applies for eligibility for the Medicaid program through a qualified Medicaid provider must be offered the opportunity, subject to federal rules, to be made presumptively eligible for the Medicaid program.

Section 6. Subsection (12) of section 409.904, Florida Statutes, is amended to read:

409.904 Optional payments for eligible persons.—The agency may make payments for medical assistance and related services on behalf of the following persons who are determined to be eligible subject to the income, assets, and categorical eligibility tests set forth in federal and state law. Payment on behalf of these Medicaid eligible persons is subject to the availability of moneys and any limitations established by the General Appropriations Act or chapter 216.

(12) ~~Effective July 1, 2020,~~ The agency shall make payments to Medicaid-covered services:

(a) For eligible children and pregnant women, retroactive for a period of no more than 90 days before the month in which an application for Medicaid is submitted.

(b) For eligible nonpregnant adults, retroactive to the first day of the month in which an application for Medicaid is submitted.

~~This subsection expires July 1, 2021.~~

Section 7. Notwithstanding the expiration date in section 13 of chapter 2020-114, Laws of Florida, subsection (23) of section 409.908, Florida Statutes, is reenacted to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(23)(a) The agency shall establish rates at a level that ensures no increase in statewide expenditures resulting from a change in unit costs for county health departments effective July 1, 2011. Reimbursement rates shall be as provided in the General Appropriations Act.

(b)1. Base rate reimbursement for inpatient services under a diagnosis-related group payment methodology shall be provided in the General Appropriations Act.

2. Base rate reimbursement for outpatient services under an enhanced ambulatory payment group methodology shall be provided in the General Appropriations Act.

3. Prospective payment system reimbursement for nursing home services shall be as provided in subsection (2) and in the General Appropriations Act.

Section 8. Upon the expiration and reversion of the amendments made to section 409.908, Florida Statutes, pursuant to section 15 of chapter 2020-114, Laws of Florida, subsection (26) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(26) The agency may receive funds from state entities, including, but not limited to, the Department of Health, local governments, and other local political subdivisions, for the purpose of making special exception payments and *Low Income Pool Program payments*, including federal matching funds. Funds received for this purpose shall be separately accounted for and may not be commingled with other state or local funds in any manner. The agency may certify all local governmental funds used as state match under Title XIX of the Social Security Act to the extent and in the manner authorized under the General Appropriations Act and pursuant to an agreement between the agency and the local governmental entity. In order for the agency to certify such local governmental funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1 of each fiscal year and provide the total amount of local governmental funds authorized by the entity for that fiscal year under the General Appropriations Act. The local governmental entity shall use a certification form prescribed by the agency. At a minimum, the certification form must identify the amount being certified and describe the relationship between the certifying local governmental entity and the local health care provider. Local governmental funds outlined in the letters of agreement must be received by the agency no later than October 31 of each fiscal year in which such funds are pledged, unless an alternative plan is specifically approved by the agency. *To be eligible for low-income pool funding or other forms of supplemental payments funded by intergovernmental transfers, and in addition to any other applicable requirements, essential providers identified in s. 409.975(1)(a)2. must offer to contract with each managed care plan in their region and essential providers identified in s. 409.975(1)(b)1. and 3. must offer to contract with each managed care plan in the state. Before releasing such supplemental payments, in the event the parties have not executed network contracts, the agency shall evaluate the parties' efforts to complete negotiations. If such efforts continue to fail, the agency must withhold such supplemental payments beginning in the third quarter of the fiscal year if it determines that, based upon the totality of the circumstances, the essential provider has negotiated with the managed care plan in bad faith. If the agency determines that an essential provider has negotiated in bad faith, it must notify the essential provider at least 90 days in advance of the start of the third quarter of the fiscal year and*

afford the essential provider hearing rights in accordance with chapter 120.

Section 9. Subsections (2), (3), and (10) of section 409.911, Florida Statutes, are amended to read:

409.911 Disproportionate share program.—Subject to specific allocations established within the General Appropriations Act and any limitations established pursuant to chapter 216, the agency shall distribute, pursuant to this section, moneys to hospitals providing a disproportionate share of Medicaid or charity care services by making quarterly Medicaid payments as required. Notwithstanding the provisions of s. 409.915, counties are exempt from contributing toward the cost of this special reimbursement for hospitals serving a disproportionate share of low-income patients.

(2) The Agency for Health Care Administration shall use the following actual audited data to determine the Medicaid days and charity care to be used in calculating the disproportionate share payment:

(a) The average of the 3 most recent years of ~~2012, 2013, and 2014~~ audited disproportionate share data available for a hospital to determine each hospital's Medicaid days and charity care for each ~~the 2020-2021~~ state fiscal year.

~~(b) If the Agency for Health Care Administration does not have the prescribed 3 years of audited disproportionate share data as noted in paragraph (a) for a hospital, the agency shall use the average of the years of the audited disproportionate share data as noted in paragraph (a) which is available.~~

(c) In accordance with s. 1923(b) of the Social Security Act, a hospital with a Medicaid inpatient utilization rate greater than one standard deviation above the statewide mean or a hospital with a low-income utilization rate of 25 percent or greater shall qualify for reimbursement.

(3) Hospitals that qualify for a disproportionate share payment solely under paragraph (2)(b) ~~(2)(c)~~ shall have their payment calculated in accordance with the following formulas:

$$DSHP = (HMD/TMSD) \times \$1 \text{ million}$$

Where:

DSHP = disproportionate share hospital payment.

HMD = hospital Medicaid days.

TSD = total state Medicaid days.

Any funds not allocated to hospitals qualifying under this section shall be redistributed to the non-state government owned or operated hospitals with greater than 3,100 Medicaid days.

The business may have additional remote employees that do not work at the residential dwelling.*

(b) *Parking related to the business activities of the home-based business complies with local zoning requirements and the need for parking generated by the business may not be greater in volume than would normally be expected at a similar residence where no business is conducted. Local governments may regulate the use of vehicles or trailers operated or parked at the business or on a street right-of-way, provided that such regulations are not more stringent than those for a residence where no business is conducted. Vehicles and trailers used in connection with the business must be parked in legal parking spaces that are not located within the right-of-way, on or over a sidewalk, or on any unimproved surfaces at the residence. Any local regulations on a business with respect to noise, vibration, heat, smoke, dust, glare, fumes, or noxious odors may not be more stringent than those that apply to a residence where no business is conducted.*

(f) *All business activities comply with any relevant local, state, and federal regulations with respect to the use, storage, or disposal of any corrosive, combustible, or other hazardous or flammable materials or liquids. Any local regulations on a business with respect to the use, storage, or disposal of any corrosive, combustible, or other hazardous or flammable materials or liquids may not be more stringent than those that apply to a residence where no business is conducted.*

(4) *Any adversely affected current or prospective home-based business owner may challenge any local government action in violation of this section. The prevailing party in a challenge may recover reasonable attorney fees and costs incurred in challenging or defending the action, including reasonable appellate attorney fees and costs.*

(5) *The application of this section does not supersede:*

(a) *Any current or future declaration or declaration of condominium adopted pursuant to chapter 718, cooperative document adopted pursuant to chapter 719, or declaration or declaration of covenant adopted pursuant to chapter 720.*

The Department of Corrections may develop a comprehensive plan for the consolidation of a state operated correctional institution, as defined in section 944.02, Florida Statutes. The plan shall include specific recommendations for aligning inmate populations with capacity and must identify:

1. The institution, by facility type, capacity, and historical officer vacancy rates;
2. The institution's location and proximity to others within the geographic region;
3. The local labor pool and availability of workforce for staffing the institution;
4. Estimated costs for the continued ongoing maintenance and upkeep needs of the institution identified for consolidation; and

The comprehensive plan shall also include recommendations to redirect identified cost savings to address correctional officer salaries and shall be utilized to specifically address current correctional officer employment attrition, turnover, and vacancy rates.

In the event the Department of Corrections elects to develop a comprehensive plan for the consolidation of a state operated correctional institution, a written report of the plan must be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives no later than December 31, 2021. Contingent upon the submission of the comprehensive plan, the department may submit a budget amendment to the Joint Legislative Budget Commission requesting the realignment of positions and budget associated with any identified consolidation savings to address specific salary adjustments identified in the comprehensive plan, pursuant to the provisions of chapter 216, Florida Statutes.

From the funds in Specific Appropriations 572 through 726, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Appropriations Committee for review.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1105 through 1187, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriation 1105 through 1187, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2022.

applications that were transitioned from a server-based environment to a cloud environment as part of the Data Infrastructure Modernization initiative.

From the funds in Specific Appropriation 1939, the nonrecurring sum of \$2,500,000 from the State Transportation Trust Fund is provided to the Department of Transportation for an assessment of the Work Program Integration Initiative project. These funds shall be held in reserve. The department must competitively procure a comprehensive assessment of the project by an independent third party consulting firm with experience in conducting independent verification and validation assessments of public sector information technology projects and that has not previously contracted with the department for the project. No funding is provided for staff augmentation, third party support services, organizational change management, project management office, the current independent verification and validation contract, the purchase of new software, or the re-procurement of a systems integrator.

The assessment must include: (1) a review of all project artifacts, application development, and software purchases from the project start date in Fiscal Year 2013-2014 through June 30, 2021; (2) an assessment of the department's project governance and management structure, organizational change management approach, procurement approach, and technology resources; (3) an evaluation of the approach of using contracted services to backfill agency staff working on the project; (4) verification of the fit gap analysis and its use in determining how the proposed solution(s) aligns with the department's documented business requirements; (5) a proposed strategic roadmap that depicts a timeline and costs for each project deliverable recommended for completion by the department through the lifecycle of this project; and (6) an identification of what functional assets the state has received from project appropriations up to and including Fiscal Year 2020-2021.

Contingent upon the successful final determination of a contract price, the department is authorized to submit a budget amendment(s) to request release of the funds being held in reserve pursuant to the provisions of chapter 216, Florida Statutes. The contract with the independent third party consulting firm must require that all deliverables be simultaneously provided to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Florida Digital Service.

The vendor must submit quarterly status reports to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Florida Digital Service describing the progress made to date on the assessment as prescribed in the enumerated items above. The department shall submit the final comprehensive assessment by June 30, 2022.

WORKFORCE DEVELOPMENT			
From the funds in Specific Appropriations 2188 through 2215, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.			
When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

APPROPRIATION

The Department of Financial Services shall provide to all agencies updated and fully detailed business process models that reflect the project's current phased implementation approach, to demonstrate transparency, convey pertinent information, and assist agency preparations for transition to PALM. Upon each agency's reassessment of the updated system requirements documentation, the Executive Steering Committee shall review and approve the final Business Process Models and any resulting changes or elaboration to PALM business and technical requirements, which reflect the functionality necessary to transition Central FLAIR, Departmental FLAIR, and Payroll to PALM.

The Department of Financial Services shall integrate the project's operation and maintenance responsibilities with the existing resources within the Office of Information Systems, specifically for Help Desk and Production Support and with existing resources within the Division of Accounting and Auditing for training.

A professional staff member from the department's Office of the General Counsel shall be designated as the contract manager for the IV&V contract. Monthly reports shall include technical reviews of project deliverables submitted or accepted within the reporting period and assessments of the department's project management and governance. The contract shall require that all deliverables be simultaneously provided to the department, the Florida Digital Service, the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget. The contracted provider shall be available to provide all project related data to the Florida Digital Service in support of its project oversight responsibilities pursuant to section 282.0051, Florida Statutes.

The Department of Financial Services, by November 1, 2021, shall submit final recommendations by the Executive Steering Committee and draft legislation for any statutory changes needed to implement the FLAIR replacement system to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget.

subsections (5), (6), and (7) of section 27.40, Florida Statutes, are re-enacted to read:

27.40 Court-appointed counsel; circuit registries; minimum requirements; appointment by court.—

(1) Counsel shall be appointed to represent any individual in a criminal or civil proceeding entitled to court-appointed counsel under the Federal or State Constitution or as authorized by general law. The court shall appoint a public defender to represent indigent persons as authorized in s. 27.51. The office of criminal conflict and civil regional counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel, but only after the public defender has certified to the court in writing that the public defender is unable to provide representation due to a conflict of interest or is not authorized to provide representation. The public defender shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the public defender shall submit this information to the Justice Administrative Commission.

(2)(a) Private counsel shall be appointed to represent persons in those cases in which provision is made for court-appointed counsel but only after the office of criminal conflict and civil regional counsel has been appointed and has certified to the court in writing that the criminal conflict and civil regional counsel is unable to provide representation due to a conflict of interest. The criminal conflict and civil regional counsel shall report, in the aggregate, the specific basis of all conflicts of interest certified to the court. On a quarterly basis, the criminal conflict and civil regional counsel shall submit this information to the Justice Administrative Commission.

(3) In using a registry:

(a) The chief judge of the circuit shall compile a list of attorneys in private practice, by county and by category of cases, and provide the list to the clerk of court in each county. The chief judge of the circuit may restrict the number of attorneys on the general registry list. To be included on a registry, an attorney must certify that he or she:

1. Meets any minimum requirements established by the chief judge and by general law for court appointment;

2. Is available to represent indigent defendants in cases requiring court appointment of private counsel; and

3. Is willing to abide by the terms of the contract for services, s. 27.5304, and this section.

To be included on a registry, an attorney must enter into a contract for services with the Justice Administrative Commission. Failure to comply with the terms of the contract for services may result in termination of the contract and removal from the registry. Each attorney on the registry is responsible for notifying the clerk of the court and the Justice Administrative Commission of any change in his or her status. Failure to comply with this requirement is cause for termination of the contract for services and removal from the registry until the requirement is fulfilled.

(5) The Justice Administrative Commission shall approve uniform contract forms for use in procuring the services of private court-appointed counsel and uniform procedures and forms for use by a court-appointed attorney in support of billing for attorney's fees, costs, and related expenses to demonstrate the attorney's completion of specified duties. Such uniform contracts and forms for use in billing must be consistent with s. 27.5304, s. 216.311, and the General Appropriations Act and must contain the following statement: "The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature."

(6) After court appointment, the attorney must immediately file a notice of appearance with the court indicating acceptance of the appointment to represent the defendant and of the terms of the uniform contract as specified in subsection (5).

(7)(a) A private attorney appointed by the court from the registry to represent a client is entitled to payment as provided in s. 27.5304 so long as the requirements of subsection (1) and paragraph (2)(a) are met. An attorney appointed by the court who is not on the registry list may be compensated under s. 27.5304 only if the court finds in the order of

appointment that there were no registry attorneys available for representation for that case and only if the requirements of subsection (1) and paragraph (2)(a) are met.

(b)1. The flat fee established in s. 27.5304 and the General Appropriations Act shall be presumed by the court to be sufficient compensation. The attorney shall maintain appropriate documentation, including contemporaneous and detailed hourly accounting of time spent representing the client. If the attorney fails to maintain such contemporaneous and detailed hourly records, the attorney waives the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act. These records and documents are subject to review by the Justice Administrative Commission and audit by the Auditor General, subject to the attorney-client privilege and work-product privilege. The attorney shall maintain the records and documents in a manner that enables the attorney to redact any information subject to a privilege in order to facilitate the commission's review of the records and documents and not to impede such review. The attorney may redact information from the records and documents only to the extent necessary to comply with the privilege. The Justice Administrative Commission shall review such records and shall contemporaneously document such review before authorizing payment to an attorney. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

2. If an attorney fails, refuses, or declines to permit the commission or the Auditor General to review documentation for a case as provided in this paragraph, the attorney waives the right to seek, and the commission may not pay, compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act for that case.

3. A finding by the commission that an attorney has waived the right to seek compensation in excess of the flat fee established in s. 27.5304 and the General Appropriations Act, as provided in this paragraph, shall be presumed to be correct, unless the court determines, in writing, that competent and substantial evidence exists to justify overcoming the presumption.

Section 29. *The amendments to s. 27.40(1), (2)(a), (3)(a), (5), (6), and (7), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expire July 1, 2022, and the text of those subsections and paragraphs, as applicable, shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 30. In order to implement Specific Appropriations 736 through 757, 905 through 1048, and 1069 through 1104 of the 2021-2022 General Appropriations Act, and notwithstanding the expiration date in section 59 of chapter 2020-114, Laws of Florida, subsection (13) of section 27.5304, Florida Statutes, is amended, and subsections (1), (3), (7), and (11), and paragraphs (a) through (e) of subsection (12) of that section are reenacted, to read:

27.5304 Private court-appointed counsel; compensation; notice.—

(1) Private court-appointed counsel appointed in the manner prescribed in s. 27.40(1) and (2)(a) shall be compensated by the Justice Administrative Commission only as provided in this section and the General Appropriations Act. The flat fees prescribed in this section are limitations on compensation. The specific flat fee amounts for compensation shall be established annually in the General Appropriations Act. The attorney also shall be reimbursed for reasonable and necessary expenses in accordance with s. 29.007. If the attorney is representing a defendant charged with more than one offense in the same case, the attorney shall be compensated at the rate provided for the most serious offense for which he or she represented the defendant. This section does not allow stacking of the fee limits established by this section.

(3) The court retains primary authority and responsibility for determining the reasonableness of all billings for attorney fees, costs, and related expenses, subject to statutory limitations and the requirements of s. 27.40(7). Private court-appointed counsel is entitled to compensation upon final disposition of a case.

(7) Counsel eligible to receive compensation from the state for representation pursuant to court appointment made in accordance with the requirements of s. 27.40(1) and (2)(a) in a proceeding under chapter 384, chapter 390, chapter 392, chapter 393, chapter 394, chapter 397, chapter 415, chapter 743, chapter 744, or chapter 984 shall receive compensation not to exceed the limits prescribed in the General Appropriations Act. Any such compensation must be determined as provided in s. 27.40(7).

(11) It is the intent of the Legislature that the flat fees prescribed under this section and the General Appropriations Act comprise the full and complete compensation for private court-appointed counsel. It is further the intent of the Legislature that the fees in this section are prescribed for the purpose of providing counsel with notice of the limit on the amount of compensation for representation in particular proceedings and the sole procedure and requirements for obtaining payment for the same.

(a) If court-appointed counsel moves to withdraw prior to the full performance of his or her duties through the completion of the case, the court shall presume that the attorney is not entitled to the payment of the full flat fee established under this section and the General Appropriations Act.

(b) If court-appointed counsel is allowed to withdraw from representation prior to the full performance of his or her duties through the completion of the case and the court appoints a subsequent attorney, the total compensation for the initial and any and all subsequent attorneys may not exceed the flat fee established under this section and the General Appropriations Act, except as provided in subsection (12).

This subsection constitutes notice to any subsequently appointed attorney that he or she will not be compensated the full flat fee.

(12) The Legislature recognizes that on rare occasions an attorney may receive a case that requires extraordinary and unusual effort.

(a) If counsel seeks compensation that exceeds the limits prescribed by law, he or she must file a motion with the chief judge for an order approving payment of attorney fees in excess of these limits.

1. Before filing the motion, the counsel shall deliver a copy of the intended billing, together with supporting affidavits and all other necessary documentation, to the Justice Administrative Commission.

2. The Justice Administrative Commission shall review the billings, affidavit, and documentation for completeness and compliance with contractual and statutory requirements and shall contemporaneously document such review before authorizing payment to an attorney. If the Justice Administrative Commission objects to any portion of the proposed billing, the objection and supporting reasons must be communicated in writing to the private court-appointed counsel. The counsel may thereafter file his or her motion, which must specify whether the commission objects to any portion of the billing or the sufficiency of documentation, and shall attach the commission's letter stating its objection.

(b) Following receipt of the motion to exceed the fee limits, the chief judge or a single designee shall hold an evidentiary hearing. The chief judge may select only one judge per circuit to hear and determine motions pursuant to this subsection, except multicounty circuits and the eleventh circuit may have up to two designees.

1. At the hearing, the attorney seeking compensation must prove by competent and substantial evidence that the case required extraordinary and unusual efforts. The chief judge or single designee shall consider criteria such as the number of witnesses, the complexity of the factual and legal issues, and the length of trial. The fact that a trial was conducted in a case does not, by itself, constitute competent substantial evidence of an extraordinary and unusual effort. In a criminal case, relief under this section may not be granted if the number of work hours does not exceed 75 or the number of the state's witnesses deposed does not exceed 20.

2. Objections by or on behalf of the Justice Administrative Commission to records or documents or to claims for payment by the attorney shall be presumed correct by the court unless the court determines, in writing, that competent and substantial evidence exists to

justify overcoming the presumption. The chief judge or single designee shall enter a written order detailing his or her findings and identifying the extraordinary nature of the time and efforts of the attorney in the case which warrant exceeding the flat fee established by this section and the General Appropriations Act.

(c) A copy of the motion and attachments shall be served on the Justice Administrative Commission at least 20 business days before the date of a hearing. The Justice Administrative Commission has standing to appear before the court, and may appear in person or telephonically, including at the hearing under paragraph (b), to contest any motion for an order approving payment of attorney fees, costs, or related expenses and may participate in a hearing on the motion by use of telephonic or other communication equipment. The Justice Administrative Commission may contract with other public or private entities or individuals to appear before the court for the purpose of contesting any motion for an order approving payment of attorney fees, costs, or related expenses. The fact that the Justice Administrative Commission has not objected to any portion of the billing or to the sufficiency of the documentation is not binding on the court.

(d) If the chief judge or a single designee finds that counsel has proved by competent and substantial evidence that the case required extraordinary and unusual efforts, the chief judge or single designee shall order the compensation to be paid to the attorney at a percentage above the flat fee rate, depending on the extent of the unusual and extraordinary effort required. The percentage must be only the rate necessary to ensure that the fees paid are not confiscatory under common law. The percentage may not exceed 200 percent of the established flat fee, absent a specific finding that 200 percent of the flat fee in the case would be confiscatory. If the chief judge or single designee determines that 200 percent of the flat fee would be confiscatory, he or she shall order the amount of compensation using an hourly rate not to exceed \$75 per hour for a noncapital case and \$100 per hour for a capital case. However, the compensation calculated by using the hourly rate shall be only that amount necessary to ensure that the total fees paid are not confiscatory, subject to the requirements of s. 27.40(7).

(e) Any order granting relief under this subsection must be attached to the final request for a payment submitted to the Justice Administrative Commission and must satisfy the requirements of subparagraph (b)2.

(13) Notwithstanding the limitation set forth in subsection (5) and for the 2021-2022 ~~2020-2021~~ fiscal year only, the compensation for representation in a criminal proceeding may not exceed the following:

- (a) For misdemeanors and juveniles represented at the trial level: \$1,000.
- (b) For noncapital, nonlife felonies represented at the trial level: \$15,000.
- (c) For life felonies represented at the trial level: \$15,000.
- (d) For capital cases represented at the trial level: \$25,000. For purposes of this paragraph, a "capital case" is any offense for which the potential sentence is death and the state has not waived seeking the death penalty.
- (e) For representation on appeal: \$9,000.
- (f) This subsection expires July 1, 2022 ~~2021~~.

Section 31. *The amendments to s. 27.5304(1), (3), (7), (11), and (12)(a)-(e), Florida Statutes, as carried forward from chapter 2019-116, Laws of Florida, by this act, expire July 1, 2022, and the text of those subsections and paragraphs, as applicable, shall revert to that in existence on June 30, 2019, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 32. In order to implement Specific Appropriations 1105 through 1187A of the 2021-2022 General Appropriations Act, and notwithstanding the expiration date in section 65 of chapter 2020-114, Laws of Florida, subsections (2) and (3) of section 20.316, Florida Statutes, are reenacted to read:

20.316 Department of Juvenile Justice.—There is created a Department of Juvenile Justice.

(2) DEPARTMENT PROGRAMS.—The following programs are established within the Department of Juvenile Justice:

- (a) Accountability and Program Support.
- (b) Administration.
- (c) Intake and Detention.
- (d) Prevention.
- (e) Probation and Community Corrections.
- (f) Residential and Correctional Facilities.

The secretary may establish assistant secretary positions and a chief of staff position as necessary to administer the requirements of this section.

(3) JUVENILE JUSTICE OPERATING CIRCUITS.—The department shall plan and administer its programs through a substate structure that conforms to the boundaries of the judicial circuits prescribed in s. 26.021. A county may seek placement in a juvenile justice operating circuit other than as prescribed in s. 26.021 for participation in the Prevention Program and the Probation and Community Corrections Program by making a request of the chief circuit judge in each judicial circuit affected by such request. Upon a showing that geographic proximity, community identity, or other legitimate concern for efficiency of operations merits alternative placement, each affected chief circuit judge may authorize the execution of an interagency agreement specifying the alternative juvenile justice operating circuit in which the county is to be placed and the basis for the alternative placement. Upon the execution of said interagency agreement by each affected chief circuit judge, the secretary may administratively place a county in an alternative juvenile justice operating circuit pursuant to the agreement.

Section 33. *The amendments to s. 20.316(2) and (3), Florida Statutes, as carried forward from chapter 2020-114, Laws of Florida, by this act, expire July 1, 2022, and the text of those subsections shall revert to that in existence on June 30, 2020, except that any amendments to such text enacted other than this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text which expire pursuant to this section.*

Section 34. *In order to implement appropriations used to pay existing lease contracts for private lease space in excess of 2,000 square feet in the 2021-2022 General Appropriations Act, the Department of Management Services, with the cooperation of the agencies having the existing lease contracts for office or storage space, shall use tenant broker services to renegotiate or reprocure all private lease agreements for office or storage space expiring between July 1, 2022, and June 30, 2024, in order to reduce costs in future years. The department shall incorporate this initiative into its 2021 master leasing report required under s. 255.249(7), Florida Statutes, and may use tenant broker services to explore the possibilities of collocating office or storage space, to review the space needs of each agency, and to review the length and terms of potential renewals or renegotiations. The department shall provide a report to the Executive Office of the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2021, which lists each lease contract for private office or storage space, the status of renegotiations, and the savings achieved. This section expires July 1, 2022.*

Section 35. *In order to implement appropriations authorized in the 2021-2022 General Appropriations Act for data center services, and notwithstanding s. 216.292(2)(a), Florida Statutes, an agency may not transfer funds from a data processing category to a category other than another data processing category. This section expires July 1, 2022.*

Section 36. *In order to implement the appropriation of funds in the appropriation category "Data Processing Assessment-Department of Management Services" in the 2021-2022 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted based on the estimated*

billing cycle and methodology used for data processing services provided to agencies in fiscal year 2020-2021. This section expires July 1, 2022.

This section expires July 1, 2022.*

Section 38. *In order to implement the appropriation of funds in the appropriation category "Special Categories-Transfer to Department of Management Services-Human Resources Services Purchased per State-wide Contract" in the 2021-2022 General Appropriations Act, and pursuant to the notice, review, and objection procedures of s. 216.177, Florida Statutes, the Executive Office of the Governor may transfer funds appropriated in that category between departments in order to align the budget authority granted with the assessments that must be paid by each agency to the Department of Management Services for human resource management services. This section expires July 1, 2022.*

Section 39. In order to implement Specific Appropriations 2343 through 2346 of the 2021-2022 General Appropriations Act, subsections (1) through (5) of section 72 of chapter 2020-114, Laws of Florida, are reenacted and amended to read:

Section 40. In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission, which are contained in the 2021-2022 General Appropriations Act, subsection (3) of section 215.18, Florida Statutes, is amended to read:

215.18 Transfers between funds; limitation.—

(3) Notwithstanding subsection (1) and only with respect to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department

of State, or the Fish and Wildlife Conservation Commission, whenever there is a deficiency in a land acquisition trust fund which would render that trust fund temporarily insufficient to meet its just requirements, including the timely payment of appropriations from that trust fund, and other trust funds in the State Treasury have moneys that are for the time being or otherwise in excess of the amounts necessary to meet the just requirements, including appropriated obligations, of those other trust funds, the Governor may order a temporary transfer of moneys from one or more of the other trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission. Any action proposed pursuant to this subsection is subject to the notice, review, and objection procedures of s. 216.177, and the Governor shall provide notice of such action at least 7 days before the effective date of the transfer of trust funds, except that during July 2021 ~~2020~~, notice of such action shall be provided at least 3 days before the effective date of a transfer unless such 3-day notice is waived by the chair and vice-chair of the Legislative Budget Commission. Any transfer of trust funds to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission must be repaid to the trust funds from which the moneys were loaned by the end of the 2021-2022 ~~2020-2021~~ fiscal year. The Legislature has determined that the repayment of the other trust fund moneys temporarily loaned to a land acquisition trust fund in the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, or the Fish and Wildlife Conservation Commission pursuant to this subsection is an allowable use of the moneys in a land acquisition trust fund because the moneys from other trust funds temporarily loaned to a land acquisition trust fund shall be expended solely and exclusively in accordance with s. 28, Art. X of the State Constitution. This subsection expires July 1, 2022 ~~2021~~.

Section 41. (1) *In order to implement specific appropriations from the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of Environmental Protection, the Department of State, and the Fish and Wildlife Conservation Commission, which are contained in the 2021-2022 General Appropriations Act, the Department of Environmental Protection shall transfer revenues from the Land Acquisition Trust Fund within the department to the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission, as provided in this section. As used in this section, the term "department" means the Department of Environmental Protection.*

(2) *After subtracting any required debt service payments, the proportionate share of revenues to be transferred to each land acquisition trust fund shall be calculated by dividing the appropriations from each of the land acquisition trust funds for the fiscal year by the total appropriations from the Land Acquisition Trust Fund within the department and the land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission for the fiscal year. The department shall transfer the proportionate share of the revenues in the Land Acquisition Trust Fund within the department on a monthly basis to the appropriate land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission and shall retain its proportionate share of the revenues in the Land Acquisition Trust Fund within the department. Total distributions to a land acquisition trust fund within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission may not exceed the total appropriations from such trust fund for the fiscal year.*

(3) *In addition, the department shall transfer from the Land Acquisition Trust Fund to land acquisition trust funds within the Department of Agriculture and Consumer Services, the Department of State, and the Fish and Wildlife Conservation Commission amounts equal to the difference between the amounts appropriated in chapter 2020-111, Laws of Florida, to the department's Land Acquisition Trust Fund and the other land acquisition trust funds, and the amounts actually transferred between those trust funds during the 2020-2021 fiscal year.*

(4) *The department may advance funds from the beginning unobligated fund balance in the Land Acquisition Trust Fund to the Land Acquisition Trust Fund within the Fish and Wildlife Conservation Commission needed for cash flow purposes based on a detailed expenditure plan. The department shall prorate amounts transferred quarterly to the Fish and Wildlife Conservation Commission to recoup the amount of funds advanced by June 30, 2022.*

(5) *This section expires July 1, 2022.*

Section 42. In order to implement appropriations from the Land Acquisition Trust Fund within the Department of Environmental Protection in the 2021-2022 General Appropriations Act, paragraph (b) of subsection (3) of section 375.041, Florida Statutes, is amended to read:

375.041 Land Acquisition Trust Fund.—

(3) Funds distributed into the Land Acquisition Trust Fund pursuant to s. 201.15 shall be applied:

(b) Of the funds remaining after the payments required under paragraph (a), but before funds may be appropriated, pledged, or dedicated for other uses:

1. A minimum of the lesser of 25 percent or \$200 million shall be appropriated annually for Everglades projects that implement the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project subject to Congressional authorization; the Long-Term Plan as defined in s. 373.4592(2); and the Northern Everglades and Estuaries Protection Program as set forth in s. 373.4595. From these funds, \$32 million shall be distributed each fiscal year through the 2023-2024 fiscal year to the South Florida Water Management District for the Long-Term Plan as defined in s. 373.4592(2). After deducting the \$32 million distributed under this subparagraph, from the funds remaining, a minimum of the lesser of 76.5 percent or \$100 million shall be appropriated each fiscal year through the 2025-2026 fiscal year for the planning, design, engineering, and construction of the Comprehensive Everglades Restoration Plan as set forth in s. 373.470, including the Central Everglades Planning Project, the Everglades Agricultural Area Storage Reservoir Project, the Lake Okeechobee Watershed Project, the C-43 West Basin Storage Reservoir Project, the Indian River Lagoon-South Project, the Western Everglades Restoration Project, and the Picayune Strand Restoration Project. The Department of Environmental Protection and the South Florida Water Management District shall give preference to those Everglades restoration projects that reduce harmful discharges of water from Lake Okeechobee to the St. Lucie or Caloosahatchee estuaries in a timely manner. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). The amount of the distribution calculated shall then be reduced by an amount equal to the debt service paid pursuant to paragraph (a) on bonds issued after July 1, 2016, for the purposes set forth under this subparagraph.

2. A minimum of the lesser of 7.6 percent or \$50 million shall be appropriated annually for spring restoration, protection, and management projects. For the purpose of performing the calculation provided in this subparagraph, the amount of debt service paid pursuant to paragraph (a) for bonds issued after July 1, 2016, for the purposes set forth under paragraph (b) shall be added to the amount remaining after the payments required under paragraph (a). However, a school district may not enroll more virtual full-time equivalent students residing outside of the school district than the total number of reported full-time equivalent students residing inside the school district. At the end of each fiscal year, but no later than September 1, report to the department an itemized list of the technological tools purchased with these funds.~~

(7) VIRTUAL INSTRUCTION PROGRAM AND VIRTUAL CHARTER SCHOOL FUNDING.—

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(f) Supplemental academic instruction allocation.—

1. There is created the supplemental academic instruction allocation to provide supplemental academic instruction to students in kindergarten through grade 12.

2. The supplemental academic instruction allocation shall be provided annually in the Florida Education Finance Program as specified in the General Appropriations Act. These funds are in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. Beginning with the 2018-2019 fiscal year, each school district that has a school earning a grade of “D” or “F” pursuant to s. 1008.34 must use that school’s portion of the supplemental academic instruction allocation to implement intervention and support strategies for school improvement pursuant to s. 1008.33 and for salary incentives pursuant to s. 1012.2315(3) or salary supplements pursuant to s. 1012.22(1)(c)5.c. that are provided through a memorandum of understanding between the collective bargaining agent and the school board that addresses the selection, placement, and expectations of instructional personnel and school administrators. ~~Each school district that has one or more of the 300 lowest performing elementary schools based on a 3-year average of the state reading assessment data must use that school’s portion of the allocation to provide an additional hour per day of intensive reading for the students in the school. The additional hour may be provided within the school day. Students enrolled in these schools who earned a level 4 or level 5 score on the statewide, standardized English Language Arts assessment for the~~

~~previous school year may participate in the extra hour of instruction.~~ For all other schools, the school district’s use of the supplemental academic instruction allocation may include, but is not limited to, the use of a modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, a reduction in class size, extended school year, intensive skills development in summer school, dropout prevention programs as defined in ss. 1003.52 and 1003.53(1)(a), (b), and (c), and other methods of improving student achievement. Supplemental academic instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.

3. The supplemental academic instruction allocation shall consist of a base amount that has a workload adjustment based on changes in unweighted FTE. The supplemental academic instruction allocation shall be recalculated during the fiscal year. Upon recalculation of funding for the supplemental academic instruction allocation, if the total allocation is greater than the amount provided in the General Appropriations Act, the allocation shall be prorated to the level provided to support the appropriation, based on each district’s share of the total.

4. Funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in education programs for juveniles placed in secure facilities or programs under s. 985.19. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction allocation and other state, federal, and local fund sources with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.

(4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:

(a) Estimated taxable value calculations.—

1.a. Not later than 2 working days before July 19, the Department of Revenue shall certify to the Commissioner of Education its most recent estimate of the taxable value for school purposes in each school district and the total for all school districts in the state for the current calendar year based on the latest available data obtained from the local property appraisers. The value certified shall be the taxable value for school purposes for that year, and no further adjustments shall be made, except those made pursuant to paragraphs (c) and (d), or an assessment roll change required by final judicial decisions as specified in paragraph (17)(b) ~~(19)(b)~~. Not later than July 19, the Commissioner of Education shall compute a millage rate, rounded to the next highest one one-thousandth of a mill, which, when applied to 96 percent of the estimated state total taxable value for school purposes, would generate the prescribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.

b. The General Appropriations Act shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district’s revenue from required local effort millage will produce more than 90 percent of the district’s total Florida Education Finance Program calculation as calculated and adopted by the Legislature, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.

2. On the same date as the certification in sub-subparagraph 1.a., the Department of Revenue shall certify to the Commissioner of Education for each district:

a. Each year for which the property appraiser has certified the taxable value pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a.

b. For each year identified in sub-subparagraph a., the taxable value certified by the appraiser pursuant to s. 193.122(2) or (3), if applicable, since the prior certification under sub-subparagraph 1.a. This is the certification that reflects all final administrative actions of the value adjustment board.

(6) CATEGORICAL FUNDS.—

(b) If a district school board finds and declares in a resolution adopted at a regular meeting of the school board that the funds received for any of the following categorical appropriations are urgently needed to maintain school board specified academic classroom instruction or improve school safety, the school board may consider and approve an amendment to the school district operating budget transferring the identified amount of the categorical funds to the appropriate account for expenditure:

1. Funds for student transportation.
2. Funds for research-based reading instruction if the required additional hour of instruction beyond the normal school day for each day of the entire school year has been provided for the students in each low-performing elementary school in the district pursuant to paragraph (8)(a) ~~(9)(a)~~.
3. Funds for instructional materials if all instructional material purchases necessary to provide updated materials that are aligned with applicable state standards and course descriptions and that meet statutory requirements of content and learning have been completed for that fiscal year, but no sooner than March 1. Funds available after March 1 may be used to purchase hardware for student instruction.
4. Funds for the guaranteed allocation as provided in subparagraph (1)(e)2.
5. Funds for the supplemental academic instruction allocation as provided in paragraph (1)(f).
6. Funds for the Florida digital classrooms allocation as provided in subsection (10) ~~(12)~~.
7. Funds for the federally connected student supplement as provided in subsection (11) ~~(13)~~.
8. Funds for class size reduction as provided in s. 1011.685.

(d) If a district school board transfers funds from its research-based reading instruction allocation, the board must also submit to the Department of Education an amendment describing the changes that the district is making to its reading plan approved pursuant to paragraph (8)(d) ~~(9)(d)~~.

~~(8) DECLINE IN FULL-TIME EQUIVALENT STUDENTS.—~~

~~(a) In those districts where there is a decline between prior year and current year unweighted FTE students, a percentage of the decline in the unweighted FTE students as determined by the Legislature shall be multiplied by the prior year calculated FTEP per unweighted FTE student and shall be added to the allocation for that district. For this purpose, the calculated FTEP shall be computed by multiplying the weighted FTE students by the base student allocation and then by the district cost differential. If a district transfers a program to another institution not under the authority of the district's school board, including a charter technical career center, the decline is to be multiplied by a factor of 0.15. However, if the funds provided for the Florida Education Finance Program in the General Appropriations Act for any fiscal year are reduced by a subsequent appropriation for that fiscal year, the percent of the decline in the unweighted FTE students to be funded shall be determined by the Legislature and designated in the subsequent appropriation.~~

~~(b) The allocation authorized in paragraph (a) is suspended for the 2020-2021 fiscal year and does not apply during such fiscal year. This paragraph expires July 1, 2021.~~

~~(11) VIRTUAL EDUCATION CONTRIBUTION.—The Legislature may annually provide in the Florida Education Finance Program a virtual education contribution. The amount of the virtual education contribution shall be the difference between the amount per FTE established in the General Appropriations Act for virtual education and the amount per FTE for each district and the Florida Virtual School, which may be calculated by taking the sum of the base FTEP allocation, the discretionary local effort, the state funded discretionary contribution, the discretionary millage compression supplement, the research-based reading instruction allocation, the teacher salary increase allocation, and the instructional materials allocation, and then dividing by the total unweighted FTE. This difference shall be multiplied by the virtual education unweighted FTE for programs and options identified in s. 1002.455 and the Florida Virtual School and its franchises to equal the virtual education contribution and shall be included as a separate allocation in the funding formula.~~

~~(12)~~(14) QUALITY ASSURANCE GUARANTEE.—The Legislature may annually in the General Appropriations Act determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to each school district. The guarantee shall be calculated from prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (17) ~~(19)~~, quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE dollars as provided in subsection (17) ~~(19)~~ and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district's allocation. This provision shall be implemented to the extent specifically funded.

Section 4. Paragraph (c) of subsection (1) of section 1012.22, Florida Statutes, is amended to read:

4. Grandfathered salary schedule.—

a. The district school board shall adopt a salary schedule or salary schedules to be used as the basis for paying all school employees hired before July 1, 2014. Instructional personnel on annual contract as of July 1, 2014, shall be placed on the performance salary schedule adopted under subparagraph 5. Instructional personnel on continuing contract or professional service contract may opt into the performance salary schedule if the employee relinquishes such contract and agrees to be employed on an annual contract under s. 1012.335. (III) ~~The performance~~ A performance salary schedule shall not provide an annual salary adjustment for an employee who receives a rating other than highly effective or effective for the year.

c. Salary supplements.—In addition to the salary adjustments, each district school board shall provide for salary supplements for activities that must include, but are not limited to:

(I) Assignment to a Title I eligible school.

(II) Assignment to a school that earned a grade of "F" or three consecutive grades of "D" pursuant to s. 1008.34 such that the supplement remains in force for at least 1 year following improved performance in that school.

PRAYER

The following prayer was offered by The Reverend Abigail Moon, St. John’s Episcopal Church, Tallahassee:

O Lord, our governor, bless the leaders of our land that we may be a people at peace among ourselves and a blessing to other nations of the Earth. To Senators and those who make our laws in states, give courage, wisdom, and foresight to provide for the needs of all our people and to fulfill our obligations in the community of nations.

Teach our people to rely on your strength, to accept their responsibilities to their fellow citizens, and to make wise decisions for the well-being of our society—that we may serve you faithfully in our generation and honor your holy name. Give us the strength to live as your children and be makers of peace and unity. Grant that all peoples might put aside their differences and seek the unity of your kingdom. We pray this prayer to you. Amen.

Senator Garcia led the Senate in the Pledge of Allegiance to the flag of the United States of America.

PRAYER

The following prayer was offered by Reverend Gary Austin, Faith Fellowship Church, Crawfordville:

Our heavenly Father, thank you for the many blessings you give to us every day. Thank you for your love you've given to us as well. Help us to demonstrate that love to our family, friends, and colleagues by our actions and our language. Just as I am praying a prayer of intercession at this moment, so ought we to pray for others in like fashion, lifting one another up in times of joy and in sadness.

Today, I ask for a special blessing for our Senate President, leaders, and Senators who have assembled to discuss, debate, and make decisions as representatives of the people of Florida during this special session. Give each one clarity of thought as they work toward the final outcome of this piece of legislation. Help us to be mindful of our responsibility and accountability to one another as we navigate each day that you give to us.

Jude 1:24-25, "Now to him who is able to keep you from stumbling, and to present you faultless before the presence of his glory with exceeding joy, to God our Savior, who alone is wise, be glory and majesty, dominion and power, both now and forever. Amen."

PLEDGE

Senator Gibson led the Senate in the Pledge of Allegiance to the flag of the United States of America.
