4. Project/Program Description

The City of Miramar has more than 4 major state highways that connect throughout the City (U.S 27, I-75, Florida Turnpike and State Road 7). In connection with Florida Department of Transportation this project provide a safe transportation system that ensures the mobility of people. The funds is to harden and convert the existing city-owned streetlights to LED streetlights while providing safer, longer-lasting and low maintenance along major corridors that connect to the state highway system. Safety is a critical element when it comes to roadway use. One of the factors of improving the safety on a road is by illumination of street lights. The LED street light will not only improve the illumination on the road, it will also reduce energy consumption.
